School Goals

Fowler's mission is to develop well-rounded students who take responsibility for their education and are academically prepared for high school. We believe building positive relationships with our students is the foundation for academic success. We are dedicated to fostering an inclusive learning community that values all voices and celebrates kindness and equitable outcomes for all students. Our instructional focus is based on common formative assessment and using data to create individualized plans for every student.

State Goals

The Oregon Department of Education is partnering with school districts and local communities to ensure a 90% on-time, four year graduation rate by 2027. To progress toward this goal, the state will prioritize efforts to improve attendance, provide a well-rounded education, invest in implementing culturally responsive practices, and promote continuous improvement to close opportunity and achievement gaps for historically and currently underserved students.

Safe & Welcoming Environment

TTSD continuously evaluates and responds to the needs of our ever-changing world and specifically our student population. We hold an uncompromised commitment to the safety and well-being of our students and staff, and maintaining a safe, inclusive, respectful, and rigorous learning environment. Our goal is for all students to feel physically and emotionally safe and respected. We are led by Board policies dedicated to protecting all students, staff, and families from discrimination, bias, hate, and harassment.

TTSD creates collaborative, culturally responsive relationships with all families. Communication is delivered in a variety of ways to ensure parents are informed and engaged in their students' learning and school environment. We welcome parent volunteers in our classrooms and school. Dedicated staff work with our families to serve the needs of each of our students. All major decisions that impact our students are made in partnership with our students and families.

COMMUNITY ENGAGEMENT

The TTSD community has a long and proven history of support for education and their schools. We work every day to steward that support by preparing our students for success in school and life. Our district strives to provide world-class experiences exposing our students to innovative learning in state-of-the-art buildings delivered by best-in-class teachers. We recognize that we can only do this work in partnership with our community.
