## CCPS Athletic Events Safety Plan

CCPS strives to ensure a safe and enjoyable experience for all participants at all athletic and school events. Additional supports will continue to be implemented throughout the athletic seasons and the regular school year. Strategies and decisions will be made that center around the safety of all students, staff, and spectators at our events and that promote positive experiences for all.

### Decision Making Guidelines

- Collaboration between all stakeholders which include, school administration, athletic directors, Charles County Sheriff's Office, Director of Student Activities, Athletics, Aquatics, and the Office of School Administration and Leadership.
- Predicted spectator attendance.
- Facility limits, parking lot layout, and lighting.
- Incidents in the school community that may impact school activities.
- School rivalries and history of incidents between schools and athletic teams.

### Essential Actions

- Emergency Action Plans on file.
- School personnel will enforce the expectations of sportsmanship and spectator behavior as outlined in the Parent/Student Extra Curricular Handbook.
- Media must present credentials and stay in designated areas.
- Inappropriate behavior at athletic events can result in suspension from all subsequent CCPS athletic events.
- Student sections will have a designated area that will start no closer than the second row of bleachers in indoor settings. Spectator seating should separate team supporters whenever possible.
- Teams must be supervised at all times. Teams participating in multiple game level competitions should sit behind team benches of their respective school.
- Only official team personnel will only be allowed on playing surfaces, at/near bench/designated areas, or in the locker rooms.
- Protocols for crowd control and end of game safety procedures will be implemented.
- All facilities will be cleared in a timely fashion immediately following the end of contest. Areas will be designated (inside or outside) for parents/guardians to wait for student-athlete participants.
