

2022-2025 Instructional Technology Plan - 2021

I. District LEA Information

Page Last Modified: 04/22/2022

1. **What is the name of the district administrator responsible for entering the Instructional Technology Plan data?**

Keith Kempney

2. **What is the title of the district administrator responsible for entering the Instructional Technology Plan data?**

Director of Technology

For help with completing the plan, please visit [2022-2025 ITP Resources for Districts](#) on our website, contact your district's RIC, or email edtech@nysed.gov.

2022-2025 Instructional Technology Plan - 2021**II. Strategic Technology Planning**

Page Last Modified: 06/16/2022

1. What is the overall district mission?

It is the mission of the Sauquoit Valley Central School District to educate all children in the district and to prepare them to be successful in life.

2. What is the vision statement that guides instructional technology use in the district?

The vision of technology implementation, strives for the integration of information processing goals and the use of technological tools throughout the curriculum. Through this integration students will develop technological skills, which they will carry with them for life, and also enhance the development of their skills, knowledge, and understanding across academic disciplines. Technology is envisioned as a tool students must learn to use and is applied across all areas of study. A primary tenant of the integration is technology will increase student interest in most areas of study; as well as, increase the opportunities to fully develop and understand the disciplines of study. Infrastructure Goals:

- Provide professional development to allow teachers to enhance their ability to create and modify curriculum and instructional support that can be accessed by students outside the classroom.
- All students have comprehensive knowledge of various software applications such as: presentation, word processing, spreadsheets, databases...
- Students will well versed in research practices, on-line ethics, social and professional media platforms, and various on-line services (applications, job search, banking, etc...)
- Replenish and keep current Instructional Technology up-to-date (in the last three years we have upgraded or purchased new wifi, switches, 10 G fiber between buildings, Interactive flat panels, document cameras, over 700 new chromebooks)

3. Summarize the planning process used to develop answers to the Instructional Technology Plan questions and/or your district comprehensive Instructional Technology Plan. Please include the stakeholder groups participating and the outcomes of the instructional technology plan development meetings.

1. Sauquoit Valley CSD planning process for our instructional technology plan is to use multiple committees to determine the best practices for the district and then to have the building levels use that information to implement the training of new and old technologies for the students. Each committee meets minimally three time a year; fall, winter and spring.
2. Financial Committee: Superintendent, Business Manager, and Director of Technology
3. District Technology Committee: Superintendent, Director of Technology, BOE Member, parent rep from each building, building level principals, Junior and Senior Class rep, Rep from each building committee
4. Elementary Technology Committee: Principal, Director of Technology, Grade Level Reps (K, 1, 2, 3, 4), CSE rep, Special area rep, and librarian
5. Middle School Technology Committee: Principal, Director of Technology, Grade Level Reps (5, 6, 7, 8), CSE rep, Special area rep, and librarian
6. High School Technology Committee: Principal, Director of Technology, Content Area Reps (SS, ELA, Math, Science, LOTE) CSE rep, Special area rep,
7. Each building-level committee
- 8.
9. comes up with the request and justification for their building, ie Chromebook carts, or doc cameras.
10. The district committee reviews the budget and requests and prioritizes major purchases.

4. How does the district's Instructional Technology Plan build upon, continue the work of, and improve upon the previous three-year plan?

In the last three years we have upgraded or purchased new wifi, switches, 10 G fiber between buildings, Interactive flat panels, document cameras, over 700 new chromebooks, along with multiple new software subscriptions that enhance student learning and engagement, and parent communication. The past three years was focused on building our infrastructure, the next three years we will focus on professional development which will allow staff to utilize more of the tools available with our current technology (hardware and software). The district is creating position called instructional coaches, which will be teachers with advance skills that will train other teacher on best practices with our software and hardware. These instructional coaches will be responsible for staff training, researd of new and advanced tools that our software programs provide. We will meet quarterly to discuss goals and future plans.

