

POLICY FOR STUDENTS WITH DISABILITIES  
PARTICIPATING IN EXTENDED YEAR SERVICES

All students identified as disabled under Article 7 are eligible for consideration of extended year services. Services include special education instruction, regular education instruction and related services. The student's case conference committee will make the decision about extended school year services. A recommendation by the case conference committee regarding extended year services shall be documented in the individual education program for all students with disabilities on at least an annual basis.
