Technical

Both Staff Development Workshops and Inspired Instruction will coach teachers using the comprehensive NJ Kindergarten Implementation Guidelines and will support teachers and develop PLC's as well as confer with Supervisors and provide individual follow-up support.

Inspired Instruction did not address the requirements of reflecting on own personal PD, NJDOE workshops, conferring with interventionists and referral services, conferring with Pre K-K transition teams. They also did not address Parental involvement, provision of technical assistance for administrators, maintaining records and did not address the performance of any additional duties.

Staff Development Workshops addressed all of the above points in their response therefore receiving a higher score.

Management

Both firms displayed adequate credentials and certifications, but neither firm showed they had 3-5 years experience teaching kindergarten programs. Both addressed provision of PD to classroom teachers but only Staff Development Workshops showed experience in implementing developmentally appropriate kindergarten curricula.

Cost

Staff Development Workshop's cost proposal is \$1500 per day and Inspired Instruction quoted \$2100 per day.

It is the recommendation of the "Evaluation Committee and the Purchasing Agent to award CC 08-1819 for a Kindergarten Teacher Consultant to **Staff Development Workshops** with a total score of **90.5**, as their response is the most advantageous to the District, cost and other factors considered, and their response was both responsive and responsible to the Competitive Contract requirements.