5. How does the district Instructional Technology Plan reflect experiences during the COVID pandemic?

All our K-12 teachers have part or all of their content available digitally. Before COVID, we only had few teachers with that ability. All our teacher have the abiltiy to switch over to online learning instantly (if needed). The majority of the teacher use a blended method of teaching. During the pandemic we have upgraded our wifi to the newest standards. We have purchased over 400 chromebooks since the beginning of COVID, which now we have more chromebooks than students in our district. Sauquoit Valley is now using ParentSquare and that enable us to communicate with parents, staff and community members in large scale, class or groups, and individually if needed.

2022-2025 Instructional Technology Plan - 2021II. Strategic Technology Planning

Page Last Modified: 06/16/2022

6. Is your district currently fully 1:1?

Yes

7. Please describe the professional development plan for building the capacity of educators and administrators in the attainment of the instructional technology vision as stated in response to question 2.

We provide summer training and will be implementing instructional coaches in the 2022-2023 school year which will provide individual, small group, and large group training throughout the year.

- The technology professional development aligns with the district's overall goals to improve learning and instruction by allowing staff to develop skills that can be transferred to the students, ie research using multiple credible sources, creating and editing videos, collaboration skills, etc...
- The district determined the current capacity of educators by the director of technology meeting with tech committees which discuss the current uses and needs of instructional technology in each department.
- The district will provide targeted, needs-based, and personalized professional development based on each teacher's capacity and interest by allowing the Instructional coaches to take requests from staff in their building and then create training that will benefit them.
- The district will determine the effectiveness of the professional development plan by reviewing its uses during the three-building level tech committee meetings that meet three times a year. Each department reports out uses and training needs. After the meeting the director of technology will assess if individual or group training is needed and plan accordingly.

For help with completing the plan, please visit 2022-2025 ITP Resources for Districts on our website, contact your district's RIC, or email edtech@nysed.gov.

2022-2025 Instructional Technology Plan - 2021III. Goal Attainment

Page Last Modified: 04/22/2022

Overview: In this new section, the District is asked to outline the extent to which they have achieved, at the local level, goals put forth in the 2010 Statewide Learning Technology Plan.

1. **Digital Content – The District uses standards-based, accessible digital content that supports all curricula for all learners. The district has met this goal:**
Significantly
2. **Digital Use – The District’s learners, teachers, and administrators are proficient in the use of technology for learning. The district has met this goal:**
Moderately
3. **Digital Capacity and Access – The District’s technology infrastructure supports learning and teaching in all of the District’s environments. The district has met this goal:**
Fully
4. **Leadership – The District Instructional Technology Plan is in alignment with the Statewide Learning Technology Plan vision. The district has met this goal:**
Significantly
5. **Accountability – District-level information is posted on the District website, is easy to access, and is easily understood. Information provided includes the results achieved by the District in their efforts to enable students to build knowledge, master skills, and grasp opportunities for a better life. The district has met this goal:**
Significantly

For help with completing the plan, please visit [2022-2025 ITP Resources for Districts](#) on our website, contact your district's RIC, or email edtech@nysed.gov.

2022-2025 Instructional Technology Plan - 2021

IV. Action Plan - Goal 1

Page Last Modified: 06/16/2022

1. Enter Goal 1 below:

Provide access to relevant and rigorous professional development to ensure educators and leaders are proficient in the integration of learning technologies. This will be done using programs such as Google Apps, and Nearpod that allow for collaboration, immediate feedback, and custom-made lessons. Staff will have opportunities during the summer months and multiple times during the year to attend new and refresher training

2. Select the NYSED goal that best aligns with this district goal.

Provide access to relevant and rigorous professional development to ensure educators and leaders are proficient in the integration of learning technologies

3. Target Student Population(s). Check all that apply.

- All students
- Early Learning (Pre-K -3)
- Elementary/intermediate
- Middle School
- High School
- Students with Disabilities
- English Language Learners
- Students who are migratory or seasonal farmworkers, or children of such workers
- Students experiencing homelessness and/or housing insecurity
- Economically disadvantaged students
- Students between the ages of 18-21
- Students who are targeted for dropout prevention or credit recovery programs
- Students who do not have adequate access to computing devices and/or high-speed internet at their places of residence
- Students who do not have internet access at their place of residence
- Students in foster care
- Students in juvenile justice system settings
- Vulnerable populations/vulnerable students
- Other (please identify in Question 3a, below)

4. Additional Target Population(s). Check all that apply.

- Teachers/Teacher Aides
- Administrators
- Parents/Guardians/Families/School Community
- Technology Integration Specialists
- Other

5. How will this instructional technology goal be measured and evaluated during and after implementation? Be sure to include any tools and/or metrics that are part of this evaluation process. Examples might be formative data, local, state, and/or national LEA benchmarks, metrics from instructional software, other technology evaluation programs, etc.

