

## **REQUEST FOR CLARIFICATION REGARDING CC 03-2021 IDEA ICRP**

The following are questions, with their answers (IN BLUE) posed by a potential bidder for CC 03-2021 IDEA ICRP.

All firms that have requested Bid Specifications have been notified of these inquiries and this has also been posted on the District Website.

### **Question #1:**

The students attending the K half day classes at NPSSP arrive at 11:00 a.m.  
This looks like a typo.

Yes it's a typo. Kindergarten half day class begins at 1:00

### **Question #2:**

Must each proposal include both a rate for ICRP and ICRP additional supports (and back up OT/PT/paras to carry out goals resumes, documentation etc.) or can a vendor submit a proposal for ICRP and not for the additional supports?

Since the Service Provider does not know which school will choose which vendor we ask for all vendors to provide a rate and back up for additional supports.

### **Question #3**

Will the additional supports only be available to Mekor Hachinuch ICRP classes or potentially to any other classes that demonstrate the need for additional service?

As stated in the RFP the additional supports are for the Mekor Hachinuch/ Yesod classes only, There are 4 Yesod ICRP currently. The RFP requests the cost of additional supports per ICRP.
