Kelly M. Borchard, Principal

4th Grade Technology Standards

1. Students will understand how to bookmark frequently used educational websites and peer edit on Google Docs or Google Classroom for virtual discussions (1b, 1c).
2. Students will keep their usernames and passwords for various websites safe (2d).
3. Students will know where to find and how to discriminate legitimate data versus rumor or hearsay. They will also be able to complete current events. (i.e. Newsela.com) (3a, 3b, 3d).
4. Students will complete a variety of mathematical problems web-based programs, such as Zearn.org. They will also experience computer programming using coding sources such as Google CS First (4a, 4b).
5. Students will create a Google Slide presentation and attach a QR code. They will continue to create presentations using various forms of multimedia (6b).
6. Students will communicate their projects through collaboration platforms such as Google Classroom and Seesaw (6a - 6d).
7. Students will be able to peer edit using Google Docs during Writer's Workshop and create a group writing project using a shared document (7b, 7c).
