TITLE I STEM AND ARTS PROGRAMS FOR NONPUBLIC SCHOOLS

ADDENDUM 01—Date of Issue Thursday, January 31, 2019

4. Clarification of Early Transition Services:

- Early Transition Services includes consultations by Educators and/or Social Workers with Teachers and Parents to help students successfully transition from one grade to the next in grades Pre-K thru Grade 3 only.

5. The District is clarifying that a Consent of Surety is required to be submitted with the proposal as stated on page 13.

6. Clarification of STEM PROGRAM:

A proper STEM program uses the content and practices of science, technology, engineering, and mathematics to **construct evidence-based explanations for how a phenomenon occurs or to solve a human need**. Although the individual components of STEM are advanced when students are engaged in problem based learning opportunities, pure Math instruction **would not** be considered STEM instruction.

PLEASE NOTE AS A RESULT OF THIS ADDENDUM, THE DUE DATE FOR CC 09-18198 HAS BEEN CHANGED TO THURSDAY, FEBRUARY 14, 2019 @ 10:00 A.M.
