Mr. Ostreicher – “I do want to announce that Mr. Gonter was in private session, but had to leave to handle some business. I just wanted to review something we spoke about last time. First of all, we have several other topics we

Mr. Ostreicher

have to cover in closed session, but in respect for the entire crowd we tried to come out as much in time as possible. So we will be going into private session after we finish with the public session here. The second thing I'd like to mention is that last time at the beginning of the meeting I mentioned the various different rules and regulations pertaining to the public session. I'm not going to read them again. I was a little lenient time last time because it was the first time and a lot of people heard it, but we will be very accurate about the three and four minutes regarding the statements. So please try to keep your comments to four minutes or less."

Mr. Inzelbuch – "Through the Chair. There are certain employees that have received rice notices this evening. After a hard day at work we are sorry that you have to stay, but we did meet with two of the employees. We have several others, but the Board made a decision that we come out to the public on time. So I'm sorry to those employees. We will be doing it after the public session."

PRESENTATION

Presentation

Mr. Inzelbuch – "In our continued quest to give information to the public, I'd like Mrs. Cucuro to join me. Mrs. Cucuro is our special ed director and if I could have our high school child study team join me. You should have been given out an orange paper. At many manifestation and IEP meetings we don't always get the participation from parents and guardians. We have listed all the contacts broken down by school and it should be posted on the website. There are the child study team members and the phone numbers. Please take advantage of that if you have a classified student or a friend has a student because we do want parental involvement. We do have on an annual basis a special ed graduation dinner. This year we had more than 250 people there. It was our biggest dinner ever and we want to report to you some of the positive things because there are

Mr. Inzelbuch

a lot of positive things. There were 38 graduates. Percentage wise it was one of the highest rates in Ocean County and they attended various colleges: Rutgers, Rowan, Ocean County, Brookdale. For those students who didn't go to college, and some of our more involved students were set up with different vocational programming through ARC and DVR. This is important because as a credit to Ms. Lawson, there was a concerted push last year and we discussed it with some members of the public throughout last year. We are trying to get more and more students exposed to the idea of going to college. We can't necessarily get them accepted, but they should at least go do some college visits and things like that and we've already scheduled three upcoming college visits. One for Fairleigh Dickinson, Brookdale and Jersey City University and the bottom line is there is no cost. The bus companies are donating the bus. If you could get the word out it's for Juniors and Seniors. If you are a classified student, it could be all the way to being in an in class support to a self contained, ACE, STRIVE, regular classes, any type of classification. You can be non-ambulatory. We have accommodations for that. This is the first time and again I do give credit to Ms. Lawson who was very instrumental in helping me pursue this. Behind me I just want to introduce some of our members Laura Bell, Carol Bowers, Janet Hendry. We have a full team of social workers, learning consultants, psychologists representing our community at the high school and I want to thank them for coming tonight.

We will continue to get information as it becomes available. We want people whose children attend our schools to meet the people who are there to help all students and get to know them. Ms. Romano if you can post these numbers on the website so guardians, family members and friends know where to contact. We find often throughout the state and since I primarily sue school districts that parents don't know where to call. If we post this, it will be a starting point. We will also post that in

RECOGNITION OF PUBLIC

Public Recog.

Christina Clements – “108 Woodlake Manor Drive. I have a question first primarily. My daughter came home and said that they are to be given swipe cards when they come into the building now. I want someone to clarify why they need to do that. Also, there are so many things that we lack in the school system but on the otherhand, coming from this system and graduating from this school in the 1990s and knowing that there are great things that come out of this school system, there are great prospects. We’ve had doctors and lawyers. We’ve had fashion designers like Mark Ecco. There’s greatness that can come. There’s a bible verse that says ‘what good can come out of Nazareth’ and we know Jesus came out of Nazareth so we know what greatness can come out of Lakewood and we know that there are possible doctors and lawyers and police officers and judges and everything else that can come out of Lakewood and we want to get that back. We want our children to get to that point again where

they graduate from Lakewood High School. I'm tired of being in a place where I say I from Lakewood and I get this look like 'oh Lakewood'. I don't want that anymore. We want to get our students back to the point when we say they are from Lakewood they are proud and we can have that Piner pride back and we can be able to say 'we're from Lakewood and we can go great things.' We can accomplish some things and we just want to get back to that point."

