

# The Magnet Program @ Skyline

[Watch Magnet Promo Video](#)

# The Magnet Program @ Skyline

- thematic focus
- three year course of study
- apply academics to problem solving
- unique learning spaces & equipment
- academic foundation
- real world applications & experiences

# The Magnet Program @ Skyline

- Business, Marketing & Information Technology
- Communication, Media & Public Policy
- Design, Technology, Engineering & Programming
- Health & Medicine

# The Magnet Program @ Skyline

YEAR	# of Trimesters	FOCUS
1st year	2	Foundational Topics
2nd Year	2	Skill Development
3rd Year	3	Application

# **BMIT: Business, Marketing & Information Technology**

**BMIT**

BUINESS MAGNET

**Mr. Shannon**

Lead Teacher

**Mr. Jobe**

Co-Teacher

# WHY BMIT?

- **Skills not just for “business”**

- Leadership/Networking
- Presenting/Communication

- **Top jobs**

- Marketing
- Technology (Software Development)
- Self-Employment (Small shops)

- **Entrepreneurship**

- Create your own career based on your passion and skills

# THIS COULD BE YOU!

10th Grade	11th Grade	12th Grade	Electives
Business Principles	Marketing Foundations	Business Capstone- 	<ul style="list-style-type: none"> <li>▪ Sports Marketing</li> <li>▪ Web Design</li> <li>▪ Entrepreneurship</li> <li>▪ Business Technology</li> </ul>
New Venture Planning	Marketing – School Store	<a href="#"><u>Virtual Enterprise</u></a> *Click to play video	<ul style="list-style-type: none"> <li>▪ School Store</li> <li>▪ Accounting</li> <li>▪ Business Fundamentals</li> </ul>

## TAKE IT FROM YOUR PEERS...

*BMIT is the road to business success. Learning, developing ideas, peer interactions, and tons of fun!*

-Alissa Chabi, BMIT senior

*A very professional environment where students learn all aspects of the business world and are hoping to develop a business based career for their future. – Ben Wegryn, BMIT graduate*

*BMIT has helped me to realize my creativity and passion. – Nicole Lockhart, BMIT graduate*

# College Majors...

- Marketing
- Accounting
- Fashion  
Merchandising
- Finance/Banking
- Sales
- Business  
Administration
- Management
- Supply Chain
- Human Resources

Communication, Media, and Public Policy

Real Problems.  
Real Projects.  
Real Clients.

Co-Lead Teachers:  
Ross Dunbar + Cate McCraw

## EXPERIENCES, NOT COURSES

[Watch video](#)

Skyline CMPP is the magnet for students who want to change the world. CMPP empowers you with skills that strengthen your talents, and enables you to choose real projects and clients that you care about. Tackle real problems in ["The Think Tank"](#) in 10th grade, produce real projects in ["The Digital Studio"](#) in 11th grade, and work with real clients in ["The Media Group"](#) in 12th grade. Are you ready to join the CMPP experience and change the world?

## 10th Grade: Think Tank

### 1st Tri:

**Intro to Public Policy  
and Video Production**

### 2nd Tri:

**Multimedia Production**

---

- Climate change
- Homelessness
- LGBTQ+ equality
- Hunger and food insecurity
- Mental health services
- School safety

## 10th Grade: Think Tank

### Create digital portfolios to showcase your work:

- Digital videos
- Podcasts
- Infographics
- Policy briefs

### Improve your communication skills with:

- Big debates
- Harkness discussions

## 11th Grade: Digital Studio

**1st Tri: Public Policy and the Media**  
*(U.S. Government credit, CMPP style)*

**3rd Tri: Broadcast Communication**  
*(Legacies Project, CMPP10 Student News)*

11th Grade: Digital Studio

## CMPP students create feature films for the Cinetopia Film Festival!

## 12th Grade: Media Group

					
Jefferson Gonzales- Flores	Sally Eggleston	Ella Hall	Sammi Perkins	Duncan Campbell	Sam Towers
Chief Executive Officer (CEO)	Senior Project Manager	Manager of Client Relations	Manager of Marketing	Manager of Production & Technology	Manager of Production & Technology

*Courses tri 1, 2, and 3*

**Full service, student-run digital firm that has worked with >100 clients to create:** public service announcements, videos to raise awareness, videos to recruit donors and volunteers, social media strategy, and websites.

