INTRODUCTORY SECTION

CITY OF NEW BRITAIN, CONNECTICUT

December 12, 2023

To the Mayor, Members of the Common Council and Citizens of the City of New Britain:

State law requires that all general-purpose local governments publish within six months of the close of each fiscal year a complete set of financial statements presented in conformity with generally accepted accounting principles (GAAP) and audited in accordance with generally accepted auditing standards by a firm of licensed certified public accountants. Pursuant to that requirement, we hereby issue the annual comprehensive financial report (ACFR) of the City of New Britain for the fiscal year ended June 30, 2022.

This report consists of management's representations concerning the finances of the City of New Britain. Consequently, management assumes full responsibility for the completeness and reliability of all of the information presented in this report. To provide a reasonable basis for making these representations, management of the City of New Britain has established a comprehensive internal control framework that is designed both to protect the government's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the City of New Britain's financial statements in conformity with GAAP. Because the cost of internal controls should not outweigh their benefits, the City of New Britain's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material aspects.

The City of New Britain's financial statements have been audited by CliftonLarsonAllen, LLP, a firm of licensed certified public accountants. The goal of the independent audit was to provide reasonable assurance that the financial statements of the City of New Britain for the fiscal year ended June 30, 2022 are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statement; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent audit concluded, based upon the audit, that there was a reasonable basis for rendering an unmodified opinion that the City of New Britain's financial statements for the fiscal year ended June 30, 2022, are fairly presented in conformity with GAAP. The independent auditors' report is presented as the first component of the financial section of this report.

The independent audit of the financial statements of the City of New Britain was part of a broader, state and federal mandated “Single Audit” designed to meet the special needs of state and federal grantor agencies. The standards governing Single Audit engagements require the independent auditor to report not only on the fair presentation of the financial statements, but also on the audited government’s internal controls and compliance with legal requirements, with special emphasis on internal controls and legal requirements involving the administration of state and federal awards. These reports are located within the City’s ACFR.

GAAP require that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management’s Discussion and Analysis (MD&A). This letter of transmittal is designed to complement MD&A and should be read in conjunction with it. The City of New Britain’s MD&A can be found immediately following the independent auditors’ report.

The Reporting Entity and Its Services

The City of New Britain is Connecticut’s eighth largest municipality, with a population in excess of 74,000. The City itself covers 13.3 square miles, and was first settled as part of the Town of Berlin in 1680, and was chartered as a City in 1871.

Sitting at the geographic center of Connecticut, New Britain is just a two hour drive from both New York City and Boston. Interstate 84, Route 9 and Route 72 all run through the City with multiple access points, and Interstate 91 lies only a few miles away. The City’s location, coupled with its easy access to all points in the state, make it highly attractive to both businesses and individuals alike.

New Britain lies only 9.2 miles from Hartford, and is part of the capital region economic zone. The City is a member of the Capital Region Council of Governments as its second-largest member, which is expected to enhance its ability to participate in regional planning and maximize state and federal grant dollars, especially those geared toward transit-oriented development. The City was one of ten municipalities nationwide to be named an All-America City in 2016 and 2017 by the National Civic League. The National Civic League evaluators pointed to New Britain’s approach to creating child-friendly environments and its focus on solving community wide challenges as reasons for the award.

In June 2020, New Britain was one of only two municipalities to be recognized for achieving the Sustainable CT Certification (the “Certification”), bronze level. The Certification program is managed by the Institute for Sustainable Energy at Eastern Connecticut State University and included initiatives that cities and towns build community connection, social equity and long term resilience. The City demonstrated significant achievements in a number of initiatives including, but not limited to, redevelopment of brownfields sites, developing an open space plan, supporting arts and creative culture, encouraging smart commuting, tracking energy use and developing sustainable, affordable housing options.

The completion of New England’s first bus rapid transit system, CTfastrak has resulted in huge ridership numbers and an opportunity for the City to build and redevelop along the route through Transit Oriented Development. A \$54 million dollar mixed use development just steps from the CTfastrak hub is currently underway in the City. When completed, the site will boast street level retail shops and workforce housing for professionals who want to live, work and play in central Connecticut.

One of the most critical impacts of CTfastrak is that it provides a direct mass transit connection between downtown New Britain and Central Connecticut State University (“CCSU”). CCSU has been located in New Britain since 1849 and is now the largest institution in Connecticut’s state university system. It has a population of 12,500 students and a faculty of nearly 800. CCSU’s offerings include degrees in arts & sciences, technology, education and graduate studies. The CCSU School of Business is the largest in Connecticut, and the institution prides itself on its partnerships with the

community. In addition to CCSU, downtown New Britain has welcomed Charter Oak College administrative offices that are located at 185 Main Street that will create more activity for local ridership and merchants. The CCSU Institute of Technology and Business Development is located in downtown New Britain and offers local businesses an array of technological and incubator resources to help them start and succeed. There continues to be discussions to increase CCSU's presence downtown, which will bring increased pedestrian traffic and create a dedicated ridership on CTFAstrak.

Form of Government

New Britain was incorporated as a town in 1850 and then later as a city in 1871, and operates with a strong Mayor-Council form of government. The Mayor and Council serve concurrent two-year terms and operate under the City's Charter.

The Common Council, the legislative body is elected biennially and consists of 15 Aldermen, with 3 members elected from each of the City's 5 wards (incorporating minority party representation requirements). The other elected officials are City Treasurer, 10 Members of the Board of Education, Registrars of Voters and 3 members of the Board of Assessment Appeals.

The Mayor presides at meetings of the Common Council and makes appointments to Boards and Commissions as provided in the Charter or as created by ordinance. The Mayor is an ex-officio member of all bipartisan Boards and Commissions including the Board of Education. All department heads report directly to the Mayor.

Major Initiatives

The City of New Britain is committed to the well-being, quality of life, and standard of living for its residents. The current administration has continued to make grand list growth a primary goal in order to lower tax rate and drive affordability long-term. One way to accomplish this goal is to expand the City's economic development efforts, while at the same time, monitoring, reviewing and validating all City expenditures, both operating and capital, to ensure fiscal responsibility.

In November of 2021, the City of New Britain adopted its ten-year Plan of Conservation and Development. This plan was developed with a large amount of public input. Multiple public hearings were held and input was also solicited from members of the City's Boards and Commissions, as well as City Hall Staff. The five themes in the plan are: live, grow, play, connect, and sustain. The Mayor's Strategic Plan Committee is tasked with implementing this City-wide plan and is composed of various City officials and meets quarterly.

New Britain is seeing currently seeing an unprecedented amount in development, especially in the downtown area. The successes of the mixed use developments at 222 Main St, 57 Court St (Courtside Commons), and 145 Columbus Blvd (Columbus Commons), have only increased developers' interests. Construction has been underway at 267 Main Street and 283 Main Street the site of the former Burritt Bank and Amato's Toy Store respectively, to build two brand new state of the art apartment buildings. 267 Main St ('The Brit') and 283 Main Street ('The Highrailer') will have a combined total of 221 market rate and affordable residential units, and will have first floor commercial space ideal for the restaurant industry. Both of these projects are expected to be complete in Q3 of 2024.

Another project on the Main Street Corridor will take place at 177 Main Street and will be known as “The Strand”. This 100-unit residential property sits on the former site and will pay homage to the historic Strand Movie theater. It will consist of both market rate and affordable housing units with construction beginning in Q1 of 2024.

102 West Main Street will be undergoing a major renovation which includes adding two stories to an existing structure. There will be 79 market rate and affordable dwelling units and plans include commercial space for up to two restaurants.

Arch Street, which owns the distinction of being designated as “Barrio Latino,” has also seen renewed interest in development. In 2023, 67 Arch was renovated into a property known as “The Prohibition” which is home to 12 market rate apartment units, and the first floor houses New Britain’s first speakeasy. Right next door at 5-39 Arch Street, the first floor is being renovated for commercial purposes and the second floor, which was previously used as office space, is being renovated into 10 apartments. 266 Arch Street’s historic rehabilitation will soon be home to 10 apartments, along with a restaurant and a distillery.

Over on the East Side of town, 321 Ellis Street is undergoing the largest residential construction project in New Britain. The former site of the Landers, Frary, and Clark factory, the south side of the building will be renovated into 154 low to moderate income housing units, with a percentage set aside for senior living. Construction is expected to last 18-24 months, with an opening occurring sometime in 2025.

Construction in New Britain has not only been reserved for residential and commercial properties, but in our schools as well. Over the last 10 years the city has completed more than \$250 million dollars in renovations to aging buildings in our School District. In September of 2023 Chamberlain School opened the doors to students, introducing them to a \$50 million newly renovated building. Similar projects were recently completed at Smalley, Gaffney, and Diloreto Schools. Plans are currently underway to begin the renovation of Holmes School, a project expected to cost \$70 million which will be receiving a 95 percent reimbursement rate from the State of Connecticut.

The NB FLUSH program is critical to improving the underground infrastructure in New Britain. This program which stands for, Fresh Line Upgrades for Sanitary Health, is a massive investment in repairing and replacing the City’s Storm water and sanitary sewer lines, which are over 100 years old. This program aims to reduce the municipal and taxpayer costs associated with storm water infiltration into sanitary sewer lines, protect public health by reducing sewage backups, protect the environment by eliminating wastewater runoff, and promote community growth by increasing sewer capacity for expanded development. NB FLUSH is currently in Phase 3 of 11 proposed phases and when complete is expected to have a cost of over \$100 million.

The Complete Streets Master Plan is another multi-phase project which has been under construction since 2013 and is nearing completion of its eighth and final phase. This project has revitalized downtown New Britain by making improvements to roads and sidewalks, updating lighting fixtures, increasing landscaping, and balancing the needs of pedestrians, bicyclists, and transit riders in a safe environment. In 2022, the City completed the Complete Streets Roadmap, which takes the original master plan into the next ten years decentralizing the work and expanding to other areas of the City. Areas of focus for future streetscape will be: Arch Street, Osgood Avenue, Allen Street, North Street, and Myrtle Street.

The City offers ten major Parks. A.W. Stanley, Stanley Quarter, Chesley, Walnut Hill, Martha Hart, Hungerford, Willow Brook, Willow Street, Washington, and Osgood park which recently underwent a \$12 million renovation project made possible by ARPA Funding. Walnut Hill Park was famously designed by Frederick Law Olmstead, the architect of New York City’s Central Park. The City operates two major pools at A.W. Stanley and Willow Brook, as well as “splash pads” at Willow Street, Chesley, and now, Osgood Parks.

In addition to these parks, New Britain owns and operates Stanley Golf Course, which is home to three nine-hole courses, a restaurant and tavern, and a state-of-the-art driving range. The newly renovated driving range is the only driving range at a golf course Connecticut with “Top-Tracer” and is open year-round. Plans are currently underway for construction of a new outdoor banquet facility which will only increase the record high number of visitors that the City sees yearly.

New Britain is host to a variety of medical facilities to call upon, including the 436 bed Hospital of Central Connecticut, owned by Hartford Healthcare (formerly New Britain General Hospital), the 7th largest hospital in the state with approximately 2,200 employees. The 200 bed Hospital for Special Care provides rehabilitation services and elder care. These two medical anchor facilities have fueled the growth of numerous modern clinics and outpatient treatment centers, and New Britain is part of the State’s Bioscience Enterprise Corridor Zone that provides economic incentives for small-to-medium sized businesses in the bioscience industry. The Hospital of Central Connecticut completed a new state-of-the-art cancer treatment and research facility in January 2015. The facility is 65,000 square feet and straddles the New Britain-Plainville line. This was the first facility of its kind in Connecticut to be a full partner with Memorial Sloan-Kettering Cancer Center.

New Britain’s signature and award winning “Beehive Bridge” located one block from CT Fastrak, was dedicated in early fall of 2019 and has captivated the public’s eye for its creative and welcoming design. The bridge inspiration was the flight and dance of the honey bee which pays tribute to the City’s seal and its motto that translates from Latin “Industry fills the hive and enjoys the honey.” The honeycomb theme and translucent panels also features four bee sculptures. All panels and sculptures have the ability to glow in a variety of color schemes with internal LED lighting. The Beehive Bridge has been awarded the 2020 American Council of Engineering Companies of Connecticut (ACEC) Excellence in Engineering Award and Connecticut Main Street Award for Excellence. The iconic bridge is a gateway to New Britain’s Little Poland neighborhood.

New Britain is the home of the Museum of American Art, one of the nation’s leading American art collections. The state-of-the-art facility boasts over 5,000 works in its collection and drew over 70,000 patrons last year alone. In addition to the galleries themselves, the Museum has a café, a multipurpose room that seats 200, studios for art classes and a shop. The Museum has an endowment in excess of \$14 million, and has just completed its latest expansion project.

New Britain has a rich history of playing host to minor league baseball, which draws thousands of residents, families, and visitors to each game every season. Starting in 1983, New Britain was home to the Red Sox and then Rock Cats from 1997 to 2015. Those teams had affiliations with Major League Baseball clubs the Colorado Rockies, Minnesota Twins, and Boston Red Sox. The City is now home to the New Britain Bees. The team is in its seventh year of play as a member of the Futures Collegiate Baseball League and is still bringing visitors from all over New England to the New Britain Stadium facility.

New Britain is an ethnically diverse city, and possesses the second largest Polish-American population nationally, behind Chicago. The Little Poland district of New Britain is the City’s most vibrant commercial area, and a multi-phase streetscape project is underway to better link that neighborhood with downtown. The Hispanic & Latino community has their own epicenter in the Arch Street area, with eateries and other family-owned businesses taking root.

Financial Information

The Finance Department includes Accounting, Tax Assessment, Tax Collection, City Treasurer, Purchasing, Data Processing and Risk Management. The Accounting Division maintains, monitors and controls accounting records for City funds and has responsibility for banking relations and all bank accounts, as well as investment accounts for collecting or disbursing City funds. Bank and investment accounts are evaluated daily through on-line communication software.

The City's state of the art accounting system. Internal controls are designed to provide reasonable, but not absolute, assurance regarding: (1) the safeguarding of assets against loss from unauthorized use or disposition; and (2) the reliability of financial records for preparing financial statements and maintaining accountability for assets. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits to be derived; and (2) the evaluation of costs and benefits requires estimates and judgments by management. All internal control evaluations occur within the above framework. We believe that the City's internal accounting controls adequately safeguard assets and provide reasonable assurance of proper recording of financial transactions.

Budgetary Controls

The accounts of the City are organized in funds. Each fund operates with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues and expenditures. Budgetary control of disbursements and encumbrances against appropriations is maintained by department, division or major activity. The City also maintains an encumbrance accounting system as one technique towards accomplishing budgetary control. Additionally, the Finance Department continues to monitor expenses throughout the fiscal year in an effort to keep the costs of running the City down.

Pension Programs

All full-time City employees, except for the certified employees of the Consolidated School District, the regular members of the Police Department hired after April 1, 2000 and the regular members of the Fire Department hired after July 1, 1995, are covered under a contributory pension plan administered by the Municipal Employees' Retirement Fund ("MERF"), a State of Connecticut multiple employer Public Employee Retirement System. Regular members of the Police and Fire Departments hired prior to April 1, 2000 and July 1, 1995 respectively, participate in contributory pension plans known as the Police Benefit Fund and the Firemen's Pension Plan. The certified faculty and administrative personnel of the Board of Education participate in the contributory defined benefit plan established under Chapter 167a of the Connecticut General Statutes that is administered by the Connecticut State Teacher's Retirement Board.

MERS is the administrator of a cost sharing multiple employer public employee retirement system ("CMERS") established by the State of Connecticut and administered by the State Retirement Commission to provide pension benefits for the employees of participating municipalities. MERS is considered to be a part of the State of Connecticut financial reporting entity and is included in the State's financial reports as a pension trust fund.

The City is the administrator of a single-employer public employee retirement system established and administered by the City to provide pension benefits for its Police and Fire Department employees. Benefits and contributions under this retirement system are established by the City and may be amended only by the City Council. The City's public employee retirement system is considered to be part of the City's financial reporting entity and is included in the City's financial reports as pension trust funds.

The City's OPEB liability is calculated to be \$48.5 million. The City's liability is relatively low because employees generally receive 7 years (10 years for Fire) of health benefits after twenty years of service.