Staff will give feed back to rep that sits on the technology committee. The instructional coaches will also evaluate staff use of technology by the use of peer ovbservations to determine need and drive future training.

6. List the action steps that correspond to Goal #1 from your answer to Question 1, above. All cells in the table must be populated. If you have less than four action steps for this goal, you must enter N/A into columns two, three, four, five, and seven, and choose June 30, 2021 in the date column for all unneeded rows in the table.

	Action Step	Action Step - Description	Responsible Stakeholder:	'Other' Responsible Stakeholder	Anticipated date of completion	Anticipated Cost
Action Step 1	Budgeting	Create a stipend for Instructional technology specialist	Business Official	Superintendent	07/01/2022	\$5000
Action Step 2	Collaboratio	Work with building	Director of	Principals	08/01/2	0

2022-2025 Instructional Technology Plan - 2021

IV. Action Plan - Goal 1

Page Last Modified: 06/16/2022

	Action Step	Action Step - Description	Responsible Stakeholder:	'Other' Responsible Stakeholder	Anticipated date of completion	Anticipated Cost
	n	principals to create list of needs for technology specialist	Technology		022	
Action Step 3	Communications	Communicate and recruit technology specialist in order to train for PD during the summer	Director of Technology	Instructional Technology Coach	07/01/2022	0
Action Step 4	Planning	Instructional Coaches, Technology COordinator and Model Schools staff will create lessons for PD	Instructional Technology Coach	Director of Technology	09/01/2022	\$1000

7. This question is optional. If more action steps are needed, continue to list the action steps that correspond to Goal #1 from your answer to Question 1, above.

	Action Step	Action Step - Description	Responsible Stakeholder:	"Other" Responsible Stakeholder	Anticipated date of completion	Anticipated Cost
Action Step 5	(No Response)	(No Response)	(No Response)	(No Response)	(No Response)	(No Response)
Action Step 6	(No Response)	(No Response)	(No Response)	(No Response)	(No Response)	(No Response)
Action Step 7	(No Response)	(No Response)	(No Response)	(No Response)	(No Response)	(No Response)
Action Step 8	(No Response)	(No Response)	(No Response)	(No Response)	(No Response)	(No Response)

For help with completing the plan, please visit 2022-2025 ITP Resources for Districts on our website, contact your district's RIC, or email edtech@nysed.gov.

2022-2025 Instructional Technology Plan - 2021

IV. Action Plan - Goal 2

Page Last Modified: 06/16/2022

1. Enter Goal 2 below:

Design, implement, and sustain a robust, secure network to ensure sufficient, reliable high-speed connectivity for learners, educators, and leaders. This will be done in consultation with our MORIC Technology Planner, OHM BOCES Information Technology Department, and the district Technology Coordinator. The infrastructure plan is to replace all switches every 10 years, and servers every 5-6 years. New Interactive Flat Panels were installed in the winter of 2022, which have a life expectancy of 10+ years. New Cat 6 and 6A wiring was run for all the new security cameras and access points in the summer of 2021. In the winter of 2022, a new Aruba wireless system was installed in the district to support all the wireless traffic.

