

Acceptance of Gifts to the Corporation

Authority to accept gifts and donations as may be offered to the corporation for the benefit of any school administered by the corporation rests with the Board of School Trustees. Such gifts and donations may be offered subject to conditions prescribed by the Board of School Trustees.

All such gifts must be presented at a regular Board of School Trustees meeting for formal acceptance of the gift. However, the administration is authorized to accept any gift on behalf of the school corporation and have the Board ratify the acceptance of the gift at a subsequent board meeting .

The Superintendent is authorized and directed to acknowledge appropriately all accepted gifts or donations other than real property. Further, he is directed to comply with statutes for gifts of real property which are accepted.