Financial Policies

Several key policies have been developed and implemented that significantly affect the financial transactions of the City. The Fund Balance Policy is a safeguard to ensure that if the fund balance drops below five percent (5%) of operating expenditures, there will be a mechanism in place to increase the fund balance over a specified period of time. The OPEB Policy was implemented to ensure proper funding of the City's OPEB trust fund. In addition, there are several policies that have been adopted to ensure proper investment of the City's funds, including the pension trust fund.

Debt Administration

At year end, the City had a number of debt issues outstanding. These included \$323.4 million of general obligation bonds. Under current state statutes, the City's general obligation bonded debt issuances are subject to a legal limitation based on seven times total tax collections plus state reimbursement for revenue loss. As of June 30, 2022, the City's net general obligation bonded debt of \$517 million was well below the legal limit of \$955.2 million.

Risk Management

The City has not experienced any significant changes in the number and cost of insurance claims.

The City is self-insured with regards to the following types of coverage (not rounded):

Workers' Compensation (including Police and Firefighter Hypertension) - \$1 million/occurrence. Excess coverage with statutory limits applies beyond the retainage.

General Liability (including law enforcement liability) - \$500,000/occurrence; excess coverage applies up to \$1 million/occurrence, \$2 million aggregate, \$9 million excess.

Employee Dishonest coverage limit of \$500,000 (except for individually bonded Tax Collector limit of \$200,000 & individually bonded Treasurer limit of \$125,000).

Employee Medical Benefits for Board of Education and City employees with the exception of Health Organization Coverage (HMO). Stop loss coverage applies after the City has paid \$200,000 individual claims. There is no aggregate stop loss.

First dollar Auto Liability coverage on all vehicles is placed with Argonaut Insurance Company; excess Auto Liability coverage is placed with Argonaut Insurance Company. All risk property coverage is placed with Lexington Insurance Company. Coverage provides replacement value for buildings and contents. Coverage for vacant and unoccupied buildings for which rehabilitation or sale is anticipated is provided by Admiral Insurance Company on an actual cash basis. Vacant property liability is provided by Nautilus Insurance Company.

The Corporation Counsel's Office is diligently defending the City's interest in all legal matters. The City has appropriated in the fiscal year 2022 annual budget \$250,000 to assist in current and future claim defense and settlement. The City's potential liability of active claims is reviewed and updated annually by an independent actuary and such liability is made part of the City's financial statements.

Independent Audit

State Statute and the City Charter require an annual audit by an independent certified public accountant. The Statute further prescribes that each municipality's annual report shall be prepared in accordance with Generally Accepted Accounting Principles (GAAP). This report has been prepared in accordance with these standards. The auditors' opinion has been included in this report.

Acknowledgements

The City has received the Certificate of Achievement for Excellence in Financial Reporting since the Fiscal Year of June 30, 2001. A Certificate of Achievement is valid for a period of one year only. We believe that our current CAFR continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

The preparation of this report could not have been accomplished without the efficient and dedicated services the Finance Department staff who preserved in the face of massive staff turnover. Special appreciation is conveyed to the representatives from CliftonLarsonAllen, LLP. We also appreciate the continuing support of city leadership and the people of New Britain who are committed to fiscal integrity and financial leadership.

Respectfully submitted,

A handwritten signature in blue ink that reads "Jonathan M. Perugini". The signature is written in a cursive style with a large initial 'J' and a long horizontal stroke at the end.

FINANCIAL SECTION

INDEPENDENT AUDITORS' REPORT

Honorable Mayor and Members of the
Common Council
City of New Britain, Connecticut

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of New Britain, Connecticut, as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the City of New Britain, Connecticut's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of New Britain, Connecticut as of June 30, 2022, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City of New Britain, Connecticut and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Honorable Mayor and Members of the
Common Council
City of New Britain, Connecticut

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City of New Britain, Connecticut's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City of New Britain, Connecticut's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City of New Britain, Connecticut's ability to continue as a going concern for a reasonable period of time.

Honorable Mayor and Members of the
Common Council
City of New Britain, Connecticut

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, the budgetary comparison information and the pension and OPEB schedules, as listed in the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of New Britain, Connecticut's basic financial statements. The combining and individual nonmajor fund financial statements and schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, the combining and individual nonmajor fund financial statements and schedules are fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Information

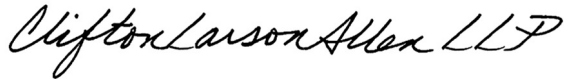

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditors' report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Honorable Mayor and Members of the
Common Council
City of New Britain, Connecticut

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 12, 2023 on our consideration of the City of New Britain, Connecticut's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City of New Britain, Connecticut's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City of New Britain, Connecticut's internal control over financial reporting and compliance.

**CITY OF NEW BRITAIN, CONNECTICUT
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
JUNE 30, 2022**

This discussion and analysis of the City of New Britain, Connecticut's (the City) financial performance is provided by management to provide an overview of the City's financial activities for the fiscal year ended June 30, 2022. Please read this MD&A in conjunction with the transmittal letter and the City's financial statements, Exhibits I to IX.

Financial Highlights

- The net position of the governmental activities increased by \$22 million.
- In its governmental activities, the City had revenues of \$416.5 million and expenses of \$395.9 million.
- The net position of the business-type activities increased by \$761k which included a restatement of beginning net position .
- In the City's business-type activities, revenues were \$11.8 million while expenses were \$10.4 million.
- The General Fund reported a fund balance of \$24.3 million (\$4.7m assigned and \$19.6m unassigned).
- The tax collection rate for the current levy was 95.67%.

Overview of the Financial Statements

This annual report consists of a series of financial statements. The statement of net position and the statement of activities (Exhibits I and II, respectively) provide information about the activities of the City as a whole and present a longer-term view of the City's finances. Fund financial statements are presented in Exhibit III to IX. For governmental activities, these statements tell how these services were financed in the short term as well as what remains for future spending. Fund financial statements also report the City's operations in more detail than the government-wide statements by providing information about the City's most significant funds. The remaining statements provide financial information about activities for which the City acts solely as a trustee or agent for the benefit of those outside of the government.

Government-Wide Financial Statements

The analysis of the City as a whole begins on Exhibits I and II. The statement of net position and the statement of activities report information about the City as a whole and about its activities for the current period. These statements include all assets and liabilities using the accrual basis of accounting, which is similar to the accounting used by most private-sector companies. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

These two statements report the City's net position and changes in them. The City's net position, the difference between assets and liabilities, is one way to measure the City's financial health, or financial position. Over time, increases or decreases in the City's net position are one indicator of whether its financial health is improving or deteriorating. The reader needs to consider other nonfinancial factors, however, such as changes in the City's property tax base and the condition of the City's capital assets, to assess the overall health of the City.

**CITY OF NEW BRITAIN, CONNECTICUT
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
JUNE 30, 2022**

In the statement of net position and the statement of activities, we divide the City into two types of activities:

- *Governmental activities* - Most of the City's basic services are reported here, including education, public safety, public works, health and welfare, parks, recreation and libraries, and general administration. Property taxes, charges for services, and state and federal grants finance most of these activities.
- *Business-type activities* - The City charges a fee to customers to help it cover all or most of the cost of certain services it provides. The City's Water Department is reported here.

Fund Financial Statements

The fund financial statements begin with Exhibit III and provide detailed information about the most significant funds - not the City as a whole. Some funds are required to be established by Charter. However, the City Council establishes many other funds to help control and manage financial activities for particular purposes (such as the Sewer Fund) or to show that it is meeting legal responsibilities for using grants and other money (such as grants received from the state and federal governments for education). The City's funds are divided into three categories: governmental, proprietary, and fiduciary.

- Governmental funds (Exhibits III and IV) - Most of the City's basic services are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end that are available for spending. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the City's general government operations and the basic services it provides. Governmental fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the City's programs. The relationship (or differences) between governmental activities (reported in the statement of net position and the statement of activities) and governmental funds is described in a reconciliation included with the fund financial statements.
- Proprietary funds (Exhibits V, VI, and VII) - When the City charges customers for the services it provides, whether to outside customers or to other units of the City, these services are generally reported in proprietary funds. Proprietary funds are reported in the same way that all activities are reported in the statement of net position and the statement of activities. In fact, the City's enterprise funds (a component of proprietary funds) are the same as the business-type activities reported in the government-wide statements, but provide more detail and additional information, such as cash flows, for proprietary funds. Internal service funds (the other component of proprietary funds) are used to report activities that provide supplies and services for the City's other programs and activities - such as the City's Self-Insurance Internal Service Fund.
- Fiduciary funds (Exhibits VIII and IX) - The City is the trustee, or fiduciary, for its employees' pension plans. It is also responsible for other assets that, because of a trust arrangement, can be used only for the trust beneficiaries. All of the City's fiduciary activities are reported in separate statements of fiduciary net position and changes in fiduciary net position. These activities are excluded from the City's other financial statements because the City cannot use these assets to finance its operations. The City is responsible for ensuring that the assets reported in these funds are used for their intended purposes.

**CITY OF NEW BRITAIN, CONNECTICUT
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
JUNE 30, 2022**

Government-Wide Financial Analysis

The City's combined net position is higher than it was one year ago, increasing from \$25.1 million to \$46.3 million. The analysis below focuses on the net position (Table 1) and changes in net position (Table 2) of the City's governmental and business-type activities.

**TABLE 1
SUMMARY STATEMENT OF NET POSITION**

	Governmental Activities		Business-Type Activities		Total Primary Government	
	2022	2021	2022	2021	2022	2021
Assets:						
Current Assets	\$ 290,741	\$ 186,863	\$ 9,425	\$ 9,278	\$ 300,166	\$ 196,141
Noncurrent Assets						
Capital Assets:						
Capital Assets not Being Depreciated	50,856	27,673	1,977	1,977	52,833	29,650
Capital Assets Being Depreciated, Net	354,177	355,491	47,850	49,694	402,027	405,185
Total Assets	<u>695,774</u>	<u>570,027</u>	<u>59,252</u>	<u>60,949</u>	<u>755,026</u>	<u>630,976</u>
Deferred Outflows of Resources	70,727	78,486	693	652	71,420	79,138
Liabilities:						
Long-Term Debt						
Outstanding	589,247	566,956	6,202	6,965	595,449	573,921
Other Liabilities	125,700	63,401	644	777	126,344	64,178
Total Liabilities	<u>714,947</u>	<u>630,357</u>	<u>6,846</u>	<u>7,742</u>	<u>721,793</u>	<u>638,099</u>
Deferred Inflows of Resources	58,346	46,939	-	-	58,346	46,939
Net Position:						
Net Investment in Capital Assets	100,763	122,338	44,488	45,532	145,251	167,870
Restricted	39,287	34,998	-	-	39,287	34,998
Unrestricted (Deficit)	<u>(146,842)</u>	<u>(186,119)</u>	<u>8,611</u>	<u>8,327</u>	<u>(138,231)</u>	<u>(177,792)</u>
Total Net Position	<u>\$ (6,792)</u>	<u>\$ (28,783)</u>	<u>\$ 53,099</u>	<u>\$ 53,859</u>	<u>\$ 46,307</u>	<u>\$ 25,076</u>

Net position of the City's governmental activities increased in FY22 ((\$6.8) million compared to (\$28.8 million). Unrestricted net position - the part of net position that can be used to finance day-to-day operations without constraints established by debt covenants, enabling legislation or other legal requirements - totaled \$(146.8) million at June 30, 2022.

This increase in governmental net position resulted primarily due to the following factors:

- Assets, in particular current assets with cash and cash equivalents. There is also an increase in liabilities with accounts payable and loans payable as the City issued debt to finance upcoming City and Education capital projects. The timing of the funds came in June 2022 with the City issuing new debt and restructuring debt service before capital construction expenses started in the FY 23.

Restatement	-	-	53,060	-	53,060	-
Net Position - End of Year	\$ (6,792)	\$ (28,783)	\$ 53,099	\$ 53,859	\$ 46,307	\$ 25,076

The City's combined revenues were \$428 million. The total cost of all programs and services was \$406 million.

**CITY OF NEW BRITAIN, CONNECTICUT
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
JUNE 30, 2022**

Our analysis below separately considers the operations of governmental and business-type activities.

Governmental Activities

Revenues for governmental activities totaled \$416.5 million; property taxes (32.7%), operating grants (53.3%) and charges for services (7.2%) are the major revenue sources - contributing approximately 93.2% of the City's revenues.

Expenses for governmental activities were \$395.9 million, of which 66.7% were supported by program revenues and 38.5% were supported from general revenues. Expenses by function include education (61.74%), public safety (16.86%), public works (6.72%), and parks, recreation, and libraries (2.95%), which made up 88.27% of the total governmental expenses.

Table 3 presents the cost of each of the City's four largest programs - education, public safety, public works, and general government - as well as each program's net cost (total cost less revenues generated by the activities). The net cost shows the final burden that was placed on the City's taxpayers by each of these functions.

**TABLE 3
GOVERNMENTAL ACTIVITIES**

	<u>Total Cost of Services</u>		<u>Net Cost of Services</u>	
	<u>2022</u>	<u>2021</u>	<u>2022</u>	<u>2021</u>
Education	\$ 244,436	\$ 220,787	\$ 22,366	\$ 65,099
Public Safety	66,767	93,626	59,896	88,582
Public Works	26,612	33,043	5,888	10,518
General Government	26,371	12,945	20,182	10,365
All Others	31,716	31,324	23,468	22,568
Totals	<u>\$ 395,902</u>	<u>\$ 391,725</u>	<u>\$ 131,800</u>	<u>\$ 197,132</u>

Business-Type Activities

Revenues and expenses of the City's business-type activities amounted to \$11.8 million and \$10.4 million, respectively. Net position decreased by \$761k which included the restatement of beginning net position.

City Funds Financial Analysis

Governmental Funds

As the City completed the year, its governmental funds (as presented in the balance sheet – Exhibit III) reported a combined fund balance of \$75 million, which is an increase of \$27.6 million from last year's total of \$47.4 million.

The slight increase in the fund balance in the General Fund of \$204k can be attributed the General Fund operations roughly breaking even at year end after all the transfers mentioned below under the General Fund Budgetary Highlights.

**CITY OF NEW BRITAIN, CONNECTICUT
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
JUNE 30, 2022**

The increase in fund balance in the Capital Projects Funds of \$22.2M can be attributed to money coming in for Bond Anticipation Notes on the construction of Chamberlain School as well as the receivable from the State of Connecticut for the completed Smalley School project.

The decrease in fund balance in the BOE State and Federal Grants Funds of (\$1.7M) can be attributed to the additional spending of ESSER grant money the BOE received from the State and Federal governments.

The no change in the fund balance of the ARPA Funds can be attributed to money coming in from the Federal Government for ARPA projects but only a small fraction of the total being spent in FY 22 and the rest showing up as unearned revenue to be spent in future fiscal years.

Proprietary Funds

The City's proprietary fund provides the same type of information found in the government-wide financial statements, but in more detail. Unrestricted net position of the Water Enterprise Fund amounted to \$8.6 million and those for the Internal Service funds amounted to \$14.1 million.

The slight increase in the unrestricted net position in the Water Enterprise Fund of \$283k can be attributed the Enterprise Fund operations roughly breaking even at year end.

The significant decrease in unrestricted net position for the Internal Service Funds was due to the Board of Education significantly decreasing their medical insurance contributions by \$8.4 Million while their claims incurred increased by \$4.4 Million to the Special Reserve Fund in FY 22

General Fund Budgetary Highlights

- Tax collections remained high but had a slight decrease in the collection rate of 95.67%
- \$3.0M was transferred into the City's medical self-insurance fund
- \$2.0M was transferred into an account to fund multiple road paving projects.
- \$750k was transferred into an account to fund the replacement of City Hall's Roof and Windows.
- \$100k was transferred into an account to fund the FY 23 Celebrate New Britain event.

Capital Asset and Debt Administration

Capital Assets

At June 30, 2022, the City had \$454.9 million invested in a broad range of capital assets, including land, buildings, park facilities, vehicles and equipment, roads, bridges, and water and sewer lines – Table 4. This amount represents a net increase (including additions and deductions) of \$20 million, or 4.6% over last year.

