

Celebration or Birthday Party Treat Order Form

Attention Parents!! We are excited to announce that MCAS Food Services can make celebrating your child’s birthday or classroom celebration easier and healthier. We know that for young students, especially those at an elementary level, birthdays and celebrations are important. That’s why we would like to make the following treat items available to you for purchase for birthdays or celebrations.

Per the Wellness Policy MCAS has adopted, all classroom celebrations and food brought into the school must meet Smart Snack guidelines. We are making this easier by providing these options for you to order. Simply fill out the bottom portion of this order form and send this, along with payment, to school with your child. We will take care of napkins, plates, etc. The snacks will be delivered to your child’s classroom.
