

Connecting to the Staff Wireless Network

Laptop computers:

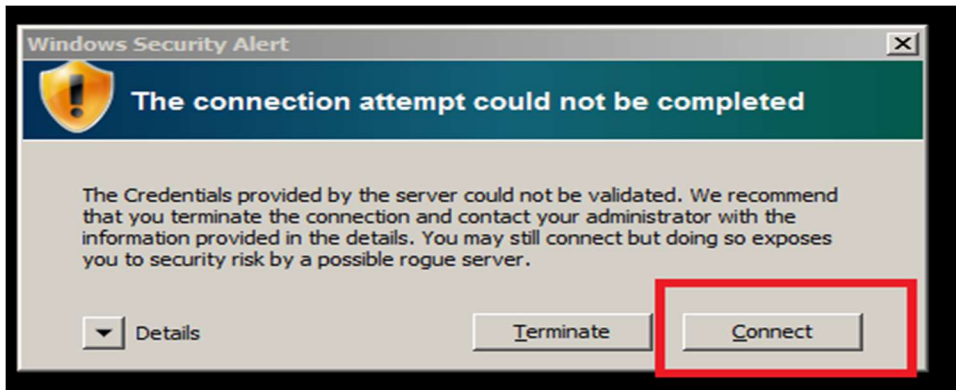

After logging into your computer you want to click the wireless connection icon near the clock and select the Staff network.

After doing so you will be prompted for your network login credentials. The login format is:
phoenix\first.last
Your password.

After logging in you will be asked if you want to connect or terminate. Select connect:

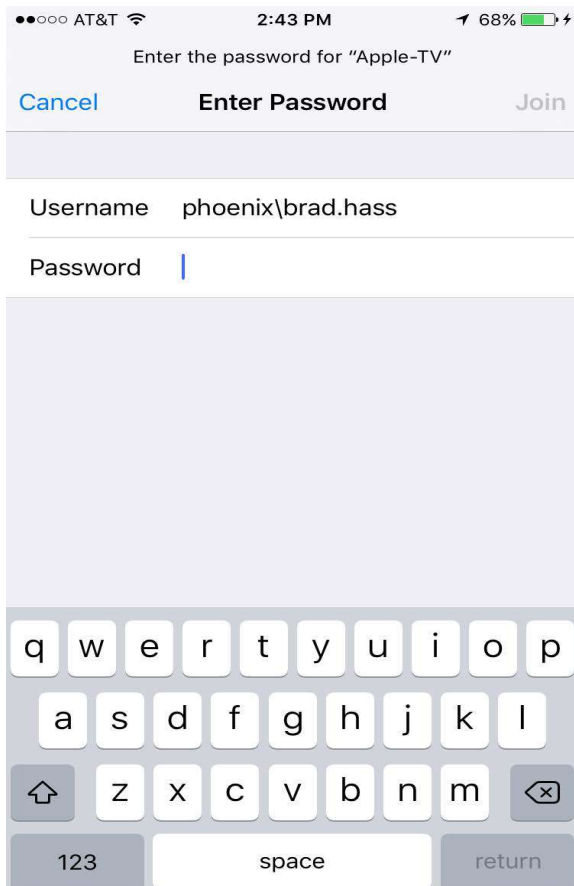

You are now connected to the Staff wireless network.

Smart phones or tablets (example done on iphone)

Select the staff network in the wireless connection options. You will then be prompted for your network credentials. Format:

Phoenix\first.last

your password

After entering your credentials you will be prompted to accept the certificate.

Select Trust. Once you have done so you will be automatically connected to the Staff wireless network.