2. Select the NYSED goal that best aligns with this district goal.

Design, implement, and sustain a robust, secure network to ensure sufficient, reliable high-speed connectivity for learners, educators, and leaders

3. Target Student Population(s). Check all that apply.

- All students
- Early Learning (Pre-K -3)
- Elementary/intermediate
- Middle School
- High School
- Students with Disabilities
- English Language Learners
- Students who are migratory or seasonal farmworkers, or children of such workers
- Students experiencing homelessness and/or housing insecurity
- Economically disadvantaged students
- Students between the ages of 18-21
- Students who are targeted for dropout prevention or credit recovery programs
- Students who do not have adequate access to computing devices and/or high-speed internet at their places of residence
- Students who do not have internet access at their place of residence
- Students in foster care
- Students in juvenile justice system settings
- Vulnerable populations/vulnerable students
- Other (please identify in Question 3a, below)

4. Additional Target Population(s). Check all that apply.

- Teachers/Teacher Aides
- Administrators
- Parents/Guardians/Families/School Community
- Technology Integration Specialists
- Other

5. How will this instructional technology goal be measured and evaluated during and after implementation? Be sure to include any tools and/or metrics that are part of this evaluation process. Examples might be formative data, local, state, and/or national LEA benchmarks, metrics from instructional software, other technology evaluation programs, etc.

This goal can be used by admin tools that keep track of data usage for hardware, and software. Director of Technology and Principals will continue to use the admin consoles to track usage and relevant data.

6. List the action steps that correspond to Goal #2 from your answer to Question 1, above. All cells in the table must be populated. If you have less than four action steps for this goal, you must enter N/A into columns two, three, four, five, and seven, and choose June 30, 2021 in the date column for all unneeded rows in the table.

	Action Step	Action Step - Description	Responsible Stakeholder:	"Other" Responsible Stakeholder	Anticipated date of completion	Anticipated Cost
Action Step 1	Collaboration	BOCES IT department controls and test our wired and wireless	Director of Technology	Principals	09/01/2022	\$100,000

2022-2025 Instructional Technology Plan - 2021

IV. Action Plan - Goal 2

Page Last Modified: 06/16/2022

	Action Step	Action Step - Description	Responsible Stakeholder:	"Other" Responsible Stakeholder	Anticipated date of completion	Anticipated Cost
		network for speed, and usage.				
Action Step 2	Data Privacy	Change password with Google and Window network at least twice per year	Director of Technology	District Staff	07/01/2022	0
Action Step 3	Infrastructure	continue to replenish and update current infrastructure needs, Servers every 5-6 years, switches every 8-10 years, Interactive Flat Panel and Wifi will be evaluating annually to see if replacements are needed.	Director of Technology	Business Official	06/22/2023	20000
Action Step 4	Planning	Work with multiple tech committee to determine needs for the district	Director of Technology	Teachers, Administrators,	06/01/2023	0

7. This question is optional. If more action steps are needed, continue to list the action steps that correspond to Goal #2 from your answer to Question 1, above.

	Action Step	Action Step - Description	Responsible Stakeholder:	"Other" Responsible Stakeholder	Anticipated date of completion	Anticipated Cost

2022-2025 Instructional Technology Plan - 2021

IV. Action Plan - Goal 2

Page Last Modified: 06/16/2022

2022-2025 Instructional Technology Plan - 2021

IV. Action Plan - Goal 3

Page Last Modified: 06/16/2022

1. Enter Goal 3 below:

Increase equitable access to high-quality digital resources and standards-based, technology-rich learning experiences. The district will do this by providing K-1 with access to ipad in the classroom and computer lab; grades 2-6 will have Chromebook carts in each classroom; students in grades 7-12 will have a Chromebook assigned to them. All the buildings will have extra Chromebooks available to sign out if needed. Families that do not have access to the internet at home can sign out a Hotspot /Mobile Access point for use during the school year.

2. Select the NYSED goal that best aligns with this district goal.

Increase equitable access to high-quality digital resources and standards-based, technology-rich learning experiences

3. Target Student Population(s). Check all that apply.

- All students
- Early Learning (Pre-K -3)
- Elementary/intermediate
- Middle School
- High School
- Students with Disabilities
- English Language Learners
- Students who are migratory or seasonal farmworkers, or children of such workers
- Students experiencing homelessness and/or housing insecurity
- Economically disadvantaged students
- Students between the ages of 18-21
- Students who are targeted for dropout prevention or credit recovery programs
- Students who do not have adequate access to computing devices and/or high-speed internet at their places of residence
- Students who do not have internet access at their place of residence
- Students in foster care
- Students in juvenile justice system settings
- Vulnerable populations/vulnerable students
- Other (please identify in Question 3a, below)

4. Additional Target Population(s). Check all that apply.

- Teachers/Teacher Aides
- Administrators
- Parents/Guardians/Families/School Community
- Technology Integration Specialists
- Other

5. How will this instructional technology goal be measured and evaluated during and after implementation? Be sure to include any tools and/or metrics that are part of this evaluation process. Examples might be formative data, local, state, and/or national LEA benchmarks, metrics from instructional software, other technology evaluation programs, etc.