Mr. Inzelbuch – "Through the Chair. Ms. Clements you can have a seat, but with the President's permission as Board Parliamentarian I want to remind the public that last meeting the money for those cards was received through the block grant from the Township. I approached with the Board's request, Senator Mayor Singer and most of the money was from a block grant of some sort which was on the agenda. As far as the actual cards, we do have Ms. Yuli. If you can approach the microphone Ms. Yuli. It was actually her idea to get the machinery and cards in place. We were then entrusted to find the money for our public high school which as I said we did get from grants. So Ms. Yuli feel free to address the public as to the cards."

Mr. Inzelbuch

09/09/09

Ms. Yuli – "The cards are for the students to have an ID card to come into the building. The only information on the card is the student's name and the class that they will graduate from. This is a very quick assessment for us to know who comes to school in the morning. The machinery can give you that within ten minutes a print out of who enters the building. This will allow me to reach out to those students who find themselves in a situation. There is no personal information. Only two people in the building trained on this machinery, the Attendance Coordinators. The kids love it. You show the card, it reads it, we're there in the morning along with Hodari Williams and Jeff Snyder."

**Public Recog.

Ms. Yuli

Audience member – What happens if someone

else swipes the card after the student has entered the building?”

Ms. Yuli – “Once the card is swiped, it cannot be swiped again.”

Mr. Inzelbuch – “This is a good thing because we are able to track the kids that were missing by second period and Hodari and Betty had gone to homes and spoken with people, but what I think the young lady is asking is there could be someone behind the student. That’s why we have security guards assigned to the high school who are focused at the main entrances as children come in.”

Mr. Inzelbuch

Pastor Wilson – “If the card is lost, is there a replacement card?”

Pastor Wilson

Ms. Yuli – “The first replacement is free and after that there will be a charge.”

Ms. Yuli

Mr. Waters – “What if they forget the card, will they be admitted to school?”

Mr. Waters

Ms. Yuli – “We are working through that, but no child would be denied access but there would be a consequence that is you would

Ms. Yuli

need to meet with an administrator, but no child will be denied education.”

Mr. Inzelbuch – “I would like to respond to Christina. I hope you were referring to great graduates. Well, there are three on the Board of Education. At least two of them I know are great. We did make as you know adequate yearly progress which is a very good distinction based on the work from 2007-08. I see some child study team members signed in. Do you want to speak? So just to make sure do any of you want to speak? No, okay.”

Mr. Inzelbuch

India Marsha Read – “419 Bergen Avenue. I have a few questions. Getting back to the book situation from the last meeting. my question is the books and the curriculums, are they competitive to the surround-

ing districts, do the books support the curriculum and how often are the textbooks ordered and updated. What is our policy? On behalf of Lakewood Pop Warner, I have a question about is it possible with the dress code that on Fridays that the team players may be allowed to wear their team jersey. If not can they wear a polo with the Pop Warner logo on it?"

Mr. Inzelbuch – "Through the Chair. I just want to disclose I am contributor to Pop Warner, but I think the best person to ask that to is the Building Principal. After that it would go to Central Administration. Would you mind going through that process? The Board has to get the advice from the administrators. As far as the books, I want to make sure, there was a gentleman in the audience last time who made mention of the books. We did send him a letter and he was invited to discuss that with us in closed session. Is he here? Mr. Andersen, would you like to respond?"

Mr. Inzelbuch

09/09/09

Mr. Andersen – "Yes, the books are on a five year cycle of order. We address some concerns. We sent out after the last meeting questionnaires to the union and to teachers. Certain teachers came forward and indicated they did not have textbooks. Those textbooks are currently on order. There is a five year curriculum and textbook plan in all school districts in the nation really order their textbooks from five sources because now a days there are so few book publishers. So you have major publishers like Harcourt Brace, McDougall and we order from them."