**CITY OF NEW BRITAIN, CONNECTICUT
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
JUNE 30, 2022**

**TABLE 4
CAPITAL ASSETS**

	Governmental Activities		Business-Type Activities		Total	
	2022	2021	2022	2021	2022	2021
Land	\$ 13,417	\$ 13,417	\$ 1,977	\$ 1,977	\$ 15,394	\$ 15,394
Construction in Progress	37,439	14,256	-	-	37,439	14,256
Buildings and Improvements	242,995	250,300	-	-	242,995	250,300
Equipment	9,320	8,414	-	-	9,320	8,414
Vehicles	4,803	5,821	-	-	4,803	5,821
Infrastructure	97,059	90,956	-	-	97,059	90,956
Water Filtration Assets	-	-	47,850	49,694	47,850	49,694
Totals	<u>\$ 405,033</u>	<u>\$ 383,164</u>	<u>\$ 49,827</u>	<u>\$ 51,671</u>	<u>\$ 454,860</u>	<u>\$ 434,835</u>

For governmental-type funds, this year's major additions included construction in progress of Chamberlain School as well as various street paving and traffic signalization projects under infrastructure that have continued throughout the year.

More detailed information about the City's capital assets is presented in Note 5 to the financial statements.

Long-Term Debt

At June 30, 2022, the City had \$325.1M in bonds and notes outstanding versus \$292.5M last year – an 11.1 percentage increase - as shown in Table 5.

**TABLE 5
OUTSTANDING DEBT**

	Governmental Activities		Business-Type Activities		Total	
	2022	2021	2022	2021	2022	2021
General Obligation Bonds (Backed by the City)	<u>\$ 323,490</u>	<u>\$ 291,049</u>	<u>\$ 1,585</u>	<u>\$ 1,486</u>	<u>\$ 325,075</u>	<u>\$ 292,535</u>

The City's general obligation bond rating from Standard & Poor's and Fitch all national rating agencies, is A, and A- respectively. The state limits the amount of general obligation debt that cities can issue based on formula determined under state statutes based on type of debt and tax base. The City's outstanding general obligation debt is significantly below this \$955.2 million state-imposed limit.

Other obligations include accrued vacation pay, sick leave, net OPEB and pension liabilities. More detailed information about the City's long-term liabilities is presented in Note 7 to the financial statements.

**CITY OF NEW BRITAIN, CONNECTICUT
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
JUNE 30, 2022**

Economic Factors and Next Year's Budgets and Rates

The City's elected and appointed officials considered many factors when setting the fiscal year 2022 budget tax rates and fees that will be charged for the business-type activities. One of those factors is the economy. Unemployment in the City now stands at 5.9% versus 10.90% a year ago. This compares with the state's unemployment rate of 4.3% and the national rate of 3.8%.

These indicators were taken into account when adopting the General Fund budget for 2022-2023. Amounts available for appropriation in the General Fund were \$24.3 million, an increase of 0.85% over the final 2021 amount of \$24.1 million.

Contacting the City's Financial Management

This financial report is designed to provide citizens, taxpayers, customers, investors, and creditors with a general overview of the City's finances and to show the City's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the Finance Department, City of New Britain, 27 West Main Street, New Britain, Connecticut, 06051.

CITY OF NEW BRITAIN, CONNECTICUT
BALANCE SHEET - GOVERNMENTAL FUNDS (CONTINUED)
JUNE 30, 2022
(IN THOUSANDS)

RECONCILIATION TO THE STATEMENT OF NET POSITION

Total Fund Balances - Governmental Funds (Exhibit III)	\$ 74,963
Amounts reported for governmental activities in the statement of net position (Exhibit 1) are different because of the following:	
Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds:	
Governmental Capital Assets	733,991
Less: Accumulated Depreciation	(328,958)
Net Capital Assets	405,033
Other long-term assets are not available to pay for current-period expenditures and, therefore, are not recorded in the funds:	
Property Tax Receivables Greater than 60 Days	12,708
Interest Receivable on Property Taxes	13,403
Housing Loans Receivable	3,930
Other Grant Receivables	25,347
Sewer Receivable	7,187
Deferred Outflows Related to Pensions	54,651
Deferred Outflows Related to OPEB	11,150
Deferred Outflows Related to Contributions made Subsequent to the Measurement Date	
Internal service funds are used by management to charge the costs of risk management to individual funds. The assets and liabilities of the internal service funds are reported with governmental activities in the statement of net position.	14,145
Long-term liabilities, including bonds payable, are not due and payable in the current period and, therefore, are not reported in the funds:	
Bonds and Notes Payable	(323,490)
Clean Water Notes Payable	(982)
Interest Payable on Bonds and Notes	(4,026)
Compensated Absences	(5,406)
Net Pension Liability	(184,745)
Net OPEB Liability	(48,567)
Deferred Amounts on Refunding	4,353
Deferred Discounts on Refundings	898
Unamortized Bond Premium	(9,629)
Deferred Inflows Related to OPEB	(14,989)
Deferred Inflows Related to Pensions	(42,726)
Net Position of Governmental Activities (Exhibit I)	\$ (6,792)

See accompanying Notes to Financial Statements.

CITY OF NEW BRITAIN, CONNECTICUT
STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES
GOVERNMENTAL FUNDS (CONTINUED)
YEAR ENDED JUNE 30, 2022
(IN THOUSANDS)

RECONCILIATION TO THE STATEMENT OF ACTIVITIES

Net Change in Fund Balances - Governmental Funds (Exhibit IV) \$ 27,587

Amounts reported for governmental activities in the statement of activities (Exhibit II) are different because:

Governmental funds report capital outlays as expenditures. In the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense:

Capital Outlay and Other Expenditures	35,796
Depreciation Expense	(13,887)

The statement of activities reports losses arising from the trade-in of existing capital assets to acquire new capital assets. Conversely, governmental funds do not report any gain or loss on a trade-in of capital assets. (40)

Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds, and revenues recognized in the funds are not reported in the statement of activities:

Property Tax Receivable - Accrual Basis Change	286
Property Tax Interest and Lien Revenue - Accrual Basis Change	20
Housing Loans Receivable	(624)
Other Grant Receivables	25,347
Sewer Receivables	916
Change in Deferred Inflows Related to OPEB	3,168
Change in Deferred Inflows Related to Pensions	(14,217)

The issuance of long-term debt (e.g., bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction has any effect on net position. Also, governmental funds report the effect of issuance costs, premiums, discounts, and similar items when debt is first issued, whereas these amounts are amortized and deferred in the statement of activities. The details of these differences in the treatment of long-term debt and related items are as follows:

Proceeds from Refunding Bonds	(35,591)
Proceeds from General Obligation Bonds	(32,950)
Discounts on Refundings	37
Bond Principal Payments	5,730
Payments on Clean Water Fund Notes	349
Payments to Escrow Agent	31,766
Bond Premium	(4,044)

Some expenses reported in the statement of activities do not require the use of current resources and, therefore, are not reported as expenditures in the governmental funds:

Compensated Absences	606
Change in Prior Service Costs	7
Accrued Interest	12
Amortization of Deferred Charge on Refunding	(1,270)
Amortization of Bond Premium	944
Amortization of Bond Discounts	(133)
Net OPEB Expense	(1,233)
Net Pension Income	13,106
Change in Deferred Outflows Related to Pensions	(4,970)
Change in Deferred Outflows Related to OPEB	(1,571)

Internal service funds are used by management to charge costs to individual funds. The net revenue of certain activities of internal services funds is reported with governmental activities. (13,156)

Change in Net Position of Governmental Activities (Exhibit II) \$ 21,991

See accompanying Notes to Financial Statements.

CITY OF NEW BRITAIN, CONNECTICUT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022
(AMOUNTS EXPRESSED IN THOUSANDS)

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the City of New Britain (the City) have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The more significant policies of the City are described below.

A. Reporting Entity

Primary Government

The City of New Britain, Connecticut (the City) became a consolidated City in 1905 with a Mayor-Council-Commission form of government. The Mayor and Council serve concurrent two-year terms and operate under a Charter adopted in 1961, with the latest revision in 2016. The Common Council, the legislative body, is comprised of fifteen (15) Aldermen elected biennially: consisting of two (2) members elected from each of the five (5) Common Council Districts and five (5) elected at large. Other elected officials include the City and Town Clerk, Collector of Taxes, Treasurer, and three (3) members of the Board of Assessment Appeals.

The municipal budget is prepared by the Board of Finance and Taxation and the Mayor who submits recommendations to the Common Council for adoption.

All department heads report directly to the Mayor.

The City has the power to incur indebtedness by issuing bonds or notes as provided by Charter and Connecticut General Statutes.

The City operates and maintains a public water supply system, known as the City of New Britain Water Department.

The City provides the following services as authorized by its Charter: Education, Water, Sewer, Refuse, Public Works, Public Safety, Parks, Recreation, Libraries, and Health and Human Services.

Joint Ventures

The City is a participant in one joint venture as described below.

Bristol Resource Recovery Facility Operating Committee

The City is a participant with 14 other cities and towns in a joint venture, the Bristol Resource Recovery Facility (BRRFOC). BRRFOC was created pursuant to an Inter-Community Agreement to exercise certain rights on behalf of the Contracting Municipalities in dealing with the trash-to-energy plant built by Ogden Martin Systems of Bristol, Inc., now known as Covanta Bristol, Inc. (Covanta). The governing board consists of City officials appointed by each of the participating municipalities and assumes all the management decisions.

(AMOUNTS EXPRESSED IN THOUSANDS)

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

A. Reporting Entity (Continued)

Joint Ventures (Continued)

Bristol Resource Recovery Facility Operating Committee (Continued)

A complete set of financial statements for BRRFOC can be obtained from the administrative office at 43 Enterprise Drive, Bristol, Connecticut 06010.

Jointly Governed Organizations

The Mattabassett District

The Mattabassett District is a quasi-municipal district established in accordance with state statutes to provide sewer treatment services for the Towns of Berlin, Cromwell, Newington, Rocky Hill, and the Cities of New Britain and Middletown. A 16-person Board of Directors is appointed by the four member towns of Berlin, Cromwell, New Britain, and Middletown appointing five members, Berlin appoints three members, and Cromwell appoints three members. The Board of Directors is responsible for hiring, firing, purchasing, administration, budget adoption, and fiscal operations. The District may issue bonds in its own name. The Mattabassett District levies its annual assessment, which the City is obligated to pay.

Accounting principles generally accepted in the United State of America require that the reporting entity include the primary government, organizations for which the primary government is financially accountable, and other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete. A government is financially accountable for a legally separate organization if it appoints a voting majority of the organization's governing body and there is a potential for the organization to provide specific financial benefits to, or impose specific financial burdens on, the government. These criteria have been considered and have resulted in the inclusion of the fiduciary component units as detailed below.

Fiduciary Component Units

The Town has established two single-employer Public Retirement Systems (PERS) and one postretirement health care benefits (OPEB) plan to provide retirement benefits and post-retirement health care benefits primary to employees and their beneficiaries. The Town performs the duties of a governing board for the Pension and OPEB plans and is required to make contributions to the pension and OPEB plans.

The financial statements of the fiduciary component units are reported as Pension and OPEB Trust fund in the fiduciary fund financial statements. Separate financial statements have not been prepared for the fiduciary component units.

CITY OF NEW BRITAIN, CONNECTICUT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022
(AMOUNTS EXPRESSED IN THOUSANDS)

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B. Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the City. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, including fiduciary component units, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 120 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to lease liabilities, compensated absences and claims and judgments, are recorded only when payment is due.

CITY OF NEW BRITAIN, CONNECTICUT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022
(AMOUNTS EXPRESSED IN THOUSANDS)

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation (Continued)

Property taxes, charges for services, license and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Only the portion of special assessments receivable due within the current fiscal period is considered to be susceptible to accrual as revenue of the current period. All other revenue items are considered to be measurable and available only when cash is received.

The City reports the following major governmental funds:

General Fund

The General Fund is the City's primary operating fund. It accounts for all financial resources of the City, except those required to be accounted for in another fund. The major sources of revenue for this fund are property taxes and governmental grants.

Capital Projects Fund

The Capital projects Fund is used to account for the financial resources for the acquisition or construction of major capital facilities, other than those financed by proprietary funds. The major sources of revenue for this fund are bond proceeds and governmental grants.

BOE State and Federal Grants Fund

The BOE State and Federal Grants Fund accounts for educational grant programs funded by the federal and state governmental and other local agencies. The major source of revenue for this fund is governmental grants.

ARPA Fund

The ARPA Fund accounts for expenditures under the American Rescue Plan Act. The major source of revenue for this fund is from the federal government passed through the state of Connecticut.

The City reports the following major proprietary funds:

Water Enterprise Fund

The Water Enterprise Fund accounts for all activities related to the transmission and distribution of drinking water.

Additionally, the City reports the following fund types:

Internal Service Funds

The Internal Service Funds account for the risk management activities for the City.

CITY OF NEW BRITAIN, CONNECTICUT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022
(AMOUNTS EXPRESSED IN THOUSANDS)

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

**C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation
(Continued)**

Pension and OPEB Trust Fund

The Pension and OPEB Trust Fund accounts for the activities of the New Britain police and fire retirement system, which accumulates resources for pension benefit payments to qualified City employees and also the activities of the City and Board of Education for other postemployment benefits payments to qualified retired employees.

Custodial Fund

The Custodial Fund accounts for fiduciary activities related to the collection of taxes for the Downtown District.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are payments in lieu of taxes and other charges between certain City's functions because the elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Amounts reported as program revenues include 1) charges to customers or applicants for goods, services or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include property taxes.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the Water Enterprise Fund, and of the City's Internal Service Funds, are charges to customers for sales and services. Operating expenses for enterprise funds and internal service fund include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources as they are needed. Unrestricted resources are used in the following order: committed, assigned, then unassigned.

(AMOUNTS EXPRESSED IN THOUSANDS)

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Adoption of New Accounting Standards

GASB Statement No. 87, Leases

In June 2017, the GASB issued GASB Statement No. 87, *Leases*. This standard requires the recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and as inflows of resources or outflows of resources recognized based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under this standard, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources.

The City adopted the requirements of the guidance effective July 1, 2021 and has applied the provisions of this standard to the beginning of the period of adoption.

E. Deposits and Investments

The City's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition.

State statutes authorize the City to invest in obligations of the U.S. Treasury, commercial paper, corporate bonds, repurchase agreements, and certain other investments as described in Note 3.

Investments for the City are reported at fair value.

F. Receivables and Payables

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the noncurrent portion of interfund loans). All other outstanding balances between funds are reported as "due to/from other funds." Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances." All trade and property tax receivables are shown net of an allowance for uncollectibles.

The City's property taxes are levied each June on 70% of the assessed value listed on the prior October 1 Grand List for all taxable property located in the City. Although taxes are levied in June, the legal right to attach property does not exist until July 1 and, as such, taxes are due and payable in two installments on July 1 and January 1 following the date of the Grand List. Taxes are overdue on August 1, and interest is levied at 1-1/2% per month. The City files liens against property if taxes, which are due July 1, remain unpaid on the following June 30.

The City has established a reserve in the amount of \$4,930 for property taxes receivable and interest receivable that are deemed to be uncollectible.

CITY OF NEW BRITAIN, CONNECTICUT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022
(AMOUNTS EXPRESSED IN THOUSANDS)

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

G. Inventories and Prepaid Items

All inventories are valued at cost using the first-in/first-out (FIFO) method. Inventories of governmental funds are recorded as expenditures when consumed rather than when purchased.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

H. Capital Assets

Capital assets, which include property, plant, equipment and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets, other than infrastructure assets, are defined by the government as assets with an initial, individual cost of more than \$5,000 (amount not rounded) and an estimated useful life in excess of five years.

The government reports infrastructure on a subsystem basis. Accordingly, the amounts spent for the construction or acquisition of infrastructure assets are capitalized and reported in the government-wide financial statements regardless of their amount.

In the case of the initial capitalization of general infrastructure assets (i.e., those reported by governmental activities), the government chose to include all such items regardless of their acquisition date or amount. The government was able to estimate the historical cost for the initial reporting of these assets through backtracking (i.e., estimating the current replacement cost of the infrastructure to be capitalized and using an appropriate price-index to deflate the cost to the acquisition year or estimated acquisition year). As the government constructs or acquires additional capital assets each period, including infrastructure assets, they are capitalized and reported at historical cost. The reported value excludes normal maintenance and repairs which are essentially amounts spent in relation to capital assets that do not increase the capacity or efficiency of the item or extend its useful life beyond the original estimate. In the case of donations, the government values these capital assets at the estimated acquisition value at the date of its donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed.

