Students tested: 16

Results: Performance Levels

≥ Level 3 Demonstrate appropriate grade-level understanding of NJSLS-S

State—19.8% WTS District—6.3%

District break down:

Level 1-25%

Level 2-68.8%

Level 3-6.3%

Level 4- 0%

All NJ state summative assessments were cancelled for the spring of 2020. However, the district is participating in the Start Strong Assessment for grades 4 through 8 in Math and ELA and Science. These assessments and tools will provide educators and parents information about our students and learning gaps that may exist as a result of the school closure last spring. The information from these assessments will be used in conjunction with other measures, such as classroom observations, and local benchmarks to identify potential gaps in students' understanding of the New Jersey Student Learning Standards (NJSLS).