**Public Recog.

Mr. Andersen

India Read – "I have just one last thing and that was getting to the issue of the rent that we are paying for the Board of Education. I believe the numbers were \$23,500. Has the Princeton Avenue School been paid off?"

India Read

Mr. Inzelbuch – "Through the Chair. If the Board of Ed has been paid by the buyer, the answer is yes."

Mr. Inzelbuch

Rachel Salguero – “Everyone knows me as Sister Rachel. In the previous meeting, we asked about sensitivity classes for teachers and administrators in the office. Many of our parents when they come to the office because they don’t know the language, they are talked down or mistreated. And with so many Spanish students in our school district what can you do to make sure that the Spanish parents can come to voice their problems. You know because it’s like me I do understand very well the language, but sometimes it is very difficult for me to express myself in English. But most of our parents in the Hispanic community don’t know the language and we want to know what you can do for them so they can come to the office and they can express their problems that they have with their children. That’s my first question.”

Sister Rachel

Mr. Inzelbuch

Mr. Inzelbuch – “If I may Mr. Chairman, I want to say this. People refer to you as Sister Rachel correct? Sister Rachel was very convincing at the meeting I went to. Her dedication is unheard of by many. This is something the Board has been asking. In fact, I see here tonight if she could stand for us. We’re trying of course within the confines of the law because we don’t want to reverse discriminate, everyone has a different angle, but we do have at the Middle School for the first time, if she could stand up, Annette Maldonado. Back to what Christina said earlier, Annette is a proud graduate of Lakewood schools and she is bilingual. Ms. Silva is bilingual and every school will be required to have a bilingual secretary. Maybe Mr. Andersen can answer that, but if we go through the schools: Lakewood High School – Hilda Reyes
Lakewood Middle School – Nancy Torres
Clifton Avenue – Meg Martinez
Clarke – Maria Gonzalez and Lizette Garcia
Spruce – Alexandra Cedenio
Oak Street – Omaid Salguero

PreSchool Team – Mrs. Cucuro

We do have translators on staff too. I think the question needs to go to the administration because we heard this last time, was as far as the sensitivity training, where are we up to with that?”

Ms. Silva – “I held a meeting this week after visiting some of the schools and one of the key issues that we discussed was the need to be very receptive in any language for parents. I had observed some things that need improvement. So the principals and I are working on that. I think I mentioned that Ms. Cousins are talking about having as part of the professional development for both teachers and principals and when it happens and we have it all in writing, we will be able to submit it to the pub-

lic about the sensitivity and the needs. In fact when I addressed the 500 teachers, one of the things I discussed is the need to truly understand the history of all people of the United States particularly immigrants. And the history of immigration starting from the commencement of this country. If you are not native American, everyone else is an immigrant. So therefore those are the kinds of things we are discussing. In addition, we are utilizing Title I monies in order to have and to establish parent rooms so that we may have some training at each school. It’s still in construction if you will, but we do have the money set aside and within the next six months, we are going to have those rooms so parents can be involved and that all languages are addressed.”

Mr. Inzelbuch – “We also have Miriam Medina. She is always very helpful with parents, she comes to some of the meetings and she is fluent in Spanish.”

Mr. Inzelbuch

Mr. Thomas – “I also want to impress upon you to continue to come and share with us when you have these instances when members of the community feel as though they are not greeted warmly and appropriately. Because

Mr. Thomas

as a Board member who has been here for about 7 ½ years whether it be an immigrant or anyone who has gone to school here in the past, this is not the first time that we are hearing it. So I'm very, very pleased to hear that Ms. Silva has got this pulse and is about to do something about this because it is not the first time that it has been heard and I'm very concerned that we move forward and really as we begin to change and we are changing every day, that this school is open, ready and willing because we are not going to have parent involvement if they come to a cold, dank place and they don't feel like they belong here. So I think that your issues are extremely valid and that we should be talking about them pretty regularly and when

you don't feel that the needs of the community and the parents are met we need to know about it."