CITY OF NEW BRITAIN, CONNECTICUT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022
(AMOUNTS EXPRESSED IN THOUSANDS)

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

H. Capital Assets (Continued)

Property, plant, and equipment of the primary government is depreciated using the straight-line method over the following estimated useful lives:

Buildings	25 to 30 Years
Building Improvements	20 Years
Machinery and Equipment	5 to 20 Years
Vehicles	5 Years
Infrastructure	10 to 65 Years

I. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position or fund balance that applies to a future period or periods and so will not be recognized as an outflow of resources (expense/expenditure) until then. The City reports a deferred charge on refunding and deferred outflows related to pensions and OPEB in the government-wide statement of net position. A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt. A deferred outflow of resources related to pensions and OPEB results from differences between expected and actual experience, changes in assumptions or other inputs. These amounts are deferred and included in pension expense in a systematic and rational manner over a period equal to the average of the expected remaining service lives of all employees that are provided with benefits through the pension and OPEB plan (active employees and inactive employees).

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position or fund balance that applies to a future period or periods and so will not be recognized as an inflow of resources (revenue) until that time. The City reports advance property tax collections in the government-wide statement of net position and in the governmental funds balance sheet and deferred inflows related to pensions and OPEB in the government-wide statement of net position. Advance property tax collections represent taxes and fees inherently associated with a future period. This amount is recognized during the period in which the revenue is associated. A deferred inflow of resources related to pensions and OPEB result from differences between expected and actual experience, changes in assumptions or other inputs. These amounts are deferred and included in pension expense in a systematic and rational manner over a period equal to the average of the expected remaining service lives of all employees that are provided with benefits through the pension plan (active employees and inactive employees). For governmental funds, the City reports unavailable revenue, which arises only under the modified accrual basis of accounting. The governmental funds report unavailable revenues from several sources: property taxes, sewer fees, and long-term loans. These amounts are deferred and recognized as an inflow of resources (revenue) in the period in which the amounts become available.

CITY OF NEW BRITAIN, CONNECTICUT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022
(AMOUNTS EXPRESSED IN THOUSANDS)

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

J. Compensated Absences

Under the terms of its various union contracts, City and Board of Education employees are permitted to accumulate earned but unused sick pay benefits and, with approval, vacation benefits. The accumulated liability for sick time and vacation, as reported in the governmental funds, at the end of fiscal year was valued at \$5,576. The City and Board of Education compensated absences are generally liquidated by the General Fund.

K. Net Pension Liability

The net pension liability is measured as the portion of the actuarial present value of projected benefits that is attributed to past periods of employee service (total pension liability), net of the pension plan's fiduciary net position. The pension plan's fiduciary net position is determined using the same valuation methods that are used by the pension plan for purposes of preparing its statement of fiduciary net position. The net pension liability is measured as of a date (measurement date) no earlier than the end of the employer's prior fiscal year, consistently applied from period to period.

L. Net OPEB Liability

The net OPEB liability is measured as the portion of the present value of projected benefit payments to be provided to current active and inactive employees that is attributed to those employees' past periods of service (total OPEB liability), less the amount of the OPEB plan's fiduciary net position. The OPEB plan's fiduciary net position is determined using the same valuation methods that are used by the OPEB plan for purposes of preparing its statement of fiduciary net position. The net OPEB liability is measured as of a date (measurement date) no earlier than the end of the employer's prior fiscal year, consistently applied from period to period.

M. Long-Term Obligations

In the government-wide financial statements and proprietary fund types, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of any significant applicable bond premium or discount. Bond issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

(AMOUNTS EXPRESSED IN THOUSANDS)

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

N. Fund Equity

Equity in the government-wide financial statements is defined as “net position” and is classified in the following categories:

Net Investment in Capital Assets – This component of net position consists of capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.

Restricted Net Position – Net position is restricted because it is externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or imposed by law through constitutional provisions or enabling legislation.

Unrestricted Net Position – This component consists of net position that does not meet the definition of “restricted” or “invested in capital assets.”

Nonspendable Fund Balance – This represents amounts that cannot be spent due to form (e.g., inventories and prepaid amounts).

Equity of the fund financial statements is defined as “fund balance: and is classified in the following categories:

Restricted Fund Balance – This represents amounts constrained for a specific purpose by external parties, such as grantors, creditors, contributors, or laws and regulations of their governments.

Committed Fund Balance – This represents amounts constrained for a specific purpose by a government using its highest level of decision-making authority (City of New Britain Common Council). A resolution approved by the Common Council of the City of New Britain is required to modify or rescind a fund balance commitment.

Assigned Fund Balance – This balance represents amounts constrained for the intent to be used for a specific purpose by a governing board or official that has been delegated authority to assign amounts by the City Charter. A resolution approved by the Common Council of the City of New Britain is required to modify or rescind a fund balance assignment.

Unassigned Fund Balance – This represents fund balance in the General Fund in excess of nonspendable, restricted, committed, and assigned fund balance. If another governmental fund has a fund balance deficit, it is reported as a negative amount in unassigned fund balance.

CITY OF NEW BRITAIN, CONNECTICUT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022
(AMOUNTS EXPRESSED IN THOUSANDS)

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

O. Accounting Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 2 STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

A. Budgetary Information

The City uses the following procedures in establishing the budgetary data included in the financial statements for the General Fund, the City's only budgeted fund.

City department heads are required to submit to the Mayor estimates in detail of the amounts of money required by their department for the ensuing fiscal year. For these submissions, the Mayor and the Board of Finance and Taxation shall prepare an annual budget of the City. The proposed budget shall include the rate of taxation, a statement of bonds to mature and interest payable, as well as the capital budget. The final vote of the Common Council to approve the Mayor's proposed budget for the ensuing fiscal year shall be by majority vote. If the Mayor shall disapprove, he shall issue a veto message and a two-thirds vote of the Common Council shall be required to override the veto.

Advisory budgets for Special Revenue Funds which are utilized to account for specific grant programs are established in accordance with the requirements of the grantor agencies. In some instances, such budgets comprehend more than one fiscal year and are comprehending a fiscal period that does not coincide with the City's fiscal year. Such budgets are not legally adopted by the City.

Legal authorization for Capital Projects Fund spending is provided by the related bond ordinances and/or intergovernmental grant agreements.

Special appropriations requiring an increase in estimated income and expenditures in any fund shall be approved by two-thirds vote of the Common Council. A transfer of monies external to a departmental budget shall be authorized by a majority vote of the Common Council. The Mayor shall be authorized to transfer monies within a department budget upon written request. The limit for any individual line item transfer shall depend on its classification, which is spelled out in the ordinance.

Additional appropriations for the fiscal year were \$1,017.

The City's budgeting system requires accounting for certain transactions be on a basis other than generally accepted accounting principles (GAAP basis). A major difference between the budget and GAAP basis is that encumbrances are recognized as a charge against a budget appropriation in the year in which the purchase order is issued, and, accordingly, encumbrances outstanding at year-end are recorded in budgetary reports as expenditures in the current year, whereas, on a GAAP basis, encumbrances are recorded as reservations of fund balance.

**CITY OF NEW BRITAIN, CONNECTICUT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022
(AMOUNTS EXPRESSED IN THOUSANDS)**

NOTE 2 STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY (CONTINUED)

A. Budgetary Information (Continued)

Unencumbered appropriations lapse at year-end with the exception of the Capital Projects Fund.

Also, in accordance with the provision of GASB Statement No. 24, the City has reported “on-behalf” payments made by the state of Connecticut into the teachers’ retirement system in the governmental funds.

Encumbrance are recognized as a valid and proper charge against a budget appropriation in the year in which the purchase order, contract or other commitment is issued, and accordingly, encumbrances outstanding at year-end are reported in budgetary reports as expenditures in the current year. Generally, all unencumbered appropriations lapse at year-end. There were no open encumbrances at the end of the year.

B. Deficit Fund Equity

The following funds have a deficit fund balance/net position at June 30, 2022:

Nonmajor:

Special Revenue Funds:

Stanley Quarter Park	\$	119
Cemetery		997
Local Capital Improvement		220
21st Century After School Grant		42
Exercise the Right Choice II		4
Centralized and Distribution Services		236
Federal Omnibus Appropriation		91
Highway Safety Grant		325
Mayor's Fun Day		123
Assistance to CCSU Police Department		5
ARRA Paving Program		350
Fireworks Fund		25
Business Outreach Center		52
Emergency Shelter Grant		39
Redevelopment Commission		6
Brownfield Pilot		5
EFSP Program		13
Neighborhood Stabilization Program		53
American the Beautiful Forestry		2
Camp Schade		10
Opioid Fund		33

Internal Service Funds:

Workers' Compensation		5,207
-----------------------	--	-------

CITY OF NEW BRITAIN, CONNECTICUT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022
(AMOUNTS EXPRESSED IN THOUSANDS)

NOTE 2 STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY (CONTINUED)

B. Deficit Fund Equity (Continued)

The special revenue funds deficit balances will be eliminated by program income. Internal Service funds deficit balances will be eliminated from future contributions from the General Fund.

C. Expenditures Over Appropriations

The following individual lines within the General Fund budget indicated expenditures that exceeded their appropriations:

<u>Department</u>	<u>Final Budget</u>	<u>Actual</u>	<u>Variance</u>
Public Buildings	\$ 2,922	\$ 2,924	\$ (2)
Pensions and Benefit Contributions	25,276	25,312	(36)

NOTE 3 CASH, CASH EQUIVALENTS, AND INVESTMENTS

The deposit of public funds is controlled by the Connecticut General Statutes (Section 7-402). Deposits may be made in a “qualified public depository” as defined by Statute or, in amounts not exceeding the Federal Deposit Insurance Corporation insurance limit, in an “out of state bank” as defined by the Statutes, which is not a “qualified public depository.”

The Connecticut General Statutes (Section 7-400) permit municipalities to invest in: 1) obligations of the United States and its agencies, 2) highly rated obligations of any state of the United States or of any political subdivision, authority or agency thereof, and 3) shares or other interests in custodial arrangements or pools maintaining constant net asset values and in highly rated no-load open end money market and mutual funds (with constant or fluctuating net asset values) whose portfolios are limited to obligations of the United States and its agencies, and repurchase agreements fully collateralized by such obligations. Other provisions of the Statutes cover specific municipal funds with particular investment authority. The provisions of the Statutes regarding the investment of municipal pension funds do not specify permitted investments. Therefore, investment of such funds is generally controlled by the laws applicable to fiduciaries and the provisions of the applicable plan.

The Statutes (Sections 3-24f and 3-27f) also provide for investment in shares of the State Short-Term Investment Fund (STIF) and the State Tax Exempt Proceeds Fund (TEPF). These investment pools are under the control of the State Treasurer, with oversight provided by the Treasurer’s Cash Management Advisory Board and are regulated under the state Statutes and subject to annual audit by the Auditors of Public Accounts. Investment yields are accounted for on an amortized-cost basis with an investment portfolio that is designed to attain a market-average rate of return throughout budgetary and economic cycles. Investors accrue interest daily based on actual earnings, less expenses and transfers to the designated surplus reserve, and the fair value of the position in the pool is the same as the value of the pool shares.

CITY OF NEW BRITAIN, CONNECTICUT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022
(AMOUNTS EXPRESSED IN THOUSANDS)

NOTE 3 CASH, CASH EQUIVALENTS, AND INVESTMENTS (CONTINUED)

A. Deposits

Deposit Custodial Credit Risk

Custodial credit risk is the risk that, in the event of a bank failure, the City's deposit will not be returned. The City does not have a deposit policy for custodial credit risk. The deposit of public funds is controlled by the Connecticut General Statutes. Deposits may be placed with any qualified public depository that has its main place of business in the state of Connecticut. Connecticut General Statutes require that each depository maintain segregated collateral (not required to be based on a security agreement between the depository and the municipality and, therefore, not perfected in accordance with federal law) in an amount equal to a defined percentage of its public deposits based upon the depository's risk-based capital ratio.

Based on the criteria described in GASB Statement No. 40, *Deposits and Investment Risk Disclosures*, \$178,046 of the City's bank balance of \$180,601 was exposed to custodial credit risk as follows:

Uninsured and Uncollateralized	\$ 159,989
Uninsured and Collateral Held by the Pledging Bank's Trust Department, not in the City's Name	18,057
Total Amount Subject to Custodial Credit Risk	\$ 178,046

The City had no cash equivalents at June 30, 2022.

B. Investments

As of June 30, 2022, the City had the following investments:

<u>Investment Type</u>	<u>Fair Value</u>	<u>Investment Maturities (Years)</u>		
		<u>Less Than 1</u>	<u>1 - 10</u>	<u>More Than 10</u>
Interest-Bearing Investments:				
U.S. Government Securities	\$ 3,648	\$ 314	\$ 2,372	\$ 962
U.S. Government Backed Agencies	723	-	714	9
Corporate Bonds	16,101	3,417	12,145	539
Total	20,472	\$ 3,731	\$ 15,231	\$ 1,510
Other Investments:				
Mutual Funds - Equities	110,742			
Mutual Funds - Bonds	34,580			
Total Investments	\$ 165,794			

CITY OF NEW BRITAIN, CONNECTICUT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022
(AMOUNTS EXPRESSED IN THOUSANDS)

NOTE 3 CASH, CASH EQUIVALENTS, AND INVESTMENTS (CONTINUED)

B. Investments (Continued)

Average Rating	Corporate Bonds	U.S. Government Securities	U.S. Government Agencies	Bond Mutual Funds
Aaa	\$ 535	\$ 3,648	\$ -	\$ -
Aa1	-	-	-	-
Aa2	394	-	-	-
Aa3	2	-	-	-
A1	1,813	-	-	-

Unrated	1,050	-	723	34,580
Total	<u>\$ 16,101</u>	<u>\$ 3,648</u>	<u>\$ 723</u>	<u>\$ 34,580</u>

The City categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements); followed by quoted prices in inactive markets or for similar assets or with observable inputs (Level 2 measurements); and the lowest priority to unobservable inputs (Level 3 measurements).

CITY OF NEW BRITAIN, CONNECTICUT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022
(AMOUNTS EXPRESSED IN THOUSANDS)

NOTE 3 CASH, CASH EQUIVALENTS, AND INVESTMENTS (CONTINUED)

B. Investments (Continued)

The City has the following recurring fair value measurements as of June 30, 2022:

	June 30, 2022	Fair Value Measurements Using		
		Level 1	Level 2	Level 3
Investments by Fair Value Level:				
U.S. Government Securities	\$ 3,648	\$ 3,648	\$ -	\$ -
U.S. Government Backed Agencies	723	-	723	-
Corporate Bonds	16,101	14,892	1,209	-
Mutual Funds	145,322	141,885	3,437	-
Total Investments by Fair Value Level	<u>\$ 165,794</u>	<u>\$ 160,425</u>	<u>\$ 5,369</u>	<u>\$ -</u>

Debt and equity securities classified in Level 1 of the fair value hierarchy are valued using prices quoted in active markets for those securities. Debt securities classified in Level 2 of the fair value hierarchy are valued using a matrix pricing technique. Matrix pricing is used to value securities based on the securities' relationship to benchmark quoted prices. The City has no Level 3 investments.

Interest Rate Risk

The City does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Credit Risk - Investments

As indicated above, state Statutes limit the investment options of cities and towns. The City has no investment policy that would further limit its investment choices.

Concentration of Credit Risk

The City has no policy limiting an investment in any one issuer that is in excess of 5% of the City's total investments.

Custodial Credit Risk

Custodial credit risk for an investment is the risk that, in the event of the failure of the counterparty (the institution that pledges collateral or repurchase agreement securities to the City or that sells investments to or buys them for the City), the City will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The City does not have a policy for custodial credit risk. At June 30, 2022, the City had no uninsured and unregistered securities held by the counterparty, or by its trust department or agent that were not in the City's name.

* Amount was restated by \$799 to account for a directly placed Clean Water Fund Note.