**SOS**  
*community services*

**CTN**  
CONNECT. CREATE. COMMUNICATE.

**ECOLOGYCENTER**  
Healthy People, Healthy Planet

**GROWING HOPE**

**MENTOR2YOUTH**  
BRIDGING THE OPPORTUNITY GAP

**Our HOUSE**

**CHILDREN'S LITERACY NETWORK**

**ypsiWrites**

**CHILD CARE NETWORK**

**826 michigan**

**HOPE CLINIC**

washtenaw area  
**council for children**  
*safe kids, sound community*

**ozone HOUSE**  
safe place. real support.

# Magnet Course Sequence

## **Sophomore Year:**

- Trimester 1: Introduction to Public Policy
- Trimester 2: Multimedia Production (VPAA: 0.5 credit)

## **Junior Year:**

- Trimester 1: Public Policy & Media (U.S. Government: 0.5 credit)
- Trimester 3: Broadcast Communication

## **Senior Year:**

- Trimester 1: Public Policy Internship (VPAA: 0.5 credit)
- Trimester 2: Digital Media & Effective Communication
- Trimester 3: Public Policy Research

**Redesign the world.**

# **DTEP (Design Technology, Engineering, and Programming)**

**This magnet is for students who are interested in designing our world of tomorrow.**

- focus on actualizing new ideas for solving problems into CAD designs and then creating prototypes using advanced manufacturing lab tools such as 3D printers, laser cutters, and CNC routers.
- Coursework is designed to be flexible and include applications into engineering fields such as mechanical, biomedical, environmental, robotics, and beyond.
- Coursework in computer programming and cybersecurity is also encouraged to explore integrations of these emerging technologies.

**You might be a DTEP  
Magnet student if...**

**DT  
&  
EP**

**Let's Kahoot!**

## DTEP Magnet Courses:

- ED - Engineering & Design
- POE - Principles of Engineering
- CIM - Computer Integrated Manufacturing
- EDD - Engineering Design & Development

Imagination,  
**innovation**  
& learning.

# Build a DTEP Magnet Pathway to fit your individual needs:

- Intro Courses: ED - Engineering & Design or CSP - Computer Science Principles
- Advanced coursework: POE, CIM, AP CSA, Cybersecurity, Biomedical science, APES, Autotech, Homebuilding, Aerospace....
- EDD - Senior Capstone Experience

# An Example Capstone Project

***Problem:*** Firefighters have to enter burning buildings to extinguish fires.

***Solution:*** The Extinbreacher

# Stratasys Certification

SWABT:

- ❑ Operate and Maintain A variety of Stratasys Printers
- ❑ Employ Best Practices for Model Design and Tech Implementation
- ❑ Understand, Communicate, and Engage in a variety of emerging technologies
- ❑ Exhibit Marketable skills

Stratasys is the #1 name, worldwide, in 3D printing. It is used across all sorts of industries (GM & Toyota, just to name a few local examples). *\*Students will earn certification in CIM- Computer Integrated Manufacturing.*

We now have the J55 resin printer, which uses inkjet technology and UV light to create fully realized color models, and can exhibit flexibility, texture, and ultra high resolution.

This is House. One of these has a door. I made the walls angled so that solar panels could rest on the ceiling, and I like the aesthetic. I wanted a very open, modern feel to this room.

# Create games in CSP using Python

# Health & Medicine Magnet

Do you know who this is?

“Now more than ever we need your talent, your energy, your resolve and your character.”  
--Dr. Anthony Fauci

# Programs

- Principles of Biomedical Science I & II (10th grade)
- Human Body Systems I & II (11th grade)
- Medical Interventions I & II (12th grade)
- Biomedical Innovations & Capstone Project (12th grade)

## Electives:

- Science of Wellness (Health Ambassador Program & Project Healthy Schools)
- Epidemiology
- Anatomy & Physiology
- Principles of Biomedical Science (9th grade only)
- Health & Public Policy

# Principles of Biomedical Science (PBS)

Students explore concepts of biology and medicine to determine factors that led to the death of a fictional person.

\*Students may take this course in 9th grade as an elective

# Human Body Systems (HBS)

Through projects such as determining the identity of a skeleton using both forensic anthropology and DNA analysis, students examine the interactions of human body systems and apply what they know to solve real-world medical cases.

# Medical Interventions & Biomedical Innovations (MI & BI)

Students follow the life of a fictitious family and investigate how to prevent, diagnose, and treat disease.

Students build on the knowledge and skills gained from previous courses to design their own innovative solutions for the most pressing health challenges of the 21st century.

Describe the Health & Medicine magnet in one word

# What advice or support would you give to new H&M students?

- “Don’t procrastinate” “Stay organized”
- “Be as involved as you can, you will get the most out of it”
- “The teachers are always there to help you”
- “Plan out your work and don't think you can just wing the test...you have to study!”
- “Be prepared to work hard and be challenged”
- “Be responsible for your own timeliness”
- “The workload is very manageable as long as you are organized.”

# Want to save the world?

Apply to the H&M magnet!
