Kelly M. Borchard, Principal

3rd Grade Technology Standards

1. Students will be able to share documents in Google Classroom and utilize online editing tools; participate in interactive websites, such as Spelling City and Zearn (1c).
2. Students will use Common Sense Media lessons and apply skills learned in real life situations. Students will protect passwords and keep personal login information confidential (2a, 2b).
3. Students will learn tools to validate website credentials and discriminate between factual and fictitious online resources (3b).
4. Students will further engage in Google Slide presentations and utilize STEM Lab resources, such as 3D printer and robots. Students will be introduced to use of multimedia presentations via Google Slides and video (4a,4b).
5. Students will develop skills to break down a problem and make something easier or more efficient by analyzing and annotating information via Benchmark online reading material (5a).
6. Students will continue to refine skills in digital presentations via Google Slides and Google Docs in language and science courses (7b).
