Description of district's efforts to screen and identify dyslexia

We have embedded dyslexia screening within our Multi-Tiered System of Support (MTSS). Integrating data from screening and progress monitoring assessments as well as response to evidence-based instruction and intervention provides the greatest accuracy for identifying struggling readers including students with dyslexia.

Description of district's efforts to screen and identify convergence insufficiency disorder

Our RWBG3 Plan is in the process of being updated. It will be added to our district's website (same URL as submitted). If it is finished before July 1, I will upload a pdf copy of the 2023 version as a part of this data submission.
