SCHOOL TO WITNESS POTTERY MAKING

Tomorrow afternoon at 2:30 Mr. J. Smith Dameron is to appear before the assembly with a character-education lecture and pottery demonstration. The school busses are to bring pupils from the grade schools for this. Admission to all is 5¢.

ALUMNI OF SPRINGFIELD HIGH TO HOLD BIG PARTY

All the alumni of Old Springfield High and the new S.H.S. are meeting in the high school gym tomorrow night in their first big get-acquainted party.

"Invitations have been sent out to all whose addresses were available, but all graduates are to come regardless of receipt of the invitation", says Lester Kurtz, president of the Alumni Association.

A program by alumni talent will be given, together with refreshments, games and dancing.

All are urged to notify any graduate who may not have heard of this that he is to try to come.

SPRINGFIELD LAKE SERVICE GIRLS AGAIN ORGANIZE

C. W. Switzer has again organized his girls' basketball team. Old members from last year's team are Berniece Whims, Kitty Switzer, Alice Jessup of Springfield high, and Lillian Ebie of Suffield high.

The new faces will be Leona and Mona Hammer of Clinton high, Bessie Belle Switzer of Coventry, and Madeline Rocci, of Akron North.

Mr. H.A. Simmermacher of Springfield high school will be the coach. Games will be played on the Sawyerwood floor, the

ANOTHER MOVIE COMING

Next Monday evening another motion picture will be shown in the high school gymnasium. The picture is "THE SOPHOMORE" starring Eddie Quillan and Sally O'Neil.

This is one of the popular football and college life pictures of last year. It should draw as large a crowd as did "THE KID FROM SPAIN" three weeks ago.

Proceeds will be used to purchase additional library books.

COACH WORKMAN'S WATCH RETURNS

After a day and a night of suspense by both the loser and the "finder", Mr. Workman's wrist watch was left on a bench in the locker room at the end of practice session Tuesday evening.

The watch disappeared from his office desk Monday night.

ORCHESTRA TO HOLD ANOTHER REHEARSAL

The southern section of the county orchestra will meet again next Tuesday morning at Springfield.

On Wednesday morning the northern section will meet again at Peninsula.

One more rehearsal of the combined groups will be held before the programs are to be given.

Springfield's special number to be given at the program of the southern section will be a trombone solo by Joe Kime accompanied on the piano by Patricia Stinnett.

BASKETBALL SEASON OPENS SATURDAY NIGHT

With only one week's practice, Coach Workman's boys will take on Greentown at the local gym this Saturday night to open the basketball season.

Little is known of the Greentown outfit except that they make them tough in Stark County, so anything may be expected to happen.

Two squads of girls will be picked from the candidates trying out for the team. They will fight it out for position on the varsity and night squad in a preliminary game at 7:30.

Both these games will give the students an opportunity to look over the ma-

The sympathy of the entire student body, teachers and the community goes to the family of Mr. Elton D. Arnold, whose sudden death last Thursday left a mother with seven children with no husband and father to care for them. Mr. Arnold was suddenly stricken with pneumonia, taken to the City Hospital where he died within a few hours.

The eldest boy of the family is Donald Arnold, member of the freshman class at Springfield High.

THE PUBLIC IS INVITED

It is the wish of the school that the public attend special assembly programs, games, entertainments, etc, whenever possible.

Friday afternoon of this week, the school is to hear J. Smith Dameron in a character-education lecture during his pottery demonstration. The charge for all who attend will be only 5¢, just enough to pay the cost of this very much worth while entertainment.

Please, pupils, convey the word to your parents and friends that they are urged to attend this program.

The same invitation is good for every other entertainment held in this school.

Refuse to talk and no one can prove how little you know.

Judging by the last report cards, all N.R.A. means to some of us is "Never Right Anymore".

In Russia when they first discovered platinum, it was gilded to pass for gold bricks. He who laughs last, laughs loudest.

It takes money to start a business, but it will stop without any.

With the world so interested in gold standards, NRA, codes, etc., here is one for you: Use Common Sense.-- Results, NO REGRETFUL ACCIDENTS!

One thing about common sense, it is so uncommon.

A leading Akron head specialist says If you are bothered with sinus trouble and head colds, settle the dust before sweeping with common salt on the rugs or the floor; also leave the dog or the cat in the garage.

Try this: Write the number, eleven thousand, eleven hundred and eleven. Do it the first time? Try it on a friend.

We wonder-- What kind of pull Mr. Workman had in Sawyerwood to escape serving his five day sentence in jail.

And who gave whom the IOU for the ten cents Kitty beat him out of and couldn't collect.

THE CHATTERER-- Goober

A couple of persons mentioned in the last "Chatterer" did not approve of having their pranks printed. If this happens again, just be a sport and consider this column as a joke, in case you don't recognize it.

Who's the new wavy-haired freshman?

Miss Mitchell is trying to find the source of the freshie's funny streak.

From all indications, Mr. Myers has been presented with some new razor blades.

And speaking of new things,-- Springfield high has two, Roy and Jerry Gifford, from Cuyahoga Falls. Welcome, boys.

Last Friday morning while in the cafeteria, Betty Bailey's kid sister came running to me wanting to know if B. B. had given me a note. It seems that B. had seized a note someone wrote to her sis, and conceived the idear that I would include it in the Chatterer if she gave it to me. Well, I didn't, so what?

So this department signs off until some new ideas come to a head--

So Long.

HAROMANO NEWS

Tuesday evening of last week, Haromano held formal initiation at the high school.

The Haromano handbook will soon be completed. It is to be distributed among the student body.

The balloons which were purchased for football season will be sold during the basketball season.