Expenditures for compensated absences and net pension liabilities will be funded through the General Fund and the Water Enterprise fund. OPEB expense will be funded by the health insurance fund and OPEB Trust Funds.

CITY OF NEW BRITAIN, CONNECTICUT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022
(AMOUNTS EXPRESSED IN THOUSANDS)

NOTE 7 LONG-TERM DEBT (CONTINUED)

Debt Limit

The City's indebtedness does not exceed the legal debt limitations as required by the Connecticut General Statutes as reflected in the following schedule:

<u>Category</u>	<u>Debt Limit</u>	<u>Net Indebtedness</u>	<u>Balance</u>
General Purpose	\$ 307,058	\$ 299,420	\$ 7,638
Schools	614,115	123,848	490,267
Sewers	511,763	24,365	487,398
Urban Renewal	443,528	-	443,528
Pension Deficit	409,410	-	409,410

The total overall statutory debt limitation for the City is equal to seven times annual receipts from taxation (\$955,290).

The indebtedness above includes \$98,818 of authorized bonds that were unissued as of June 30, 2022 for various projects.

The Water Department Enterprise Fund is used to account for the operations of the City of New Britain Water Department in a manner similar to private business enterprises. Under Section 7-374B of the General Statutes of Connecticut, water bonds are treated as self-liquidating debt and are excluded in determining the net bonded debt.

Subway bonds represent debt related to constructing and maintaining underground conduits for electric light and telephone wires and cables. The bonds are general obligations of the City, which are financed by assessments levied against the utility companies which use the system. Under Section 7-374B of the General Statutes, the bonds are treated as self-liquidating and are excluded in determining the net bonded debt.

Overlapping Debt

As explained in Note 1, the Mattabassett District has been empowered by the state of Connecticut to issue bonds in its own name. The Mattabassett District has an outstanding of \$83,428 debt issued under the state of Connecticut's Clean Water Revolving Fund Program in connection with the design and construction of a Waste Water Pollution Facility Nitrogen Upgrade Project. As a member of the Mattabassett District, the City is assessed a pro-rate share of 38.69% of the District debt, which is reflected as overlapping debt. As of June 30, 2022, \$48,914 has been drawn upon and \$18,924 represents the City's share of the debt as of that date.

CITY OF NEW BRITAIN, CONNECTICUT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022
(AMOUNTS EXPRESSED IN THOUSANDS)

NOTE 7 LONG-TERM DEBT (CONTINUED)

In June of 2022, the City issued \$32,950 of general obligation bonds along with general obligation refunding bonds Series B for \$7,495 and Series C for \$28,725. These bonds have an interest rate of 5% and matures on March 1, 2047. The refunding bonds were issued to advance refund the City's debt as follows:

General Obligation Bonds Series 2018 TERM 39	\$	150
General Obligation Bonds Series 2008A		865
General Obligation Bonds Series 2008B		1,550
General Obligation Bonds Series 2013		6,745
General Obligation Bonds Series 2015A, SERIAL		3,215
General Obligation Bonds Series 2015A, TERM 35		2,275
General Obligation Bonds Series 2016		2,040
General Obligation Bonds Series 2017C		675
General Obligation Bonds Series 2018B, TERM 32		2,775
General Obligation Bonds Series 2018B, SERIAL		3,100
General Obligation Bonds Series 2018C, SERIAL		540
General Obligation Bonds Series 2018C, TERM 31		300
General Obligation Bonds Series 2018C, TERM 33		590
General Obligation Bonds Series 2018C, TERM 38		1,200
General Obligation Bonds Series 2019		3,380
General Obligation Bonds Series 2020B		1,500
Total Amount Refunded	<u>\$</u>	<u>30,900</u>

The Series B net proceeds of \$6,818 (after capitalized interest received of \$513, discount of \$37 and payments of \$127) and Series C net proceeds of \$25,565 (after capitalized interest received of \$2,620 and payments of \$540) were deposited with an escrow agent in an irrevocable trust fund. The proceeds were used to buy a portfolio of direct obligations of, or obligations guaranteed by, the United States of America to provide all future debt service payments on the refunded bonds. The current year refunding will reduce total debt service payments over the next 10 years. The debt service overall for the next 25 years will increase by approximately \$35,291 and represent an economic loss (difference between present values of the debt service payments on the old and new debt) of \$11,918. The escrow balance at June 30, 2022 is \$7,450

As of June 30, 2022, the amount of defeased debt outstanding from all refunding issues \$110,540. These amounts are removed from the governmental activities and business type activities columns of the statement of net position.

(AMOUNTS EXPRESSED IN THOUSANDS)**

NOTE 7 LONG-TERM DEBT (CONTINUED)

Bond Anticipation Notes and Interim Financing

The following short-term obligations were outstanding at June 30, 2022 in the capital projects fund:

Description	Fund	Rate	Maturity Date	Beginning Balance	Additions	Reductions	Ending Balance
Bond Anticipation Notes	Capital Projects Fund	0.35%	9/19/2022	-	30,000	-	30,000
DWSRF 2022-7100*	Capital Projects Fund	2.00%	TBD	-	335	-	335
DWSRF 2022-7099*	Capital Projects Fund	2.00%	TBD	-	469	-	469

*Proceeds from the state of Connecticut under the clean water financing agreement are treated as short-term obligation until such time that a final debt agreement is permanently financed.

NOTE 8 RISK MANAGEMENT

Insurance coverages are purchased by the City for the following exposures:

- Property damage
- Auto liability
- Boiler and machinery exposures

A. Property Damage

Purchased insurance covers physical loss or damage to City property (other than vehicles). Generally, the deductible is \$25; different deductibles apply to certain classes of property and types of loss. The City maintains a blanket building and contents policy on a 90% co-insurance coverage basis.

B. Auto Liability

The insured limit of coverage is \$3,000 with no deductible; uninsured/underinsured motorists' coverage is \$40, no deductible. The policy provides liability coverage for both vehicles and mobile equipment.

C. Boiler and Machinery Exposures

Insurance coverage includes direct damage limit per accident of \$40; the deductible is \$25. This policy provides coverage for damage resulting from sudden and accidental breakdown of boilers, refrigeration and air conditioning equipment, pressure vessels, piping, and accessory equipment.

CITY OF NEW BRITAIN, CONNECTICUT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022
(AMOUNTS EXPRESSED IN THOUSANDS)

NOTE 8 RISK MANAGEMENT (CONTINUED)

D. Self-Insurance Plans

The City is self-insured, or maintains large risk retentions, with regard to the following types of coverage:

- Medical Health Insurance
- General Liability
- Workers' Compensation (including Policemen and Firemen Hypertension)
- Employee Fiduciary Bonds (except for the Tax Collector, Treasurer, and selected Treasury/Finance personnel)

The City has opted to manage certain of its risks internally and set aside assets for claim settlement in its Internal Service Funds. The Internal Service Funds are used to account for the City's medical, workers' compensation and general accident, casualty and liability risks.

The City's medical self-insurance program is administered by Blue Cross/Blue Shield. Under the medical plan, the City self-insures individual coverage up to a maximum of \$200 for major medical, and for hospitalization for the contract year July 1, 2016 to June 30, 2022. The City has obtained coverage that insures claims in excess of these amounts. When a claim is submitted, the administrator processes and pays the claims from funds accumulated by the City in an internal service fund. The internal service fund is funded annually by the City's General Fund and the Board of Education based upon information provided by the administrator using an actuarial method to determine such information. The charges by the internal service fund to the City's General Fund are to be adjusted over future contract years so that internal service fund revenues and expenses are approximately equal over such period of time. The City's medical claim liability of approximately \$780 is reported in the internal service fund at June 30, 2022.

The City's self-insurance program for general accident, casualty, and liability is administered internally. When a claim is submitted, the City processes and pays the claim from funds now accumulated by the City in an internal service fund. The General Liability Internal Service Fund was funded in 1994 to the extent that the City's financial resources would be required during the next 12 months. The charges by the General Liability Internal Service Fund to other funds will be adjusted over future years so that internal service revenues and expenses are approximately equal over such period of time. The City currently carries excess general liability insurance coverage, which reflects a self-insured retention of \$500. The City retains the first \$500 per occurrence; coverage is provided by the insurer for the next \$3,000 per occurrence/\$4,000 aggregate.

CITY OF NEW BRITAIN, CONNECTICUT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022
(AMOUNTS EXPRESSED IN THOUSANDS)

NOTE 8 RISK MANAGEMENT (CONTINUED)

D. Self-Insurance Plans (Continued)

The insurance coverage includes a stop loss feature, providing coverage after the City has paid \$1,300 cumulative accident year claims. Separate policies for special risks are carried by the City to complement the self-insured program; these include:

- Owners, landlords, and tenants' liability coverage for the Fafnir property and for foreclosed properties
- Liability coverage for the Terrific Toys program

The City's self-insurance program for workers' compensation is administered internally. When a claim is submitted, the City processes and pays the claim from funds now accumulated by the City in an internal service fund. The Workers' Compensation Internal Service Fund was funded in 1994 to the extent that the City's financial resources would be required during the next 12 months. The charges by the Workers' Compensation Internal Service Fund to other funds will be adjusted over future years so that internal service revenues and expenses are approximately equal over such period of time. The City's aggregate workers' compensation claim liability of approximately \$12.0 million has been recorded in the workers' compensation internal service fund. The City currently carries excess workers' compensation insurance coverage. The City retains the first \$1,000 per accident; limits are statutory.

Settled claims have not exceeded the commercial coverages in any of the previous three years and there has not been a significant reduction in coverage in the period July 1, 2019 and June 30, 2022.

The changes in the claim reserves for the fiscal years ended June 30, 2022 and 2021 are as follows:

	June 30, 2022			June 30, 2021		
	Medical	Workers' Compensation	General Accident Casualty and Liability	Medical	Workers' Compensation	General Accident Casualty and Liability
Beginning of Year Claim Reserve	\$ 611	\$ 12,328	\$ 2,982	\$ 602	\$ 11,465	\$ 2,999
Current Year Incurred Claims and Changes in Prior Year Estimate	12,473	4,249	90	11,928	3,557	59
Claim Payments	(12,121)	(3,184)	(102)	(11,919)	(2,694)	(76)
End of Year Claim Reserve	<u>\$ 963</u>	<u>\$ 13,393</u>	<u>\$ 2,970</u>	<u>\$ 611</u>	<u>\$ 12,328</u>	<u>\$ 2,982</u>

CITY OF NEW BRITAIN, CONNECTICUT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022
(AMOUNTS EXPRESSED IN THOUSANDS)

NOTE 9 EMPLOYEE RETIREMENT SYSTEMS AND PENSION PLANS

A. Pension Trust Funds

The City is the administrator of a single-employer public employee retirement system (PERS). The City maintains two plans that establish and administer pension benefits for both its Police and Fire Department employees, respectively. Benefits and contributions under this retirement system are established by the City and may be amended only by the City Council. The PERS is considered to be part of the City's financial reporting entity and is included in the City's financial reports as pension trust funds. A separate stand-alone financial report for the PERS is not issued by the City.

Management of the plans rests with the PERS Board, which consists of five members: the Finance Director, Mayor, Majority and Minority Leaders, and the President of the Board of Finance and Taxation.

B. Summary of Significant Accounting Policies

Basis of Accounting

Financial statements are prepared using the accrual basis of accounting for the two defined benefit pension plans. Employee and employer contributions are recognized as revenues in the period in which employee services are performed. Benefits and refunds are recognized when due and payable in accordance with the terms of the plans.

Method Used to Value Investments

Investments are reported at fair value. Investment income is recognized as earned.

Plan Description and Benefits Provided

Under the plans, all City police employees hired on or before July 1, 2000 are eligible; those hired after this date shall be enrolled in the Connecticut Municipal Employees' Retirement Fund B. All Fire Department employees hired on or before July 1, 1995 are eligible; those hired after July 1, 1995 shall be enrolled in the Connecticut Municipal Employees' Retirement Fund B. Consequently, these are "closed plans." Police Department and Fire Department employees are 100% vested after 10 years of service. If an employee leaves covered employment or dies before he or she is vested, accumulated employee contributions are refunded without interest. The retirement benefit is calculated at 50% (2 1/2% per year for the first 20 years) of the compensation being paid to an active member of the same grade as that at which the member retired, except that firemen may contribute at the level of a lieutenant's pay and retire at that grade and patrolmen may contribute at the level of a sergeant's pay and retire at that grade. An additional 1/2% of pay is added for each of the next five years of allowable service plus 1% for each year of allowable service over 25 years to a maximum of 80%.

**CITY OF NEW BRITAIN, CONNECTICUT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022
(AMOUNTS EXPRESSED IN THOUSANDS)**

NOTE 9 EMPLOYEE RETIREMENT SYSTEMS AND PENSION PLANS (CONTINUED)

B. Summary of Significant Accounting Policies (Continued)

As of the most recent actuarial valuation, PERS membership consisted of:

Retirees and Beneficiaries Currently Receiving Benefits		
Receiving Them	221	163
Active Plan Members	15	28
Total	236	191

Funding Policy and Progress

The employees hired prior to July 1, 1990 shall receive full escalation of pension benefits and contribute 7% of their salaries. Employees hired on or after July 1, 1990 receive no escalation of pension benefits and contribute 5-1/2% of their salaries. The City is required to contribute the remaining amounts necessary to finance the coverage for its employees. For the fiscal year ended June 30, 2022, these required contributions were \$2,475 for the fire and police plans each. Benefits and contributions are established by the City and may be amended only by the City Council and Union negotiation.

C. Investments

Investment Policy

The pension plan's policy in regard to the allocation of invested assets is established and may be amended by the PERS board by a majority vote of its members. It is the policy of the PERS board to pursue an investment strategy that reduces risk through the prudent diversification of the portfolio across a broad selection of distinct asset classes. The pension plan's investment policy discourages the use of cash equivalents, except for liquidity purposes, and aims to refrain from dramatically shifting asset class allocations over short time spans. The following was the Board's adopted asset allocation policy for both plans as of June 30, 2022:

Asset Class	Target Allocation
Core Fixed Income	35.00 %
Short-Term Bonds	1.50
U.S. Large Cap Equity	30.00
Small Cap U.S. Equities	10.00
Developed Foreign Equities	20.00
Commodities	3.50
Total	100.00 %

CITY OF NEW BRITAIN, CONNECTICUT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022
(AMOUNTS EXPRESSED IN THOUSANDS)

NOTE 9 EMPLOYEE RETIREMENT SYSTEMS AND PENSION PLANS (CONTINUED)

C. Investments(Continued)

Rate of Return

For the year ended June 30, 2022, the annual money-weighted rate of return on pension plan investments, net of pension plan investment expense for both Fire and Police, was -16.13% and -16.49%, respectively. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

D. Net Pension Liability of the City

The components of the net pension liability of the City at June 30, 2022 were as follows:

	Fire	Police
Total Pension Liability	\$ 115,936	\$ 101,738
Plan Fiduciary Net Position	71,682	53,481
Total Net Pension Liability	\$ 44,254	\$ 48,257
Plan Fiduciary Net Position as a Percentage of the Total Pension Liability	61.83%	52.57%

Actuarial Assumptions

The total pension liability was determined by an actuarial valuation as of July 1, 2020, using the following actuarial assumptions, applied to all periods included in the measurement:

	Police	Fire
Inflation	2.75%	2.75%
Salary Increases	3.00%	3.00%
Investment Rate of Return	6.75%	6.75%

Mortality rates were based on the PubS-2010 Healthy Annuitant Mortality Table with generational projection per the MP-2019 ultimate scale.

The actuarial assumptions used in the July 1, 2020 valuation were based on the results of an actuarial experience study for the period July 1, 2012 - June 30, 2015.

