

Lakewood Township School District RFP-

- 1) Bidders should send any and all questions to markseltzer@trmgi.com. To ensure that all bidders are provided with the exact same information, questions are only being accepted via email. There will likely not be a walkthrough scheduled for this project.
- 2) All bids must include SKU numbers, if applicable, to be considered complete.
- 3) All bids must include the required contracts to be considered complete. For guidance on required contracts, please review USAC's website.
- 4) Equipment must be compatible with district's existing Meraki network. The items are being added to an existing network. Bidders may bid equivalent or alternate equipment to what is listed. Bids for equivalent or alternate equipment must include a description explaining how the equivalent or alternate equipment is compatible with the existing Meraki network and provide a description detailing how the alternate equipment is the equivalent of what is being requested.
- 5) Installation is being requested for this project.
- 6)

A list of desired equipment is listed below.
