### School Goals

Tigard High School is focused on establishing a culture of care and belonging within our school communities serving as the foundation for rigorous and meaningful teaching and learning. Student discourse, agency, and collaborative discussions are used to deepen critical thinking, collaboration, and communication skills. We have systems in place to ensure students are on track with credit attainment. All students receive mentorship to support the development and implementation of their high school and beyond plans.

### State Goals

The Oregon Department of Education is partnering with school districts and local communities to ensure a 90% on-time, four year graduation rate by 2027. To progress toward this goal, the state will prioritize efforts to improve attendance, provide a well-rounded education, invest in implementing culturally responsive practices, and promote continuous improvement to close opportunity and achievement gaps for historically and currently underserved students.

### Safe & Welcoming Environment

TTSD continuously evaluates and responds to the needs of our ever-changing world and specifically our student population. We hold an uncompromised commitment to the safety and well-being of our students and staff, and maintaining a safe, inclusive, respectful, and rigorous learning environment. Our goal is for all students to feel physically and emotionally safe and respected. We are led by Board policies dedicated to protecting all students, staff, and families from discrimination, bias, hate, and harassment.
