Evaluation Committee							
SCORER #1 Adina Weisz							
SCORER #2 Michelle DiPietro							
SCORER #3 Sara Garfunkel							

Tree of Knowledge supplied 40 resumes but 4 were missing evidence of Master's Degree and 14 Special Education NJDOE Certifications were also missing, as well as

Finger printing of OT, Speech and Paras.

The NJDOE approved agency/clinic proof was not attached to the proposal as requested.

Tree of Knowledge also did not supply evidence of providing ICRP services in public/private schools

For these reasons Tree of Knowledge lost points in the managerial criteria

Move to award both Tree of Knowledge and Tender Touch to provide In class Resources

Program Services to Nonpublic Schools in Lakewood as

both firms scored well above the minimum of 75 points

required., and more than one firm is required to meet the

demands of the nonpublic student population.

Each firms's response was responsive and responsible to the specifications requested.