CITY OF NEW BRITAIN, CONNECTICUT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022
(AMOUNTS EXPRESSED IN THOUSANDS)

NOTE 9 EMPLOYEE RETIREMENT SYSTEMS AND PENSION PLANS (CONTINUED)

D. Net Pension Liability of the City (Continued)

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocation as of June 30, 2022 (see the discussion of the pension plan's investment policy) are summarized in the following table:

<u>Asset Class</u>	<u>Long-Term Expected Rate of Return</u>
Core Fixed Income	1.37%
Short-Term Bonds	0.17%
Large Cap U.S. Equities	5.15%
Small Cap U.S. Equities	6.58%
Developed Foreign Equities	6.27%
Commodities	1.93%

Discount Rate

The discount rate used to measure the total pension liability was 6.75% for both fire and police plans. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that City contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

CITY OF NEW BRITAIN, CONNECTICUT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022
(AMOUNTS EXPRESSED IN THOUSANDS)

NOTE 9 EMPLOYEE RETIREMENT SYSTEMS AND PENSION PLANS (CONTINUED)

Municipal Employees' Retirement System

A. Plan Description

All full-time employees participate in the Municipal Employees' Retirement System (MERS). MERS is a cost-sharing multiple-employer public employee retirement system established by the state of Connecticut and administered by the State Retirement Commission to provide pension benefits to employees of participating municipalities. Chapters 7-425 to 7-451 of the state of Connecticut General Statutes, which can be amended by legislative action, establishes MERS benefits, member contribution rates, and other plan provisions. MERS is considered to be part of the state of Connecticut's financial reporting entity and is included in the state's financial reports as a pension trust fund. Those reports can be obtained at www.ct.gov.

B. Benefit Provisions

The plan provides retirement, disability and death benefits and annual cost-of-living adjustments to plan members and their beneficiaries. Employees are eligible to retire at age 55 with 5 years of continuous service, or 15 years of active aggregate service or 25 years of aggregate service. In addition, compulsory retirement is at age 65 for police and fire members. Employees under the age of 55 are eligible to retire with 25 years of service.

Normal Retirement

For members not covered by social security, retirement benefits are calculated as 2% of the average of the three highest paid years of service times the years of service. For members covered by social security, retirement benefits are calculated as 1½% of the average of the three highest paid years of service not in excess of the year's breakpoint plus 2% of average of the three highest paid years of service in excess of the year's breakpoint, times years of service. The year's breakpoint is defined as \$10,700 increased by 6.0% each year after 1982, rounded to the nearest multiple of \$100. Maximum benefit is 100% of average final compensation and the minimum benefit is \$1,000 annually.

Early Retirement

Members must have 5 years of continuous or 15 years of active aggregate service. Benefits are calculated as a service retirement allowance on the basis of the average of the three highest paid years of service to the date of termination. Benefits are deferred to normal retirement age, or an actuarially reduced allowance may begin at the time of separation.

CITY OF NEW BRITAIN, CONNECTICUT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022
(AMOUNTS EXPRESSED IN THOUSANDS)

NOTE 9 EMPLOYEE RETIREMENT SYSTEMS AND PENSION PLANS (CONTINUED)

Municipal Employees' Retirement System (Continued)

B. Benefit Provisions (Continued)

Disability Retirement - Service Connected

This applies to employees who are totally and permanently disabled and such disability has arisen out of and in the course of employment with the municipality. Disability due to heart and hypertension in the case of fire and police, who began employment prior to July 1, 1996, is presumed to have been suffered in the line of duty. Benefits are calculated as a service retirement allowance based on compensation and service to the date of the disability with a minimum benefit (including workers' compensation benefits) of 50% of compensation at the time of disability.

Disability Retirement - Nonservice Connected

This applies to employees who have 10 years of service and are totally and permanently disabled. Benefits are calculated as a service retirement allowance based on compensation and service to the date of the disability.

Pre-Retirement Death Benefit

The plan offers a lump-sum return of contributions with interest or if vested and married, the surviving spouse will receive a lifetime benefit.

C. Contributions

Member

Contributions for members not covered by social security are 5% of compensation; for members covered by social security, 2¼% of compensation up to the social security taxable wage base plus 5%, if any, in excess of such base.

Employer

Participating employers make annual contributions consisting of a normal cost contribution, a contribution for the amortization of the net unfunded accrued liability and a prior service amortization payment, which covers the liabilities of MERS not met by member contributions. In addition, there is also an annual administrative fee per active and retired member.

D. Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2022, the City reports a liability of \$91,138 for its proportionate share of the net pension liability. The net pension liability was measured at June 30, 2021, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation at June 30, 2021. The actuarial assumptions used in the June 30, 2021 valuation were based on results of an actuarial experience study for the period July 1, 2012 through June 30, 2017.

CITY OF NEW BRITAIN, CONNECTICUT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022
(AMOUNTS EXPRESSED IN THOUSANDS)

NOTE 9 EMPLOYEE RETIREMENT SYSTEMS AND PENSION PLANS (CONTINUED)

Municipal Employees' Retirement System (Continued)

D. Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued)

The City's proportion of the net pension liability was based on a projection of the City's long-term share of contributions to the pension plan relative to the projected contributions of all participants, actuarially determined. At June 30, 2022, the City's proportion was 12.84%. The increase in proportion from the prior year was 0.35%.

E. Actuarial Assumptions

The total pension liability was determined by an actuarial valuation as of June 30, 2021, using the following actuarial assumptions, applied to all periods included in the measurement period:

Inflation	2.50%
Salary Increase	3.50-10.00%, including inflation
Investment Rate of Return	7.00%, net of pension plan investment expense, including inflation

Mortality rates were based on:

RP-2014 Combined Mortality Table adjusted to 2006 and projected to 2015 with Scale MP-2017 and projected to 2022 with Scale BB for General Employees.

RP-2014 Blue Collar Mortality Table adjusted to 2006 and projected to 2015 with Scale MP-2017 and projected to 2022 with Scale BB for Police and Fire.

For disabled retirees, the RP-2014 Disabled Mortality Table projected with Scale BB to 2020 was used.

Future cost-of-living adjustments for members who retire on or after January 1, 2002 are 60% of the annual increase in the CPI up to 6%. The minimum annual COLA is 2.5%; the maximum is 6%.

The long-term expected rate of return on pension plan investments was determined using a statistical analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

CITY OF NEW BRITAIN, CONNECTICUT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022
(AMOUNTS EXPRESSED IN THOUSANDS)

NOTE 9 EMPLOYEE RETIREMENT SYSTEMS AND PENSION PLANS (CONTINUED)

Municipal Employees' Retirement System (Continued)

E. Actuarial Assumptions (Continued)

Best estimates of arithmetic real rates of return for each major class are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
Domestic Equity	20.0 %	5.3 %
Developed Market International	11.0	5.1
Emerging Market International Core Fixed Income	9.0	7.4
Core fixed income	16.0	1.6
Inflation Linked Bond Fund	5.0	1.3
Emerging Market Debt	5.0	2.9
High Yield Bond	6.0	3.4
Real Estate	10.0	4.7
Private Equity	10.0	7.3
Alternative Investments	7.0	3.2
Liquidity Fund	1.0	0.9
Total	<u>100.0 %</u>	

F. Discount Rate

The discount rate used to measure the total pension liability was 7.00%. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that employer contributions will be made at the actuarially determined contribution rates in the future years. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

NOTE 9 EMPLOYEE RETIREMENT SYSTEMS AND PENSION PLANS (CONTINUED)

Municipal Employees' Retirement System (Continued)

G. Sensitivity of the Net Pension Liability to Changes in the Discount Rate

The following presents the City's proportionate share of the net pension liability, calculated using the current discount rate, as well as what the City's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower or 1 percentage point higher than the current rate:

	1% Decrease (6.00%)	Current Discount Rate (7.00%)	1% Increase (8.00%)
City's Proportionate Share of the Net Pension Liability	\$ 153,685	\$ 91,138	\$ 36,942

H. Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

For the year ended June 30, 2022, the City recognized pension expense for the following plans:

	Pension Expense
Police Pension Plan	\$ 3,467
Fire Pension Plan	3,612
MERS	20,034
Elected Officials Plan	(44)
Total	<u>\$ 27,069</u>

CITY OF NEW BRITAIN, CONNECTICUT

(AMOUNTS EXPRESSED IN THOUSANDS)

NOTE 9 EMPLOYEE RETIREMENT SYSTEMS AND PENSION PLANS (CONTINUED)

Municipal Employees' Retirement System (Continued)

I. Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued)

At June 30, 2022, the City reported deferred outflows of resources and deferred inflows of resources related to pension from the following sources:

	Police Pension Plan	Fire Pension Plan	MERS	Total	MERS
	Deferred	Deferred	Deferred	Deferred	Deferred
	Outflows of Resources	Outflows of Resources	Outflows of Resources	Outflows of Resources	(Inflows) of Resources
Differences Between Expected and Actual Experience	\$ -	\$ -	\$ 12,314	\$ 12,314	(4,342)
City Contributions after the Measurement Date	-	-	15,912	15,912	-
Change in Assumptions	-	-	10,790	10,790	-
City's Employer Change in Proportional Share	-	-	2,933	2,933	(1,404)
Net Difference Between Projected and Actual Earning on Pension Plan Investments	5,298	7,404	-	12,702	(36,980)
Total Deferred Outflows of Resources	<u>\$ 5,298</u>	<u>\$ 7,404</u>	<u>\$ 41,949</u>	<u>\$ 54,651</u>	<u>\$ (42,726)</u>

Amounts reported as deferred outflows of resources related to City contributions after the measurement date will be recognized as a reduction of the net pension liability in the subsequent year.

Amounts reported as deferred outflows of resources and deferred inflows of resources related to pension will be recognized in pension expense as follows:

<u>Year Ending June 30,</u>	Police Pension Plan	Fire Pension Plan	MERS	Total
2023	\$ 1,120	\$ 1,577	\$ 7,291	\$ 9,988
2024	773	1,181	(5,691)	(3,737)
2025	327	652	(7,281)	(6,302)
2026	3,078	3,994	(11,008)	(3,936)

NOTE 9 EMPLOYEE RETIREMENT SYSTEMS AND PENSION PLANS (CONTINUED)

Connecticut Teachers Retirement System – Pension

A. Plan Description

Teachers, principals, superintendents, or supervisors engaged in service of public schools are provided with pensions through the Connecticut State Teachers' Retirement System, a cost sharing multiple-employer defined benefit pension plan administered by the Teachers Retirement Board. Chapter 167a of the state Statutes grants authority to establish and amend the benefit terms to the Teachers Retirement Board. The Teachers Retirement Board issues a publicly available financial report that can be obtained at www.ct.gov.

B. Benefit Provisions

The plan provides retirement, disability and death benefits. Employees are eligible to retire at age 60 with 20 years of credited service in Connecticut, or 35 years of credited service including at least 25 years of service in Connecticut.

Normal Retirement

Retirement benefits for employees are calculated as 2% of the average annual salary times the years of credited service (maximum benefit is 75% of average annual salary during the 3 years of highest salary).

Early Retirement

Employees are eligible after 25 years of credited service including 20 years of Connecticut service, or age 55 with 20 years of credited service including 15 years of Connecticut service with reduced benefit amounts.

Disability Retirement

Employees are eligible for service-related disability benefits regardless of length of service. Five years of credited service is required for nonservice-related disability eligibility. Disability benefits are calculated as 2% of average annual salary times credited service to date of disability, but not less than 15% of average annual salary, nor more than 50% of average annual salary.

C. Contributions

Per Connecticut General Statutes, Section 10-183z (which reflects Public Act 79-436 as amended), contribution requirements of active employees and the state of Connecticut are approved, amended, and certified by the State Teachers Retirement Board and appropriated by the General Assembly.

**CITY OF NEW BRITAIN, CONNECTICUT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022
(AMOUNTS EXPRESSED IN THOUSANDS)**

NOTE 9 EMPLOYEE RETIREMENT SYSTEMS AND PENSION PLANS (CONTINUED)

Connecticut Teachers Retirement System – Pension (Continued)

C. Contributions (Continued)

Employer (School Districts)

School District employers are not required to make contributions to the plan.

The statutes require the state of Connecticut to contribute 100% of each school districts’ required contributions, which are actuarially determined as an amount that, when combined with employee contributions, is expected to finance the costs of the benefits earned by employees during the year, with any additional amount to finance any unfunded accrued liability.

For the year ended June 30, 2022, the amount of “on-behalf” contributions made by the State was \$21,487 and is recognized in the General Fund as intergovernmental revenues and education expenditures.

Employees

Effective July 1, 1992, each teacher is required to contribute 6% of salary for the pension benefit.

Effective January 1, 2018, the required contribution increased to 7% of pensionable salary.

D. Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2022, the City reports no amounts for its proportionate share of the net pension liability, and related deferred outflows and inflows, due to the statutory requirement that the state pay 100% of the required contribution. The amount recognized by the City as its proportionate share of the net pension liability, the related state support, and the total portion of the net pension liability that was associated with the City were as follows:

City's Proportionate Share of the Net Pension Liability	\$	-
State's Proportionate Share of the Net Pension Liability Associated with the City		256,608
Total	\$	<u>256,608</u>

The net pension liability was measured as of June 30, 2021, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as June 30, 2020. At June 30, 2022, the City has no proportionate share of the net pension liability.

For the year ended June 30, 2022, the City recognized pension expense and revenue of \$16,565 in Exhibit II for on-behalf amounts for the benefits provided by the state.

CITY OF NEW BRITAIN, CONNECTICUT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022
(AMOUNTS EXPRESSED IN THOUSANDS)

NOTE 9 EMPLOYEE RETIREMENT SYSTEMS AND PENSION PLANS (CONTINUED)

Connecticut Teachers Retirement System – Pension (Continued)

E. Actuarial Assumptions

The total pension liability was determined by an actuarial valuation as of June 30, 2020, using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.50%
Salary Increase	3.00-6.50%, including inflation
Investment Rate of Return	6.00%, net of pension plan expense, including inflation

Mortality rates were based on the PubT-2010 Healthy Retiree Table (adjusted 105% for males and 103% for females at ages 82 and above), projected generationally with MP-2019 for the period after service retirement.

The actuarial assumptions used in the June 30, 2020 valuation were based on the results of an actuarial experience study for the five-year period ending June 30, 2019.

Assumption changes since the prior year are as follows:

- There were no changes in assumptions that affected the measurement of the TPL since the prior measurement date.

Benefit changes since the prior year are as follows:

- There were no changes in benefit provisions that affected the measurement of the TPL since the prior measurement date.

Cost of Living Allowance

For teachers who retired prior to September 1, 1992, pension benefit adjustments are made in accordance with increases in the Consumer Price Index, with a minimum of 3% and a maximum of 5% per annum.

For teachers who were members of the Teachers' Retirement System before July 1, 2007 and retire on or after September 1, 1992, pension benefit adjustments are made that are consistent with those provided for Social Security benefits on January 1 of the year granted, with a maximum of 6% per annum. If the return on assets in the previous year was less than 8.5%, the maximum increase is 1.5%.

For teachers who were members of the Teachers' Retirement System after July 1, 2007, pension benefit adjustments are made that are consistent with those provided for Social Security benefits on January 1 of the year granted, with a maximum of 5% per annum. If the return on assets in the previous year was less than 11.5%, the maximum increase is 3%, and if the return on the assets in the previous year was less than 8.5%, the maximum increase is 1.0%.

CITY OF NEW BRITAIN, CONNECTICUT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022
(AMOUNTS EXPRESSED IN THOUSANDS)

NOTE 9 EMPLOYEE RETIREMENT SYSTEMS AND PENSION PLANS (CONTINUED)

Connecticut Teachers Retirement System – Pension (Continued)

E. Actuarial Assumptions (Continued)

Long-Term Rate of Return

The long-term expected rate of return on pension plan investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The current capital market assumptions and the target asset allocation as provided by the state of Connecticut Treasurer’s Office are summarized in the following table:

<u>Asset Class</u>	<u>Expected Return</u>	<u>Target Allocation</u>
Domestic Equity Fund	5.60 %	20.00 %
Developed Market Intl. Stock Fund	6.00	11.00
Emerging Market Intl. Stock Fund	7.90	9.00
Core Fixed Income Fund	2.10	16.00
Inflation Linked Bond Fund	1.10	5.00
Emerging Market Debt Fund	2.70	5.00
High Yield Bond Fund	4.00	6.00
Real Estate Fund	4.50	10.00
Private Equity	7.30	10.00
Alternative Investments	2.90	7.00
Liquidity Fund	0.40	1.00
Total		<u>100.00 %</u>

F. Discount Rate

The discount rate used to measure the total pension liability was 6.90%. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that state contributions will be made at the actuarially determined contribution rates in the future years. Based on those assumptions, the pension plan’s fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

CITY OF NEW BRITAIN, CONNECTICUT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022
(AMOUNTS EXPRESSED IN THOUSANDS)

NOTE 9 EMPLOYEE RETIREMENT SYSTEMS AND PENSION PLAN (CONTINUED)

Connecticut Teachers Retirement System – Pension (Continued)

G. Sensitivity of the Net Pension Liability to Changes in the Discount Rate

The City's proportionate share of the net pension liability is \$-0- and, therefore, the change in the discount rate would only impact the amount recorded by the state of Connecticut.

