- *Completed connections for Freeman Environmental Center*

## *Ann Arbor Technology Academy*

- *50+ Different Learning Lessons*
- *More than 350 seats filled*
- *4 National Presenters*

# INFORMATION TECHNOLOGY

*My name is Catherine Glei and I am a Kindergarten teacher at Eberwhite. I just wanted to take a moment to express my gratitude and appreciation for the amazing job that the IT team of AAPS performed with the rollout of new laptops.*

*My scheduled rollout time was last Wednesday. I appreciated the organization of the three stations (The K teacher in me, I guess. . . Loves centers ) and how smoothly we could move from one to the other, assisted by the IT Team. The personal attention, guiding the staff through the stations, was timely and helpful.*

*The IT personnel in the final station, the workroom, was available for questions and additional support as needed, with handouts offered for staff to use. The handouts were well spelled out, offering step-by-step directions for additional help in getting out laptops ready. Overall, I just want to say thank you to them for making the rollout seamless!! Great job AAPS - IT Team! Thank you!*
