DID YOU EVER STOP AND THINK

Your parent sends you to school at their expense, as few of you earn only part of your expense.

They often do without things they need just to make your school days happy ones. These days are among the happiest experiences in life and if you don't belive this, ask the alumni.

I am sure you will agree with me when I say it is up to we students now attending school to get the most we can for our time and our parents' money, because when a minute is wasted it is gone forever, never to be regained. Therefore, if we do not do our best in school, we are robbing our parents, our teachers, our classmates, and especially ourselves. Grades given you by teachers is only their estimation of your achievements.

The amount of knowledge you retain and the degree of development of your mind at promotion or graduation is the important thing. If this article gives you or any one of the many time-wasters an incentive to obtain something more than just a passing grade, it has served its purpose.

WHAT IS LITERATURE?

Do not take literature at face value. Just because a composition is witty, educational, or odd does not make it good literature. Far from it. Good literature is so written that the reader refuses to be interrupted by outside influences he loses himself in the story. The good author is able to draw his readers like a magnet, to follow him through events. When you follow your author, when you are his constant companion, when you suffer with him, when you rejoice with him, when you follow his moods, you have read a good piece of literature.

MOTHERS BANQUET SONS

Members of the football squad were given their annual banquet by their mothers, at the Canteen last Thursday night. After everyone present had eaten his fill of the delicious chicken dinner and tasty desserts, toastmaster, William Simpson, called on Coach Workman Mr. Lynch, and Honorary Captain Lawson Weaver who responded with excellent short talks. The toastmaster then called on the speaker for the evening, James W. Schlemmer who gave an eloquent speech on "Poise". Robert Austin presented Coach Workman with a desk lamp. It was a happy and contented group that returned home.

SPRINGFIELD VARSITY DEFEATS GREENTOWN

Springfield varsity boys defeated Greentown on the latter's floor last Saturday night. Traces of the old football tactics appeared in both teams. The first six points scored by Springfield were free throws but Greentown soon remedied this, Morris, Igleheart, and Mellion scoring the first half. After losing Arnold and then Morris in the third period, their positions were ably filled by Beech and Smart. The team performed fairly well considering the short time of practice but there's much room for a vast improvement. Iglehart says "Turning an apparent defeat into a material victory is a habit", when he plays on a squad. We shall see. Coach Workman predicted a close game, giving Springfield the victory. Compare the results.