Mr. Silver – "Through the Chair. I want to make one recommendation as well being that we are on the Board of Ed and we are here for the students of Lakewood. Maybe if we can find recommendations and be able to help them with aggressive English training courses perhaps even at night for the parents or whatever that could help them integrate into the American culture and the American language and there are teachers or administrators that maybe don't know the language would be able to speak to them in English as well."

Mr. Silver

Mr. Thomas – "We have a very aggressive ESL program that many of the parents do attend."

Mr. Thomas

Mrs. Gonzalez – "The program starts this Monday, September 14 from 6:30 to 8:30 p.m. four days a week Monday through Thursday at Clifton Avenue Grade School."

Mrs. Gonzalez

Mrs. Salguero – "Is it true that the bilingual director was reduced to a one half time position? If so, why when we have so many Hispanic students in our school district."

Sister Rachel

Mr. Inzelbuch – "I think this is one of the first times you've come and the way we typically work and it's on the back which also should be in Spanish from now on. If you could that. There is a four

Mr. Inzelbuch

minute time limit and we can ask the Board to let you ask another question.”

Mrs. Salguero repeated the question.

Sister Rachel

Mr. Inzelbuch – “This is a question that effects personnel. We can discuss that with you after the meeting without the particulars. Which brings me if you could approach Ms. Romano and leave your number and email.”

Mr. Inzelbuch

Mr. Kearney

Mr. Kearney – “209 Joe Parker Rd. My question is concerning the rent of the new facilities. There is a question that I heard from quite a few members of the community that wanted to know why we can’t use the same monies instead of paying for a location to meet once a month. To use that money to help with some of the educational supplies or to fund some type of after school programs to keep some of the children off the streets and away from the gangs.”

Mr. Inzelbuch – “Ms. Silva is still on a learning curve. She’s been here for one month. So Mr. Andersen can you speak about some of the after school programs we currently have?”

Mr. Inzelbuch

Mr. Andersen – “The Community School sponsors a number of after school programs in all of the elementary schools. We have many programs. At Clarke School we have an After 3 Program which services many students. At the Middle and High Schools we have numerous clubs both athletic and otherwise. The library at the High School for many years and I believe we are continuing stays open until 5:00 pm everyday to service students. We do have numerous clubs. I can get you the list of activities and clubs we have. We also have at the High School a rather extensive intramural program. I think perhaps that one thing we can do is have a better outreach to get more students involved in the varied programs we do have, but thanks to the Community School on the elementary level, we do have something in every school at least once or twice a week.”

Mr. Andersen

Mr. Inzelbuch – “If Stanley feels we are avoiding the question and again anything I say here is always used against me, which is good. I think his question was also and let’s just say it as it is. Mr. Finger, what is the rent per month at the new administration location?”

Mr. Inzelbuch

09/09/09

Mr. Finger – “Approximately \$23,500 per month.”

**Public Recog.
Cont.**

Mr. Inzelbuch – “Does that include maintenance?”

Mr. Inzelbuch

Mr. Finger – “The maintenance is an additional approximately \$13,000 per month.”

Mr. Finger

Mr. Thomas – “Annually, so we can understand because this is a second question, people are really not sure what we are spending to be over there. I’ve said it before and I’m not going to change my position on the fact that I still think we were pretty idiotic to sell the Princeton Avenue building. But I’m not going there now because it’s gone and so what is that annual fee. Total dollars we spend to be over there.”

Mr. Thomas

Mr. Finger – “It’s approximately \$425,000 per year.”

Mr. Finger

Mr. Thomas – “And, while we are on that subject, because I don’t think Mrs. India Marsha Read had an opportunity to have that whole question answered. I think it’s very important that she also understands. Her question was did we get paid for the building. Yes we did get paid for the building. But, as we got paid for the building, you know we were financially challenged so that money was pretty much already gone before we got it. And I don’t know how much went into surplus, if any, but I got to tell you, there were some definite challenges.”

Mr. Thomas

Mr. Silver – “Can I just make another response to Stanley’s question. Not that I voted for the

Mr. Silver

new building, but he had mentioned about meeting there once a month. In all fairness, I think we moved all the executive offices there. So basically the entire Board of Education is being run from there now as well aside from meeting just once a month.”

