

POLICY - FREE OR INEXPENSIVE MATERIALS

2313

Any requests from organizations which provide instructional materials and/or aids must be examined to insure that such materials promote students' interests primarily rather than the special interests of any particular group. The principal shall review for accuracy and educational value to the total school program all materials or activities proposed by outside sources for student or staff use. All free or inexpensive materials shall adhere to the criteria for instruction materials as outlined in Policy #2311.
