Please review the [international initial-eligibility flyer](#) for information and academic requirements specific to international student-athletes.

TEST SCORES

If you plan to attend an NCAA Division I school, use the sliding scale to review the corresponding test score and core-course GPA (minimum 2.3) you will need to meet Division I qualifier standards.

For both Divisions I and II, a combined SAT score is calculated by adding critical reading and math subscores. An ACT sum score is calculated by adding English, math, reading and science subscores. You may take the SAT or ACT an unlimited number of times before you enroll full time in college. If you take either test more than once, the best subscores from each test are used for the academic certification process.

**More information regarding the impact of COVID-19 and test scores can be found at on.ncaa.com/COVID19_Fall2022.*

CORE-COURSE LIST

You should check to see if your high school has a list of **NCAA-approved core courses**. No core-course list means courses taken from that high school will not count for NCAA eligibility. If your high school does not have a list, you risk being ineligible to play in college.

ONLINE COURSES/ NONTRADITIONAL

Nontraditional courses are taught online or through distance learning, hybrid/blended, independent study, individualized instruction, correspondence or similar means.

These types of courses may be acceptable for use in the NCAA initial-eligibility certification process; however, it is important to make sure the nontraditional program has been approved and appears on the high school's list of **NCAA-approved core courses**.

BE AHEAD OF THE GAME

- » If you want to get ahead of the game, you need to register with the **NCAA Eligibility Center** before your freshman/ninth year of high school.
- » After you complete six semesters of high school, it is important for you to ask your counselor from each high school you have attended to upload an official transcript to your Eligibility Center account. A six-semester transcript must be submitted in order to have a preliminary certification completed.