Mr. Inzelbuch***

Mr. Inzelbuch – “Right, the reason we are here is because we want to be able to have room and probably and we were told by members of the public they want to meet here. Is that true? We might occasionally have meetings there, but we will let you know.”

Mrs. Miccio

Mrs. Miccio – “May I please make a statement. I went to see the building myself. I had no idea where it was. It’s a bit further for me to travel to a meeting, but I did. And I looked at the room and I said why do we need such a big room. And now I look at this room and it’s filled almost and I’m happy to see it and I hope that people will go there. And we will be able to communicate like we are doing now. Don’t let two or three people come like they did at Princeton Avenue. That was a great disappoint to me. Now, we have no other choice, please come to the other building. We need the communication back and forth.”

Mr. Rush

Mr. Fred Rush – “2023 Madison Avenue. A couple of questions that I have. I’ve heard the dialogue and thanks Lenny for explaining because I think people wanted to know. The other thing a couple of years ago we had some incidents at this building here. We had a fight in the cafeteria. We’ve had issues with gang violence and at that time we brought in Mr. Michael Porter to help us alleviate and get our kids to get along and just make sure that everything safe. I understand that he was originally brought here with a grant. Is the Board planning on relieving him of that position and if so, who is going to implement the programs that he started. Because it is extremely important and we think that he’s done a yoemen’s job and so we want to make sure that he remains. The other thing Mr. Ostreicher

you started the meeting by saying that you relaxed the rules last week. Were you only talking about the four minute rule or was there something else on your mind that you did not say? The other thing is for our Superintendent,

I noticed in here that the courses that you are taking at Seton Hall. Were they before you came here or was that a part of your contract or is that current?"

Ms. Silva – "It is part of my contract, but most of my course work is completed. There are a few other courses that I have to take."

Ms. Silva

Mr. Inzelbuch – "Through the Chair, if I could. We can't discuss personnel. The Board did entertain a discussion with Mr. Porter pursuant to a rice notice, but we cannot discuss personnel. You appreciate that, you understand that. So that's all we can say."

Mr. Inzelbuch

Mr. Ostreicher – "And basically we are sticking to the rules the way they are and I just meant to say that last time we let people go on for five, six, seven minutes and we wanted to keep it to four minutes. There is a lot to cover."

Mr. Ostreicher

Mr. Kerber – "147 Regent Place. The first thing is I got a problem with one thing in the school. There's a bathroom here since the summer and I can't understand why the janitors can't fix it. You can go and push a piece of paper through and while all the girls are sitting down going to the bathroom, they can look right through it. I'm a maintenance man myself and I cannot understand why these janitors cannot fix that bathroom. The second one is that I cannot understand why we as a band cannot get the same bussing we had last year. They took it all away. If there's a surplus of money that you're talking about we're losing bussing that we've had for all these years. I don't understand that one and third, seeing you've got that new building over there and you're paying \$400,000 a year, can we use the parking lot for a car wash? Last year you people told us we had to go to

Mr. Kerber

Bricktown. I had to go wash cars in Bricktown to make money for my band.”

Mr. Inzelbuch

Mr. Inzelbuch – “Through the Chair. As far as the bathroom, is this in the High School? I’m just asking have you reported that to anyone. What bathroom?”

Mr. Kerber – “The green room.”

Mr. Kerber

Mr. Inzelbuch – “Ms. Yuli, I know you are not in charge of maintenance, but you are the building principal. If you could have Mr. Kerber’s daughter with you and find out the green bathroom. As far as the band, and I don’t want to speak for the Board, but I do represent them, what bussing. Is the administration aware of what bussing? No one here is aware so why don’t you tell us in short what bussing?”

Mr. Inzelbuch

Mr. Kerber – “We usually get Coach bussing to take the kids on long trips. It will probably be only seven times this year.”

Mr. Kerber

Mr. Inzelbuch – “Who is the band parent president?”

Mr. Inzelbuch

Mr. Kerber – “Barbara Cutter.”

