### Ann Arbor Public Schools Strategic Equity Plan Focus Areas

Culture of Dignity

Community Engagement

#### ✦ A Foundation of Dignity

A culture of dignity, and the recognition of the dignity of every student is central to equity work. In the AAPS, we will nurture a climate of belonging through shaping and maintaining a culture of dignity for every student, staff & family member.

#### ✦ Academic Learning, Growth, and Achievement

All students learn, grow and achieve at high levels.

#### ✦ Well-Being: Social-Emotional, Mental and Physical Health

School environments and practices support the social-emotional, mental and physical well-being of students and staff.

#### ✦ Safety and Security

All students are safe and secure at school; systems are in place to address safety concerns.

#### ✦ Design District Systems for Equity, Access and Opportunity

Align district procedures, regulations, practices and policies to the responsibility of ensuring equity throughout the organization.

#### ✦ Courageous Equity-Centered Leadership

Leaders demonstrate courageous actions necessary to remove inequities and barriers to ensure optimal learning and growth.

#### ✦ Student, Family and Community Partnership

Cultivate partnerships between schools, families and the community to establish a strong network of support, connections, resources and opportunities for every student.