H. Pension Plan Fiduciary Net Position

Detailed information about the pension plan's fiduciary net position is available in the separately issued financial statements available at www.ct.gov.

I. Other Information

Additional information is included in the required supplementary information section of the financial statements. A schedule of contributions is not presented as the City has no obligation to contribute to the plan.

Single-Employer Defined Benefit Pension Plan

In addition to the above plans, the City is currently paying benefits to three groups of retirees by means of annual appropriations. This program covers those individuals whose pension payments commenced prior to November 1972 and retired elected officials with over 20 years of service (EOPLAN). Since no active employees are included, their benefits are not advance funded but paid as they come due from General Fund appropriations, i.e., on a "pay-as-you-go" basis. The unfunded liability for this plan is decreasing rapidly since the average age is 82 years.

As of the most recent actuarial valuation, EOPLAN membership consisted of 9 retirees with no active employees covered by this plan. Management of the plan rests with the Finance Director and Mayor.

A. Summary of Significant Accounting Policies

The annual required contribution (ARC) and the annual pension cost represent the actual benefits paid out during the year. For the fiscal year ended June 30, 2022, these required contributions totaled \$248. Benefits and contributions are established by the City and may be amended only by the City Council and Union negotiation.

B. Funding Policy and Progress

Funds are budgeted in the General Fund to cover pension benefits paid each year. Annual contributions are equal to the annual benefit payments. Benefits and contributions were established by City Charter.

CITY OF NEW BRITAIN, CONNECTICUT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022
(AMOUNTS EXPRESSED IN THOUSANDS)

NOTE 9 EMPLOYEE RETIREMENT SYSTEMS AND PENSION PLANS (CONTINUED)

Single-Employer Defined Benefit Pension Plan (Continued)

C. Changes in Total Pension Liability

The total pension liability was determined by an actuarial valuation as of June 30, 2020. The total pension liability as of June 30, 2022 was \$1,096. The changes in the liability during the fiscal year are as follows:

Elected Officials and Pre-72 Police and Fire Employees Plan	Increase (Decrease)
	Total Pension Liability
Balances - June 30, 2021	\$ 1,388
Changes for the Year:	
Interest	27
Effect of Assumptions Changes and Inputs	(71)
Benefit Payments, Including Refund to Employee Contributions	(248)
Balances - June 30, 2022	\$ 1,096

D. Discount Rate

The discount rate used to measure the total pension liability was 3.54%. The discount rate was determined based on the present value of those future benefits payments assuming no requirement to prefund the plan's benefits.

E. Sensitivity of the Total Pension Liability to Changes in the Discount Rate

The following presents the total pension liability of the City's EOPLAN, calculated using the discount rate of 2.16% as well as what the City's pension liability would be if it were calculated using a discount rate that is 1 percentage point lower or 1 percentage point higher than the current rate:

	1% Decrease (2.54%)	Current Discount Rate (3.54%)	1% Increase (4.54%)
EOPLAN Pension Liability	\$ 1,147	\$ 1,096	\$ 1,050

For the year ended June 30, 2022, the City recognized pension expense of \$-44. There were no deferred inflows or deferred inflows related to this plan.

(AMOUNTS EXPRESSED IN THOUSANDS)

NOTE 9 EMPLOYEE RETIREMENT SYSTEMS AND PENSION PLANS (CONTINUED)

Post-Employment Benefits

A. Summary of Significant Accounting Policies

Plan Description

The City is the administrator of a single employer defined benefit OPEB plan. The City, in accordance with various collective bargaining agreements, provides retiree medical benefits for the lifetime of the retired member and covered dependents. The plan covers City, Board of Education, Police, and Fire employees as further defined in collective bargaining agreements and other written materials. Eligibility and premium sharing information is detailed in the various collective bargaining agreements. The City does not issue separate stand-alone financial statements for the plan.

Basis of Accounting

The financial statements of the City's Other Post Employment Benefit Plan are prepared using the accrual basis of accounting. Plan member contributions are recognized in the period in which the contributions are due. Employer contributions are recognized when due and the employer has made a formal commitment to provide the contributions. Benefits and refunds are recognized when due and payable in accordance with the terms of the plan. Administrative costs of the plan are paid by the City.

Investments are reported at fair value. Investment income is recognized as earned.

Management of the City's Other Post-Employment Benefit Plan is vested with the collective members of the Common Council. At July 1, 2020, plan membership consisted of the following:

Active Employees	1,572
Retirees	714
Beneficiaries and Spouses	127
Total	2,413

B. Funding Policy

The City currently provides for post-employment health care benefits for future health and life insurance benefit expenses. As of June 30, 2013, the City has established a trust fund to irrevocably segregate assets to fund the liability associated with the post-employment benefits, which is reported as a trust fund in accordance with GASB guidelines. The contribution requirements of plan members and the City are also negotiated with the various unions representing the employees.

 NOTES TO FINANCIAL STATEMENTS
 JUNE 30, 2022
 (AMOUNTS EXPRESSED IN THOUSANDS)**

NOTE 9 EMPLOYEE RETIREMENT SYSTEMS AND PENSION PLANS (CONTINUED)

Post-Employment Benefits (Continued)

B. Funding Policy (Continued)

Retired plan members and beneficiaries currently receiving benefits are required to contribute specified amounts monthly towards the cost of health insurance premiums as follows:

City Employees

Generally, retirees and their dependents are covered for a period of seven years from the date of retirement. In most cases, retirees can continue coverage beyond the seven-year period at their own expense. Cost sharing is based on years of service at retirement as follows:

<u>Years of Service</u>	<u>City Pays</u>
20+	100 %
15 to 19	80 %
10 to 14	60 %
5 to 9	40 %

In some cases, retirees have access to post-retirement health coverage through the City, but at their own expense. In those instances, upon the retiree's death, spousal coverage is available, but at their own expense.

Board of Education

Teachers - Pre-65 is 100% retiree paid.

Administrator (Local 51) - Effective July 1, 2008 for pre-65 only, the Board will contribute up to 50% of the cost up to a maximum of \$7,500 (not rounded) per year for three additional years beyond the two-year cost-share benefit previously provided. Retirees can continue coverage beyond the two-year period at their own expense. Spouses and dependents are covered and surviving spouses and dependents may continue coverage in accordance with COBRA.

NBSSA/AFSA - After eight years of continuous service, two of which in Local 818, retirees shall be offered coverage for the first two years from retirement at the same cost share in effect for active employees (2011-12, 14% retiree/85% board). The board will also pay 50% of the cost up to a maximum \$7,500 (not rounded) per year for the cost of the retiree's benefits for three additional years (pre-65 only).

AFSCME (Local 1186) - Coverage is offered for the first five years from retirement. Cost sharing is the same as for active employees (2006/07, 12% retiree and 88% board, prior to January 1, 1997, 13% retiree and 95% board). Beyond the fifth year, retirees are offered COBRA.

CITY OF NEW BRITAIN, CONNECTICUT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022
(AMOUNTS EXPRESSED IN THOUSANDS)

NOTE 9 EMPLOYEE RETIREMENT SYSTEMS AND PENSION PLANS (CONTINUED)

Post-Employment Benefits (Continued)

B. Funding Policy (Continued)

Police

If the date of hire is prior to July 1, 1993, retirees and their dependents are covered for a period of seven years from the date of retirement. Cost sharing is based on years of service at retirement as follows:

<u>Years of Service</u>	<u>City Pays</u>
20+	100 %
15 to 19	80 %
10 to 14	60 %
5 to 9	40 %

Retirees can continue coverage beyond the seven-year period at their own expense. If the date of hire is after July 1, 1993, the retiree has access to post-retirement health coverage through the City at their own expense.

Fire

If the date of hire and retirement is prior to June 23, 2004, the retiree and their dependents are covered for a period of 10 years from the date of retirement. Cost sharing is based on years of service at retirement as follows:

<u>Years of Service</u>	<u>City Pays</u>
20+	100 %
15 to 19	80 %
5 to 14	60 %

Employees who retire after June 23, 2004 and their dependents are covered for a period of 10 years from the date of retirement. Cost sharing is based on years of service at retirement and is the same as above. Retirees can continue coverage beyond the 7 or 10-year period at their own expense. If the date of hire is after June 23, 2004, retirees have access to post-retirement health coverage through the City at their own expense.

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022
(AMOUNTS EXPRESSED IN THOUSANDS)**

NOTE 9 EMPLOYEE RETIREMENT SYSTEMS AND PENSION PLANS (CONTINUED)

Post-Employment Benefits (Continued)

C. Investments

Investment Policy

OPEB Benefit Plan’s policy in regard to the allocation of invested assets is established and may be amended by the OPEB board by a majority vote of its members. It is the policy of the OPEB board to pursue an investment strategy that reduces risk through the prudent diversification of the portfolio across a broad selection of distinct asset classes. The OPEB plan’s investment policy discourages the use of cash equivalents, except for liquidity purposes, and aims to refrain from dramatically shifting asset class allocations over short time spans.

Rate of Return

For the year ended June 30, 2022, the annual money-weighted rate of return on investments, net of investment expense, was -13.51%. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

D. Net OPEB Liability of the City

The City’s net OPEB liability was measured as of June 30, 2022. The components of the net OPEB liability of the City at June 30, 2022 were as follows:

Total OPEB Liability	\$	57,932
Plan Fiduciary Net Position		9,365
Net OPEB Liability	\$	48,567

Plan Fiduciary Net Position as a Percentage of the Total OPEB Liability	16.17%
--	--------

Actuarial Assumptions

The total OPEB liability was determined by an actuarial valuation as of July 1, 2020, using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

Inflation	2.50%
Salary Increases	3.50%, average, including inflation
Discount Rate	6.50%
Healthcare Cost Trend Rates	Medical: 6.70% to 4.00% over 60 years Dental: 3.00%
Retirees’ Share of Benefit-Related Costs	50% of projected health insurance premiums for retirees

CITY OF NEW BRITAIN, CONNECTICUT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022
(AMOUNTS EXPRESSED IN THOUSANDS)

NOTE 9 EMPLOYEE RETIREMENT SYSTEMS AND PENSION PLANS (CONTINUED)

Post-Employment Benefits (Continued)

D. Net OPEB Liability of the City (Continued)

Mortality rates were based on the Pub-2010 Mortality Table for Employees and Healthy Annuitants with generational projection of future improvement per the MP-2019 Ultimate scale. PubT-2010 was used for BOE Certified employees. PubG-2010 was used for Fire and Police employees.

The actuarial assumptions used in the July 1, 2020 valuation were based on the results of an actuarial experience study for the period July 1, 2018 – July 1, 2020.

The long-term expected rate of return on OPEB plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset as of June 30, 2022 are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
U.S. Core Fixed Income	45.00 %	1.37 %
U.S. Large Caps	40.00	5.15
U.S. Small Caps	5.00	6.58
Foreign Developed Equity	10.00	6.27
Total	100.0 %	

Discount Rate

The discount rate used to measure the total OPEB liability was 6.5%. The projection of cash flows used to determine the discount rate assumed that City contributions will be made at rates equal to the actuarially determined contribution rates. Based on those assumptions, the OPEB plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on OPEB plan investments was applied to all periods of projected benefit payments to determine the total OPEB liability.

Other Post-Employment Benefit – Connecticut State Teachers Retirement Plan

A. Plan Description

Teachers, principals, superintendents, or supervisors engaged in service of public schools plus professional employees at state schools of higher education are eligible to participate in the Connecticut State Teachers' Retirement System Retiree Health Insurance Plan (TRS-RHIP), a cost sharing multiple-employer defined benefit other post-employment benefit plan administered by the Teachers' Retirement Board (TRB), if they choose to be covered.

Chapter 167a of the state statutes grants authority to establish and amend the benefit terms to the TRB. TRS-RHIP issues a publicly available financial report that can be obtained at www.ct.gov/trb.

B. Benefit Provisions

There are two types of the health care benefits offered through the system. Subsidized Local School District Coverage provides a subsidy paid to members still receiving coverage through their former employer and the CTRB Sponsored Medicare Supplement Plans provide coverage for those participating in Medicare but not receiving Subsidized Local School District Coverage.

Any member who is not currently participating in Medicare Parts A & B is eligible to continue health care coverage with their former employer. A subsidy of up to \$110 (not rounded) per month for a retired member plus an additional \$110 (not rounded) per month for a spouse enrolled in a local school district plan is provided to the school district to first offset the retiree's share of the cost of coverage, and any remaining portion is used to offset the district's cost. The subsidy amount is set by statute and has not increased since July 1996. A subsidy amount of \$220 (not rounded) per month may be paid for a retired member, spouse, or the surviving spouse of a member who has attained the normal retirement age to participate in Medicare, is not eligible for Part A of Medicare without cost and contributes at least \$220 (not rounded) per month towards coverage under a local school district plan.

Any member who is currently participating in Medicare Parts A & B is eligible to either continue health care coverage with their former employer, if offered, or enroll in the plan sponsored by the System. If they elect to remain in the plan with their former employer, the same subsidies as above will be paid to offset the cost of coverage.

If a member participating in Medicare Parts A & B so elects, they may enroll in one of the CTRB Sponsored Medicare Supplement Plans. Effective July 1, 2018, the System added a Medicare Advantage Plan option. Active members, retirees, and the state pay equally toward the cost of the basic coverage (medical and prescription drug benefits) under the Medicare Advantage Plan.

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022
(AMOUNTS EXPRESSED IN THOUSANDS)

NOTE 9 EMPLOYEE RETIREMENT SYSTEMS AND PENSION PLANS (CONTINUED)

Other Post-Employment Benefit – Connecticut State Teachers Retirement Plan (Continued)

B. Benefit Provisions (Continued)

Retired members who choose to enroll in the Medicare Supplement Plan are responsible for the full difference in the premium cost between the two plans. Additionally, effective July 1, 2018, retired members who cancel their health care coverage or elect to not enroll in a CTRB sponsored health care coverage option must wait two years to re-enroll.

Survivor Health Care Coverage

Survivors of former employees or retirees remain eligible to participate in the plan and continue to be eligible to receive either the \$110 monthly subsidy or participate in the TRB-Sponsored Medicare Supplement Plans, as long as they do not remarry.

C. Eligibility

Any member who is currently receiving a retirement or disability benefit is eligible to participate in the plan.

Credited Service

One month for each month of service as a teacher in Connecticut public schools, maximum 10 months for each school year. Ten months of credited service constitutes one year of Credited Service. Certain other types of teaching services, state employment, or wartime military service may be purchased prior to retirement if the member pays one-half the cost.

Normal Retirement

Age 60 with 20 years of Credited Service in Connecticut, or 35 years of Credited Service including at least 25 years of service in Connecticut.

Early Retirement

Age 55 with 20 years of Credited Service including 15 years of Connecticut service, or 25 years of Credited Service including 20 years of Connecticut service.

Proratable Retirement

Age 60 with 10 years of Credited Service.

Disability Retirement

No service requirement if incurred in the performance of duty, and five years of Credited Service in Connecticut if not incurred in the performance of duty.

Termination of Employment

Ten or more years of Credited Service.

(Continued)**

D. Contributions

State of Connecticut

Per Connecticut General Statutes Section 10-183z, contribution requirements of active employees and the state of Connecticut are approved, amended and certified by the State Teachers’ Retirement Board and appropriated by the General Assembly. The state contributions are not currently actuarially funded. The state appropriates from the General Fund one-third of the annual costs of the Plan. Administrative costs of the Plan are financed by the state. Based upon Chapter 167a, Subsection D of Section 10-183t of the Connecticut statutes, it is assumed the state will pay for any long-term shortfall arising from insufficient active member contributions.

Employer (School Districts)

School District employers are not required to make contributions to the plan.

For the year ended June 30, 2022, the amount of “on-behalf” contributions made by the state was \$506 and is recognized in the General Fund as intergovernmental revenues and education expenditures.