Mr. Kerber

Mr. Inzelbuch – “Through the Chair. If we could have Ms. Silva’s office reach out to Barbara Cutter. She often comes to meetings. If we could find out more information.”

Mr. Inzelbuch

Mr. Kerber – “The only reason I say is because the kids have to get dressed on them and they want to send them in school busses which doesn’t give you room. Plus it doesn’t give you room for the instruments.”

Mr. Kerber

Mr. Inzelbuch – “As far as the car wash and I come to all these meetings for good or for bad, I don’t recall and the Board can correct me if I’m wrong. I don’t recall hearing about car washing. Here is the procedure. If you want to utilize our buildings like the High School parking lot, there is a permit which everyone gets one. I would assume you like the location

Highway 9. What we can do. Do you have dates in mind?”

Mr. Kerber – “Not at this time.”

Mr. Kerber

Mr. Inzelbuch – “If you could get those dates to Cynthia Romano 905-3565. She has a voice mail and we’ll look into. We don’t own that property, but we will look into if we could use that.”

Mr. Inzelbuch

Rev. Brigham – “Lakewood Outreach Ministry Church. While we are on the topic of bathrooms, I just happened to need to use the bathroom right across the hall here and there’s no mirror. Not that I’m a vain person or anything, but I don’t think I’ve ever been into a bathroom with no mirror. Not even one of those polished stainless steel things where you can hardly see yourself in. And no soap. They’ve got the empty cartridge there where soap should be, but there’s no soap to wash your hands. Meanwhile we pay \$400,000 to some landlord. Who’s the landlord anyway that we are paying this money to? And as far as meetings go, I think Mr. Roberts would be turning over in his grave right now when he sees the order of this meeting. Whoever heard of a lawyer running a meeting? Basically that’s what’s happening. And I’m just wondering about the lawyer position. Does that go out for bid every so often? Because absolute power corrupts absolutely. So we want to get the best bang for our buck here. We want to have a good lawyer that will do a good job and do what he is supposed to do. So again I heard that the kids over at the Kennedy Apartments are having to walk to school. Is that correct? The Kennedy kids are having to cross Rt. 88, that busy highway to get to school. Meanwhile private students are being bussed with courtesy/safety bussing.”

Rev. Brigham

Mr. Inzelbuch – “As Board parliamentarian, I have been asked to do this. Actually a credit to Mr. Thomas who called me this week and at any point I’d gladly give up the position. There was an question asked me and actually Dr. Rush called me this afternoon. I

Mr. Inzelbuch

didn’t have a chance to get back with him, but I believe Lenny spoke with him. This is a transportation and this is a legal issue as Jim knows we had a lawsuit regarding this. There is a transportation along hazard-

ous route policy #3541-1(a) that's been in effect since June 1979 and it was updated in April 2008 so says the policy. On there are twenty streets or locations that are listed as hazardous. I look at James because Mr. Osborne may he rest in peace, James and I met about this some time ago. The twenty streets that are listed there are determined by primarily the Police Department, Sgt. Frank Work. And those twenty streets are so located in the policy. When I was asked since there were legal matters previously regarding this issue, I looked at number 13 on the policy. Ocean Avenue Rt. 88 it says from Lanes Mill Road to Rt. 9 for elementary school students only. This is the policy in effect based on police input. I then since we did have some legal questions in the past. I did ask Mr. Coyle our Transportation Manager, to put together some information since I wanted to be able to answer Mr. Thomas and Dr. Rush. Children grades preschool through grades 6 inclusive are bussed in the area you are speaking about. Middle School and High School students are not being bussed this year. My next question was were they previously bussed? My answer was they were. That it was not in accordance with Board policy. It was a mistake because again on the policy it says number 13, for elementary students only. I asked what happened. Ms. Silva was with me. The answer was I believe it was for two years, possibly three that it was inadvertently done. I then asked why was it stopped and we were told that it was discovered in April or May, but the administration we are not cutting it in the middle of the year. It's not fair to students and parents, but you should wait until September and it came. I said well did parents get notice. Of course nothing is where it is supposed to be so it took me a while, but thanks to Mrs. Maldonado and Ms. Yuli I was told a reminder notice was sent out during the summer."