All students will have access to a computer, or school provided chromebook. If families do not have wifi, the district will provide hotspots for those families.

6. List the action steps that correspond to Goal #3 from your answer to Question 1, above. All cells in the table must be populated. If you have less than four action steps for this goal, you must enter N/A into columns two, three, four, five, and seven, and choose June 30, 2021 in the date column for all unneeded rows in the table.

	Action Step	Action Step - Description	Responsible Stakeholder:	"Other" Responsible Stakeholder	Anticipated date of completion	Anticipated Cost
Action Step 1	Budgeting	Replenish and fix chromebooks that will last at least 4 years	Business Official	Director of Technologg	06/23/2023	\$100,000
Action Step 2	Implementat	Work with staff to	Director of	Teachers	06/02/2	\$15000

2022-2025 Instructional Technology Plan - 2021

IV. Action Plan - Goal 3

Page Last Modified: 06/16/2022

	Action Step	Action Step - Description	Responsible Stakeholder:	"Other" Responsible Stakeholder	Anticipated date of completion	Anticipated Cost
	ion	utilize the chromebooks that will enhance student engagement	Technology		025	
Action Step 3	Policy/Protocols	Develop policies for student usage of hardware and software	Building Principal	Director of Technology	06/01/2025	0
Action Step 4	Curriculum	Coaches will work with staff to create engaging lessons	Instructional Technology Coach	teachers	06/06/2025	0

7. This question is optional. If more action steps are needed, continue to list the action steps that correspond to Goal #3 from your answer to Question 1, above.

	Action Step	Action Step - Description	Responsible Stakeholder:	"Other" Responsible Stakeholder	Anticipated date of completion	Anticipated Cost
Action Step 5	(No Response)	(No Response)	(No Response)	(No Response)	(No Response)	(No Response)

8. Would you like to list a fourth goal?

No

For help with completing the plan, please visit 2022-2025 ITP Resources for Districts on our website, contact your district's RIC, or email edtech@nysed.gov.

2022-2025 Instructional Technology Plan - 2021

V. NYSED Initiatives Alignment

Page Last Modified: 06/16/2022

1. **Explain how the district use of instructional technology will serve as a part of a comprehensive and sustained effort to support rigorous academic standards attainment and performance improvement for students.**

The lists below are ways Google Apps for education , the school website, and other online tools are used to improve teaching and learning. Technology will enable students to acquire, understand, and manipulate information to complete assignments. Technology provides students the opportunity to explore and experience existing and emerging technologies. Technology will accommodate different curriculum needs such as more time for review, extra research time, more time to read and write. Technology will accommodate different learning styles by adoption to the students strengths. Technology will enable students to have greater control over their own learning. By increasing bandwidth for WiFi and hard wired data,chromebooks, tablets, and computer labs will be able to connect students to hybrid and online courses and research.

2. **Explain the strategies the district plans to implement to address the need to provide equitable learning “everywhere, all the time” (National Technology Plan). Include both short and long-term solutions, such as device access, internet access, human capacity, infrastructure, partnerships, etc.**

The school currently has enough chromebooks and hotspots for all the students in the district.

3. **Students with disabilities may be served through the use of instructional technology as well as assistive technology devices and services to ensure access to and participation in the general education curriculum. Describe how instruction using technology is differentiated to support the individual learning needs of students with disabilities.**

The business manager and director of technology work directly with the director of special education to purchase software and hardware that need to be based on individual IEPs of students with disabilities. Specific technology used are touch screen Chromebooks, Digital graphic organizers, DragonSpeak software, timers, audio players and recorders, and reading guides. When using instructional technology teachers can differentiate learning by using Google Classroom to assign individual lessons, allow students to be presenters, encourage collaboration with Google apps, Using learning games to engage students in small groups.