Employees/Retirees

The cost of providing plan benefits is financed on a pay-as-you-go basis as follows: active teachers’ pay for one-third of the plan costs through a contribution of 1.25% of their pensionable salaries, and retired teachers pay for one-third of the plan costs through monthly premiums, which helps reduce the cost of health insurance for eligible retired members and dependents.

E. OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

At June 30, 2022, the City reports no amounts for its proportionate share of the net OPEB liability, and related deferred outflows and inflows, due to the statutory requirement that the State pay 100% of the required contribution. The amount recognized by the City as its proportionate share of the net OPEB liability, the related state support, and the total portion of the net OPEB liability that was associated with the City was as follows:

City's Proportionate Share of the Net OPEB Liability	\$	-
State's Proportionate Share of the Net OPEB Liability Associated with the City		27,957
Total	\$	27,957

**CITY OF NEW BRITAIN, CONNECTICUT
NOTES TO FINANCIAL STATEMENTS

(AMOUNTS EXPRESSED IN THOUSANDS)**

NOTE 9 EMPLOYEE RETIREMENT SYSTEMS AND PENSION PLANS (CONTINUED)

**Other Post-Employment Benefit – Connecticut State Teachers Retirement Plan
(Continued)**

**E. OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and
Deferred Inflows of Resources Related to OPEB (Continued)**

The net OPEB liability was measured as of June 30, 2021, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as June 30, 2021. At June 30, 2022, the City has no proportionate share of the net OPEB liability.

For the year ended June 30, 2022, the City recognized OPEB expenses and revenues of \$(1,032) in Exhibit II.

F. Actuarial Assumptions

The total OPEB liability was determined by an actuarial valuation as of June 30, 2021, using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.50%
Healthcare Cost Trend Rates	5.125% for 2020, decreasing to an ultimate rate of 4.50% by 2023
Salary Increases	3.00-6.50%, including inflation
Investment Rate of Return	2.17%, net of OPEB plan investment expense, including inflation
Year Fund Net Position will be Depleted	2023

Mortality rates were based on the PubT-2010 Healthy Retiree Table (adjusted 105% for males and 103% for females at ages 82 and above), projected generationally with MP-2019 for the period after service retirement.

The actuarial assumptions used in the June 30, 2020 valuation were based on the results of an actuarial experience study for the period July 1, 2014 to June 30, 2019.

The changes in the assumptions since the prior year are as follows:

- Discount rate changed from 2.21% to 2.17%
- Expected annual per capita claims costs were updated to better reflect anticipated Medicare and prescription drug claim experience based on scheduled premium increases through calendar year 2024.

The changes in the benefit terms since the prior year are as follows:

- There were no changes to benefit terms in the two years preceding the measurement date.

(AMOUNTS EXPRESSED IN THOUSANDS)

NOTE 9 EMPLOYEE RETIREMENT SYSTEMS AND PENSION PLANS (CONTINUED)

Other Post-Employment Benefit – Connecticut State Teachers Retirement Plan
(Continued)

F. Actuarial Assumptions (Continued)

The long-term expected rate of return on plan assets is reviewed as part of the GASB 75 valuation process. Several factors are considered in evaluating the long-term rate of return assumption, including the plan's current asset allocations and a log-normal distribution analysis using the best-estimate ranges of expected future real rates of return (expected return, net investment expense and inflation) for each major asset class. The long-term expected rate of return was determined by weighting the expected future real rates of return by the target asset allocation percentage and then adding expected inflation. The assumption is not expected to change absent a significant change in the asset allocation, a change in the inflation assumption, or a fundamental change in the market that alters expected returns in future years. The plan is 100% invested in U.S. Treasuries (Cash Equivalents) for which the expected 10-Year Geometric Real Rate of Return is (0.42%).

G. Discount Rate

The discount rate used to measure the total OPEB liability was 2.17%. The projection of cash flows used to determine the discount rate was performed in accordance with GASB 75. The projection was based on an actuarial valuation performed as of June 30, 2020.

In addition to the actuarial methods and assumptions of the June 30, 2020, actuarial valuation, the following actuarial methods and assumptions were used in the projection of cash flows:

- Total payroll for the initial projection year consists of the payroll of the active membership present on the valuation date. In subsequent projection years, total payroll was assumed to increase annually at a rate of 3.00%
- Employee contributions were assumed to be made at the current member contribution rate. Employee contributions for future plan members were used to reduce the estimated amount of total service costs for future plan members.
- Annual state contributions were assumed to be equal to the most recent five-year average of state contributions toward the fund.

Based on those assumptions, the Plan's fiduciary net position was projected to be depleted in 2023 and, as a result, the Municipal Bond Index Rate was used in the determination of the single equivalent rate.

H. Sensitivity of the Net OPEB Liability to Changes in the Health Care Cost Trend Rate and the Discount Rate

The City's proportionate share of the net OPEB liability is \$-0- and, therefore, the change in the health care cost trend rate or the discount rate would only impact the amount recorded by the state of Connecticut.

I. OPEB Plan Fiduciary Net Position

Detailed information about the Connecticut State Teachers OPEB Plan fiduciary net position is available in the separately issued State of Connecticut Comprehensive Annual Financial Report at www.ct.gov.

J. Other Information

Additional information is included in the required supplementary information section of the financial statements. A schedule of contributions is not presented as the City has no obligation to contribute to the plan.

NOTE 11 TAX ABATEMENTS

In accordance with Section 22-9 of the Ordinances of the City of New Britain, the City provides abatements on assessment on property for owners of low and moderate income housing. The abatement of taxes will be applied to the property for the following purpose: to reduce rents below the levels which would be achieved in the absence of the abatement, to improve housing quality and design, to effect occupancy by persons and families of verifying income levels, within prescribed limits or provide necessary related facilities or services. Abatement shall terminate at any time when the property for which tax abatement has been granted is not used solely for low and moderate income housing and shall not exceed 39 years. On June 30, 2022, the City has five agreements with vendors under this program. The amount of revenue reduced during the fiscal year for this abatement was \$649.

CITY OF NEW BRITAIN, CONNECTICUT

(AMOUNTS EXPRESSED IN THOUSANDS)

NOTE 12 DEFERRED COMPENSATION PLAN

Effective October 1, 2011, the City adopted a Deferred Compensation Plan under Section 457(b) of the Internal Revenue Code of 1986 for full time and part-time employees of the City. An employee may make annual contributions from eligible compensation as permitted under the Code. Employer contributions are based on various bargaining agreements. Contributions for the plan for employees and employers are \$325 and \$385, respectively.

NOTE 13 CONTINGENT LIABILITIES

The City is a defendant in a number of lawsuits. It is the opinion of management that such pending litigation will not be finally determined so as to result in a judgment or judgments against the City that would materially affect its financial position.

NOTE 14 RESTATEMENT

Beginning Net Position in the Water Fund as well as the Business Type Activities was reduced from \$53,859 to \$53,060 to account for a direct placement Clean Water Fund Loan not included by the City by \$799.

Notes to Schedule:

Valuation Date: June 30, 2021

Measurement Date: June 30, 2021

The actuarially determined contributions are calculated as of June 30, each biennium for the fiscal years ending two and three years after the valuation date.

Methods and Assumptions Used to Determine

Contribution Rates:

Actuarial Cost Method	Entry Age
Amortization Method	Level Dollar, Closed
Single Equivalent Amortization Period	20 Years
Asset Valuation Method	5 Years Smoothed Market
Inflation	2.50%
Salary Increases	3.50% - 10.00%, Including Inflation
Investment Rate of Return	7%, Net of Investment Related Expense
Changes in Assumptions:	In 2019, the latest experience study for the System updated most of the actuarial assumptions utilized in the June 30, 2020 valuation to include: rates of inflation, real investment return mortality, withdrawal, disability, retirement, and salary increase were adjusted to more closely reflect actual and anticipated experience. These assumptions were recommended as part of the Experience Study for the System for the five-year period ended June 30, 2017.

COMBINING AND INDIVIDUAL FUND STATEMENTS AND SCHEDULES

GENERAL FUND

The General Fund is the principal operating fund of the City and is used to account for all activities of the City not included in other specific funds. The General Fund accounts for the normal recurring activities of the City such as the police department, fire department, parks and recreation, public works, and the Board of Education. These activities are funded primarily by property taxes levied on individuals and local businesses.

NONMAJOR GOVERNMENTAL FUNDS

SPECIAL REVENUE FUNDS

Special Revenue Funds are used to account for the proceeds of specific revenue sources that are designated or legally restricted to expenditures for specific purposes. The nature and purpose of each Special Revenue Fund is as follows:

Fund	Funding Source	Function
Stanley Quarter Park	Golf fees and Concession income	Operations of Public Golf Course
Park Security and Policing	Rental fees	To pay for a park security guard
Cemetery	Lot sales, internments, trust income	Fairview Cemetery operations
Sewer Use	User fees and investment earnings	Operation of the sewer systems
Local Capital Improvement	State grant	Capital Improvement Fund
Retiree Plan Reimbursement	State grant	Preventing the spread of the West Nile Virus
American Savings Grant	The American Savings Foundation	Provides after school programs for the City's youth
Police Explorers Program	Various funding sources	To introduce young men and women to the field of law enforcement
Preventive Health Block Grant	State grant	To create awareness of health issues in high school students
21st Century, After School Grant	State grant	Provides after school programs for the City's youth
Exercise the Right Choice	State grant	After school programs
Exercise the Right Choice II	State grant	After school programs
Immunization Action Plan	State grant	Infant vaccination program
Bioterrorism Grant	Federal grant	Assists the City with the development of plans in the event of a bio-terrorist attack
Historical Records Preservation	State grant	Preservation of the City's Records
21st Century Grant	State grant	Provides after school programs for the City's school-age population
Centralized and Distribution Services	Various funding sources	This fund houses the costs for centralized services, mainly cell phone costs at this point, until these charges are ready to be allocated to the various City funds
Conversation on Race	State and federal grants	Interracial awareness program
Victim Services Coordinator Grant	State grant	Provides for overtime expenses for the City's victim service coordinator
Federal Omnibus Appropriation	Federal grant	Reducing crime and improving public safety
CT Health Foundation	Local and state grants	To promote health initiatives
STD Control Program	State grant	STD prevention education and testing
Recreation Donation	Donations from local businesses	Fund various youth activities and scholarship awards
Recreation Amusement	Rental of recreation equipment	For the maintenance and purchase of new equipment
Health Per Capita	State grant	Augment local public health effort
Highway Safety Grant	State grant	Purchasing intoxilyzers for the City's police department

SPECIAL REVENUE FUNDS

Fund	Funding Source	Function
Senior Citizens Center	Fees and charges for services	Operations of the City's Senior Center
Mobile Data Communication	State, Federal and Local funding	Enhance the City's Emergency Response System
Pulmonary Screening	State grant	Screening for pulmonary disease
Mayor's Fun Day	State grant	Provides music, activities, food and fun for children of all ages
Assistance to CCSU Police Dept	Various funding sources	To assist the CCSU police department
ARRA Paving Program	Federal Grant	Pave portions of Corbin Avenue, Ellis Street, Stanley Street and East Street
Public Works Grants	State and Federal Grants	Perform various street and sidewalk improvements throughout the City
Fireworks Fund	Donations	Provide citizens with annual Fourth of July celebration
Youth Service Bureau Program Activity	Donations	Youth Service Bureau and Community Services
School Lunch Program	Federal, State and Local	School lunch programs
School Rental Account	Rental fees	Rental of school facilities
High School Athletic	Gate receipts	Purchase athletic equipment and supplies
Adult Education	Federal, State and local	Educational programs for adult residents
Summer School Music	Various funding sources	Summer school music program
Student Activity Fund	Various funding sources	School activities and events
Community and Neighborhood Development	State grant	Provide community and neighborhood development
Business Outreach	State grant	Development costs for the Constructive Workshops business incubator
Emergency Shelter Grant	Federal grant	Housing opportunities for homeless individuals
Community Development Block Grant	Federal grant	Housing and community activities to for low- and moderate-income persons
HOME Project	Federal grant	Acquisition, rehabilitation and creation of housing for low and moderate income persons
Lead Grant	Federal grant	Residences in need of lead removal
State Home Programs	State grant	Rehabilitation of residential units
CHFA Broad Street Demolition	State grant	Demolition activities in the Broad St. Neighborhood Revitalization Zone
Redevelopment Commission	Various funding sources	Activities of the redevelopment commission
Brownfield Pilot	Federal grant	Evaluation of Brownfield sites
Rental	Rental income	DMD properties
EFSP Program	Federal grant	Community and economic development activities
Neighborhood Stabilization Program	Federal grant	Acquisition and rehabilitation of foreclosed property
C.B. Erwin Walnut Hill Park	Investment earnings	The upkeep of Walnut Hill Park
Darius Miller Walnut Hill	Investment earnings	The upkeep of Walnut Hill Park
C.B. Stanley Walnut Hill	Investment earnings	The upkeep of Walnut Hill Park
Parks and Recreation	Investment earnings	The upkeep of Walnut Hill Park and Fairview Cemetery
Darius Miller F/B/O Fairview Cemetery	Investment earnings	The upkeep of Fairview Cemetery
Arts Fund	Various funding sources	Activities benefiting the arts
America the Beautiful Forestry	Various funding sources	Activities to create and sustain forestry
Camp Schade	Federal grant	Camp programming at Camp Schade
Fire Grant	Local funding sources	Promoting fire safety
Cold Weather Shelter	State grant	Emergency shelter which runs from 12/15 - 3/15
Busway Bike Trails	State and local funding sources	Activities to promote benefits of biking and safety
Opioid Fund	State grant	Fighting opioid addiction
ELC Enhancing Detection	State grant	To enhance laboratory detection, surveillance response, infometrics, and other workforce capacity.

INTERNAL SERVICE FUNDS

INTERNAL SERVICE FUNDS

Internal Service Funds are used to account for the financing of goods or services provided by one department or agency to other departments or agencies of the government and to other government units, on a cost-reimbursement basis.

Special Reserve Fund

To account for revenues and expenditures related to the BOE's portion of the City's Medical Self-Insurance Plan.

Health Insurance Fund

To account for revenues and expenditures related to the City's Medical Self-Insurance Plan.

Workers' Compensation Fund

To account for revenues and expenditures related to the City's Workers' Compensation Plan.

General Accident Casualty and Liability Fund

To account for revenues and expenditures related to the City's self-insurance program for general liability coverage.

STATISTICAL SECTION

STATISTICAL SECTION INFORMATION

The objectives of statistical section information are to provide financial statement users with additional historical perspective, context, and detail to assist in using the information in the financial statements, notes to financial statements, and required supplementary information to understand and assess economic condition.

Statistical section information is presented in the following categories:

- *Financial trends information* is intended to assist users in understanding and assessing how financial position has changed over time.
- *Revenue capacity information* is intended to assist users in understanding and assessing the factors affecting the ability to generate own-source revenues (property taxes, charges for services, etc.)
- *Debt capacity information* is intended to assist users in understanding and assessing debt burden and the ability to issue additional debt.
- *Demographic and economic information* is intended 1) to assist users in understanding the socioeconomic environment and 2) to provide information that facilitates comparisons of financial statement information over time and among governments.
- *Operating information* is intended to provide contextual information about operations and resources to assist readers in using financial statement information to understand and assess economic condition.

The accompanying tables are presented in the above order. Refer to the Table of Contents for applicable page number locations.

Sources: Unless otherwise noted, the information in the tables is derived from the comprehensive annual financial reports for the relevant year.

Source: City of New Britain Office of Tax Assessor

Note:

- (1) The October 1, 2012 and 2017 Grand List were revaluation years
- (2) The 2022 fiscal is the 2020 Grand List, 2021 is 2019 and so on
- (3) Residential also includes land and use assessment (i.e. farm, forest, open space)
- (4) Commercial also includes public utility, exempt properties and apartment buildings
- (5) Less BAA (Board of Assessment Appeals) changes
- (6) Total Direct Tax Rate = mill rate
- (7) Total Taxable Assessed Value / .70 = Actual Taxable Value
- (8) Taxable Assessed Value as a Percentage of Actual Value = Assessments are 70% of Value

The City of New Britain has no overlapping property tax rates.
