I understand that the Dual Enrollment Program provides me with the opportunity to enroll in college courses offered at my high school and to access programs and services available to all Gwynedd Mercy University students. I further understand that I am responsible for knowing and following all college policies and procedures including those related to academic performance and student behavior as defined in the Gwynedd Mercy catalog and student handbook.

The Family Educational Rights and Privacy Act (FERPA) is a federal law that protects the privacy of student education record. FERPA gives parents certain rights with respect to their children's education records. These rights transfer to the student when he or she reaches the age of 18 or attends a school beyond the high school level. By providing the signature below I give permission to allow Gwynedd Mercy to share admission, testing, registration and billing information with my parent/guardian and high school principal to facilitate my enrollment.

Finally, all of the information provided is accurate and all writing samples are my original work. I have read and understand the document outlining the LMSD Dual Enrollment Program hosted by Harriton High School & Lower Merion High School and agree to all conditions. If admitted, I will enroll in the LMSD Dual Enrollment Program during course selection for next school year.
