Archbishop Williams High School Announces New Football Leadership

Mark Landolfi and Chris Landolfi return to Coach for the 2024 Season

{BRAINTREE, MA, December 21, 2023} -- Archbishop Williams High School announced today the hiring of alumni Mark Landolfi '86 as Head Coach, and Chris Landolfi '88 as Assistant Coach/Defensive Coordinator of the school's Varsity football team. They bring decades of coaching experience and impressive success to the Bishops' program. Both star, multi-sport athletes and proud members of the Athletic Hall of Fame, the Landolfi's understand, value and strive to live out the school's Mission, and are committed, to the highest degree, to creating a championship-level program with student-athletes who succeed on the field, in the classroom and their communities.

Chris coached at the college level and at Duxbury High School before the brothers joined forces to resurrect a struggling Hanover program. Over ten years with Hawks, they won 75% of their games, four league titles and one Super Bowl.

"We are most grateful to Coach Matt Reggiannini '00 and his staff for their years of service to the AWHHS football program. Our next chapter is upon us, and we are thrilled with the opportunity to bring Mark and Chris back home to AWHHS," said Dennis Duggan, AWHHS President. "As former players under Hall of Fame Coaches Kevin MacDonald and Steve Aborn, Mark and Chris bring a unique perspective to our program and a burning desire to develop the best high school football team in our division," he added.

When asked about returning to AWHHS, the Landolfis had this to say, "It is truly our honor to come back to our High School to coach football, especially at a place where we had so many great experiences socially, academically, and athletically. Archies is a special place where you create lifetime bonds and friendships with faculty, coaches, and students. Our hope is to give our players the same experiences we had by coaching winning football and teaching important life lessons. To accomplish that, we will focus on building a winning culture on the field and in the classroom, and on attracting top Universities to recruit our student athletes."
