Health and Safety Plan Summary: Eastern Lancaster County School District

Initial Effective Date: August 30, 2021

Date of Last Review: June 19, 2023

Most Recent Review/Revision Date: December 18, 2023

How will the LEA, to the greatest extent practicable, support prevention and mitigation policies in line with the most up-to-date guidance from the CDC for the reopening and operation of school facilities in order to continuously and safely open and operate schools for in-person learning?

Eastern Lancaster County School District will continue to consider CDC and PA DOH recommendations and update the plan accordingly.

How will the LEA ensure continuity of services, including but not limited to services to address the students' academic needs, and students' and staff members' social, emotional, mental health, and other needs, which may include student health and food services?

Eastern Lancaster County School District has a core planning team consisting of administrators, supervisors, teachers, support staff and operations and facilities personnel. We have conducted a SWOT analysis to determine all needs of the school district and which educational, SEL, mental health, and support needs are most important to address. We will use this analysis to continue to keep our schools open and provide education for all our learners. We will continue to meet our learners where they are in academics, emotional and mental support, as well as support them through our social workers, health care providers, and our food services personal in order to continue moving our learners forward.

Use the table below to explain how the LEA will maintain the health and safety of students, educators, and other staff and the extent to which it has adopted policies, and a description of any such policy on each of the following safety recommendations established by the CDC.

ARP ESSER Requirement	Strategies, Policies, and Procedures
a. Universal and correct wearing of masks ;	For the 23-24 school year, Eastern Lancaster County School District will