4. **How does the district utilize technology to address the needs of students with disabilities to ensure equitable access to instruction, materials, and assessments? Please check all that apply from the provided options and/or check 'Other' for options not available on the list.**

- Class lesson plans, materials, and assignment instructions are available to students and families for "anytime, anywhere" access (such as through a class website or learning management system).
- Direct instruction is recorded and provided for students to access asynchronously (such as through a learning management system or private online video channel).
- Technology is used to provide additional ways to access key content, such as providing videos or other visuals to supplement verbal or written instruction or content.
- Text to speech and/or speech to text software is utilized to provide increased support for comprehension of written or verbal language.
- Assistive technology is utilized.
- Technology is used to increase options for students to demonstrate knowledge and skill.
- Learning games and other interactive software are used to supplement instruction.
- Other (please identify in Question 4a, below)

2022-2025 Instructional Technology Plan - 2021

V. NYSED Initiatives Alignment

Page Last Modified: 06/16/2022

5. **Please select the professional development that will be offered to teachers of students with disabilities that will enable them to differentiate learning and to increase student language and content learning through the use of technology. Please check all that apply from the provided options and/or check 'Other' for options not available on the list.**

- | | |
|---|--|
| <input type="checkbox"/> Technology to support writers in the elementary classroom | <input checked="" type="checkbox"/> Using technology as a way for students with disabilities to demonstrate their knowledge and skills |

| <input type="checkbox"/> Using technology to differentiate instruction in the special education classroom | <input type="checkbox"/> Other (please identify in Question 5a, below) |

6. **How does the district utilize technology to address the needs of English Language Learners to ensure equitable access to instruction, materials, and assessments? Please check all that apply from the provided options and/or check 'Other' for options not available on the list.**

- Class lesson plans, materials, and assignment instructions are available to students and families for "anytime, anywhere" access (such as through class website or learning management system).
- Direct instruction is recorded and provided for students to access asynchronously (such as through a learning management system or private online video channel).
- Technology is used to provide additional ways to access key content, such as providing videos or other visuals to supplement verbal or written instruction or content.
- Text to speech and/or speech to text software is utilized to provide increased support for comprehension of written or verbal language.
- Home language dictionaries and translation programs are provided through technology.
- Hardware that supports ELL student learning, such as home-language keyboards, translation pens, and/or interactive whiteboards, is utilized.
- Technology is used to increase options for students to demonstrate knowledge and skill, such as through the creation of a product or recording of an oral response.
- Learning games and other interactive software are used to supplement instruction.
- Other (Please identify in Question 6a, below)

7. **The district's Instructional Technology Plan addresses the needs of English Language Learners to ensure equitable access to instruction, materials, and assessments in multiple languages.**

No

| <input type="checkbox"/> Offer/phone/enrollment as an alternative to/in-person/enrollment. | <input type="checkbox"/> Assess readiness-to-use technology/skills/before disseminating devices to students experiencing homelessness and/or housing insecurity. | <input type="checkbox"/> Provide online mentoring programs. |
| <input type="checkbox"/> Set enrollment forms to automatically provide the McKinney-Vento liaison with contact information for students who indicate possible homelessness and/or housing insecurity | <input type="checkbox"/> Create individualized plans for providing access to technology and internet on a case-by-case basis for any student experiencing homelessness and/or housing insecurity. | <input type="checkbox"/> Create in-person and web-based tutoring/programs/spaces/and/or live chats/to assist with assignments and technology/issues. |
| <input type="checkbox"/> Create a survey to obtain information/about students' living situations./contact information./access to internet and devices for/all/students in/the/enrollment processes/so the district can/communicate effectively and/evaluate their needs. | <input type="checkbox"/> Have/resources/available to/get/families and students step-by-step instructions on how to/set-up and/use/their districts Learning Management System or website. | <input type="checkbox"/> Offer a technology/support hotline during flexible hours. |
| <input type="checkbox"/> Create simple videos in multiple languages, and with subtitles, that explain McKinney-Vento rights and services, identify the McKinney-Vento liaison, and clarify enrollment instructions. | <input checked="" type="checkbox"/> Class lesson plans, materials, and assignment instructions are available to students and families for | <input type="checkbox"/> Make sure technology/support is offered in multiple languages. |
| <input type="checkbox"/> Create mobile enrollment stations by equipping buses with laptops, internet, and staff at peak enrollment periods. | <input type="checkbox"/> Direct instruction is recorded and provided for students to access asynchronously (such as through a learning management system, DVD,/ or private online video channel)./ | <input type="checkbox"/> Other (Please identify in Question 9a, below) |
| <input type="checkbox"/> Provide/students/experiencing homelessness/and/or housing insecurity with tablets or laptops, mobile hotspots, prepaid cell phones, and other devices and connectivity. | <input type="checkbox"/> Technology is used to provide additional ways to access key content, such as providing videos or other visuals to supplement verbal or written instruction or content. | |