RED AND GRAYS END SUCCESSFUL SEASON

The Springfield high football squad ended a fairly successful season last Saturday with its remarkable near upset of the championship Ellet squad. Ellet was favored to win by a large score since it had won the Western Reserve League championship and was the only Akron school having no defeats and no ties to mar its record.

The local boys went into the game determined to upset the dope and throw a scare into the highly touted Ellet outfit. How well they accomplished this is shown by the fact that they decisively outplayed their opponents during the first half and held them scoreless until the last three minutes of play in the fourth quarter.

At this point a long pass from Hatter to Reyman netted the only score of the game. Springfield threatened the Ellet goal two different times. They were held for downs on the 15 yard line in the first quarter; and a pass from Hazle to McIntyre was good on the 25 yard line as the half ended.

Out of eight passes attempted by Ellet, three were intercepted by Miller and McIntyre, three were incomplete and two were completed. Springfield attempted three passes and had one intercepted, one incomplete and one completed.

Every member of the squad covered himself with glory in this best game of the season. Special mention should be made of the fine runs and intercepted passes made by Joe Miller; of the line plunges and tackles by Nolte; and the inspiring efforts of Jerry McIntyre and Ed. Hazle, four of the seniors appearing under the Red and Gray banner for the last time. Other seniors finishing their high school grid career were Paul Sewell, who played a fine game at Tackle, Fax Myers at tackle, Ed. Manley at end and Garland Milhoan at end.

Two other seniors to be lost are Twyman Riley and Ardys Young.

The school and the community are proud of the showing made by the team against this strong opponent.

One of the referees at this game reported that he saw the finest display of good sportsmanship during and at the end of this game that he has witnessed this year, between the members of the two teams. The school authorities are glad to hear of this as it helps to decide on the matter of future athletic contests between the two schools.

GIRLS BEGIN BASKETBALL

Forty-two girls responded to the first call for candidates by Coach H.E. Workman last week on Wednesday. A few have been eliminated already. The others are scrapping for places on the squad. Practice is held Mondays and Wednesdays from 4 to 6 P.M.

The boys began practice Monday night and are working hard in preparation for the first game this Saturday night with Greentown. Old faces on hand include McIntyre, Miller, Manley, Hazle Ed Cochran, and Garland Milhoan.

MOGADORE HOLDS SHS WARRIORS 0-0

On Sat., Nov. 11, Mogadore gave Springfield and themselves both a surprise by holding the local pig-skin toters to a 0-0 tie. Of course the field was in poor shape with two inches of mud and slush, but nevertheless Mogadore must be given credit for a good, stiff fight,--and likewise a good showing of fine sportsmanship.

Come again, Mogadore!

STOW TAKES COUNTY HONORS AGAIN

By defeating Greensburg Tuesday of this week, 18-0 Stow high finished another perfect season with no defeats. As no championship is recognized by the county principals this year, no trophy is to be awarded. Last year four trophies were given to the four teams tying for first place,--Stow, Springfield, Mogadore and Bath.

REPORT OF ACTIONS TAKEN BY BOARD OF EDUCATION

The Springfield Township Board of Education at its last regular meeting authorized the purchase of first aid supplies to an amount not to exceed five dollars for each of the schools.

The board is cooperating with the township trustees in moving the portable school from the Lakeview site to the Roosevelt grounds for use as a school cafeteria.

The township elementary school principals submitted a six-game schedule for grade basketball for the coming season, to the board of education and received the boards approval of same. It was agreed to pay the board for the use of lights and heat at the rate of $1.50 per home game.

Mr. Harry Workman has been employed as coach of girl's basketball in addition to his work as boy's coach. The state ruling requires that the coach have a major or a minor in physical education.

An invitation is extended to all community organizations interested in landscaping of the high school grounds to cooperate with the board of education. A plan has been submitted by the Peterboro Garden Club for consideration by the board.

COACH'S WATCH DISAPPEARS

Some on who was present at Boy's basketball practice on Monday night Nov. 0, had the nerve to take coach Workman's wrist watch which he had left on his desk in his office. Mr. Workman forgot about it until after Mr. Shropp had locked up. Even then he thought nothing of it except that he could get it in the morning since he had left it around during football season. Tuesday morning came and the watch could not be found. Mr. Workman questioned some of the boys thinking that they had hiden it for a joke but it seemed that none of the boys had seen the watch.

Now who in Springfield that ever thought of playing on one of Springfield's athletic teams could ever stoop so low as to take the coach's wrist watch! Let's make an earnest attempt to find it and expose the thief in our midst!

SENIOR ENGLISH

The "wise cracks" below were saved by Miss Mitchell out of the Journals prepared by her senior English students.
Lets have more of these.

Nov. 12

"The show was swell! You wanted to cry so bad when the first wife took the man's last twenty dollars for pills for a Pekinese Poodle while that money would have saved his baby's life".

Nov. 13

"When in the course of schoolday events it became necessary for us to use more involved grammar, the request of our teacher requires that we keep a journal, in order that she may more fully understand the reason for our deficiencies".

Nov. 14

"Today I had a stiff neck. I do not like to have a stiff neck---not because I mind the pain so much but because everyone teases me.

Nov. 14

"Today the Juniors got their new jackets. What a proud group they were! I never before saw so many Juniors have to sharpen their pencils".

Nov. 15

"We waited for the school bus two hours but decided it wasn't coming so we went home. Since we were unable to get to school we went into Akron and saw a show at the Palace."

Nov. 15

"I really learned something while studying my history today! I had never known that there had been a president named Van Buren---but the book says so---so it must be true.

Nov. 18

Ellet beat us 6-0. I was so hurt I couldn't even talk and when "she" came out on the field and said I had played a good game, I could even look at her.