Mr. Thomas – "Yes, but I have a question. Were any of the bus routes affected for high and middle school kids that were non public."

Mr. Thomas

09/09/09

**Public Recog.
Cont.**

Mr. Inzelbuch – "The answer is I believe no. What I believe and again the route that was cut according to Mr. Coyle was the H10 route. What I can tell you is I did ask Mr. Coyle are there any non public students. Of course, the other side of town will lambast me, but guess what I have thick skin. I asked if there are any non public students. Right away I got calls. I

Mr. Inzelbuch

asked that because what's good for one is good for all. And the answer I was given was that there are no non public students receiving this benefit. So the answer in short to the Reverend is that I was told as a legal issue that the bussing was an inadvertent mistake. It was continued last year. This year a decision was made and I was assured that parents got notice."

Mr. Waters – "1275 Old County Line Road. I didn't wait for you to call my name. I just came up to the microphone. I want to make some sense of a couple of issues that I think we've been getting some bs on. I want to make a statement. The first thing I want to say is that the new space that we are renting is a rip-off to the district. Did we sign a lease and how long is that lease? Can I get an answer to that right away? I want to follow up on that because if we look at \$425,000 and what I'm hearing is a five year lease, we're talking about getting some land and building a building that would be permanent and we would not be paying on it in the future. It's time that we have some common sense on this Board. And some of these decisions that are being made have some sense and don't take all of us out here as being fools. I'm going to follow up on that on another date because I've got some things that's important. I do want to know how long that lease is for and I'd like that answer tonight. How many new bus routes have been added this year and be careful how you answer this question because I've already put in an OPRA request for this information. The public would like to know this information too. When you start cancelling routes, we can call it a mistake all we want because we're supposed to have vigilance so that a mistake like that is not made. And that mistake doesn't hurt kids now because somebody up there made a mistake. These kids have been riding to school. What happens in this district is whatever

Mr. Waters

we have thousand, two thousand more non public school kids coming in. I'm using hypothetical numbers, although I have a pretty good idea what the true numbers are. And we've got to add bussing for these kids because it's law, so we've got to find a mistake so we can eliminate some other kids so we can balance this thing. Let's stop playing games with young people's lives. I don't agree with the twenty streets that are considered hazardous. Because I see people walking in the street all the time on those streets instead of

09/09/09
Public Recog.
Cont.

walking on the sidewalks. So let's call it what it really is. If it's safe enough for you to walk on the street, adults on Friday, Saturday, then it's safe enough for kids to be able to be out there. If you want me to go out there with my digital camera and start taking pictures, I'm retired, I've got plenty of time to do it. I'll put it on u-tube and I'll make an issue that we can fight on u-tube and see how many hits we'll get when I frame it the way I can frame it. I want to know how many routes are being eliminated in this district and how many routes are being added. That includes public and non public."

Mr. Finger – "You did file an OPRA request last Friday and Mr. Coyle is working on that and has assured me he will have the answers to the two questions you asked by Friday which will be within the seven working days. In answer to the lease question, I can answer, it is in fact a five year lease which is the limit allowed by law. That includes maintenance as well."

Mr. Finger

**MOTION TO APPROVE ENTIRE AGENDA WITH
ADDENDUMS AS READ**

***Motion To
Approve Agenda***

Mr. Neumann moved, seconded by Mr. Grunhut to
approve the agenda with addendums as read.

Mr. Thomas – “I basically have decided going forward
that due to my lack in confidence in what we are doing
as a Board of Education I’m not voting yes to anything
going forward. So, if anyone is on the agenda and I
don’t happen to vote yes for your stuff, I’m not voting
yes on anything. Because I am not trusting our decision
making. I haven’t trusted it in a long time and I am going
to continue to vote no and right now on this one when it
is called I will vote no until we begin to recognize the
community and begin to recognize their needs and begin
to listen to the pleas from the people as it relates to what
is needed. And until we do that, I’m gonna vote no.
I’m gonna keep talking about it and until this Board gets
a conscience, everyone’s gonna hear it.”