2022-2025 Instructional Technology Plan - 2021V. NYSED Initiatives Alignment

Page Last Modified: 06/16/2022

10. How does the district use instructional technology to facilitate culturally responsive instruction and learning environments? Please check all that apply from the provided options and/or check 'Other' for options not available on the list.

- The district uses instructional technology to strengthen relationships and connections with families to assist in building a culturally responsive learning environment to enhance student learning.
- The district uses instructional technology to facilitate classroom projects that involve the community.
- The district uses instructional technology to develop and organize coherent and relevant units, lessons, and learning tasks that build upon students' cultural backgrounds and experiences.
- The district uses instructional technology to assist in varying teaching approaches to accommodate diverse learning styles and language proficiencies.
- The district uses instructional technology to enable students to communicate and collaborate with students in different schools or districts in New York State, the United States, or with different countries.
- The district uses instructional technology to facilitate collaborative classroom projects among heterogeneous student groups.
- Other (please identify in Question 10a, below)

For help with completing the plan, please visit 2022-2025 ITP Resources for Districts on our website, contact your district's RIC, or email edtech@nysed.gov.

2022-2025 Instructional Technology Plan - 2021

VI. Administrative Management Plan

Page Last Modified: 06/16/2022

- Staff Plan** Provide the Full-Time Equivalent (FTE) count, as of plan submission date, of all staff whose primary responsibility is delivering technology integration training and support and/or technical support.

	Full-time Equivalent (FTE)
District Technology Leadership	0.50
Instructional Support	0.25
Technical Support	0.60
Totals:	1.35

- Investment Plan** Provide a three-year investment plan to support the vision and goals. All costs must be calculated for the entire three year-period, not annualized. For example, if a cost occurs annually, the estimated cost should include the annual cost times three. Provide a three-year investment plan to support the vision in Section II and goals in Section IV. A chart with drop-down choices is provided in order for NYSED to obtain consistent responses to this question. All cells in the table must be populated. If you have less than four items in your plan, you must choose N/A for columns one, two, four, five and six, and put zero in column three (estimated cost) for each unneeded row.

	Anticipated Item or Service	"Other" Anticipated Item or Service	Estimated Cost	Is Cost One-time, Annual, or Both?	Potential Funding Source	"Other" Funding Source
1	End User Computing Devices	Chromebooks	65,000	Annual	<input checked="" type="checkbox"/> BOCES Co-Ser purchase <input type="checkbox"/> District Operating Budget <input type="checkbox"/> District Public Bond <input type="checkbox"/> E-Rate <input type="checkbox"/> Grants <input type="checkbox"/> Instructional Materials Aid <input type="checkbox"/> Instructional Resources Aid <input type="checkbox"/> Smart Schools Bond Act <input type="checkbox"/> Other (please identify in next column, to the right) <input type="checkbox"/> N/A	State Hardware
2	End User Computing Devices	Desktops	36,000	Annual	<input checked="" type="checkbox"/> BOCES Co-Ser purchase <input type="checkbox"/> District Operating Budget <input type="checkbox"/> District Public Bond <input type="checkbox"/> E-Rate	State Hardware
