

Dear Senior and Junior Students and Parent/Guardians,

We hope your school year is off to a great start. We are writing to inform you of the [Guaranteed Admission Program](#) (GAP) that our school district is participating in. The district is partnering with six colleges in Washington (Central Washington University, Eastern Washington University, Washington State University, Western Washington University, The Evergreen State College, and University of Washington Tacoma) to offer this program. Students who meet the criteria for the program will be guaranteed admission to these six institutions. Through this partnership, these institutions will engage with students in 11th grade to ready them for college and familiarize them with college admissions. The participating colleges will also work to determine guaranteed admissions eligibility of 12th grade students and engage them to apply through guaranteed admissions.

Criteria for Guaranteed Admissions Program:

To be eligible for guaranteed admission students must meet or be on track by high school graduation to meet two requirements:

- Earn a minimum, cumulative 3.0 GPA
- Complete Washington's College Academic Distribution Requirements (CADRs)
 - Most students will meet this requirement, please contact your school counselor if you are unsure.

How Students Can Participate in the Guaranteed Admissions Program

If a student meets the criteria or is on track to meet the criteria by high school completion, they are guaranteed admission to the institution. **Students eligible for guaranteed admission must complete an admission application and additional requirements by the institute.** This is an opt-out program, which means that student information will be shared with these institutions to ensure that every student who may meet the criteria will be able to benefit from this program.

To support this program, the following student information will be shared with the six universities:

- Student first and last name
- Grade level
- Date of birth
- Email account(s) on record to provide information about the opportunity
- Unweighted GPA
- Mailing address

If you **do not** want your student to participate in this program, please complete and submit the survey below by **October 20th, 2023**.
