

Privacy notice for parents Use of your child's personal data

Under data protection law, individuals have a right to be informed about how the school uses any personal data that we hold about them. We comply with this right by providing 'privacy notices' to individuals where we are processing their personal data.

This privacy notice explains how we collect, store and use personal data about pupils. We, Malvern St James Girls' School, are the 'data controller' for the purposes of data protection law.

This information is provided because Data Protection Law gives individuals rights to understand how their data is used. Staff, parents and pupils are all encouraged to read this Privacy Notice and understand the school's obligations to its entire community. The school has a separate Data Protection Policy and Privacy Notice applicable to its employees and other staff.

Responsibility For Data Protection

The School has appointed the Director of Operations and Compliance (please see Contact Us for details) as the Information Compliance Officer, who will deal with all your requests and enquiries concerning the school's uses of your personal data (see section on Your Rights below) and endeavour to ensure that all personal data is processed in compliance with this policy and Data Protection Law.

Why The School Needs To Process Personal Data

In order to carry out its ordinary duties to staff, pupils and parents, the school needs to process a wide range of personal data about individuals (including current, past and prospective staff, pupils or parents) as part of its daily operation.

Some of this activity the School will need to carry out in order to fulfil its legal rights, duties or obligations – including those under a contract with its staff, or parents of its pupils.

Other uses of personal data will be made in accordance with the School's legitimate interests, or the legitimate interests of another, provided that these are not outweighed by the impact on individuals and provided it does not involve special or sensitive types of data.

The school expects that the following uses will fall within that category of its (or its community's) "**legitimate interests**":

- For the purposes of pupil selection, to confirm the identity of prospective pupils and their parents, and retain a record if appropriate for the purposes of future applications or openings;
- To provide education services, including musical education, physical training or spiritual development, career services, and extra-curricular activities to pupils, and monitoring pupils' progress and educational needs, including where such services are provided remotely (either temporarily or permanently)
- To enable relevant authorities to monitor the School's performance and to intervene or assist with incidents as appropriate;
- To give and receive information and references about past and current pupils, including relating to outstanding fees or payment history, to/from any educational institution that the pupil attended or where it is proposed they attend; and to provide references to potential employers of past pupils;

- To enable pupils to take part in national or other assessments, and to publish the results of public examinations or other achievements of pupils of the School;
- To safeguard pupils' health and welfare and provide appropriate pastoral care;
- To monitor (as appropriate) use of the school's IT and communications systems in accordance with the School's IT: acceptable use policy;
- To make use of photographic images of pupils in school publications, on the school website and (where appropriate) on the School's social media channels in accordance with the School's policy on taking, storing and using images of children;
- For security purposes, including CCTV in accordance with the School's CCTV policy;
- For regulatory record keeping / compliance purposes in respect of immigration requirements, as an employer and/or visa sponsor;
- To carry out or cooperate with any school or external complaints, disciplinary or investigation process; and
- Where otherwise reasonably necessary for the School's purposes, including to obtain appropriate professional advice and insurance for the school.

In addition, the School will on occasion need to process **special category personal data** (concerning health, ethnicity, religion) in accordance with rights or duties imposed on it by law, including as regards safeguarding and employment, or from time to time by explicit consent where required. These reasons will include:

- To safeguard pupils' welfare and provide appropriate pastoral (and where necessary, medical) care, and to take appropriate action in the event of an emergency, incident or accident, including by disclosing details of an individual's medical condition or other relevant information where it is in the individual's interests to do so: for example for medical advice, for social protection, safeguarding, and cooperation with police or social services, for insurance purposes or to caterers or organisers of school trips who need to be made aware of dietary or medical needs;
-
- To provide educational services in the context of any special educational needs of a pupil;
- As part of any school or external complaints, disciplinary or investigation process that involves such data, for example if there are SEND, health or safeguarding elements; or
- For legal and regulatory purposes (for example child protection, diversity monitoring, health and safety and immigration / visa sponsorship compliance) and to comply with its legal obligations and duties of care.

How We Store and Retain This Data

The school will retain personal data securely and only in line with how long it is necessary to keep for a legitimate and lawful reason. Typically, the legal recommendation for how long to keep ordinary pupil personnel files is up to 7 years following departure from the School. However, incident reports and safeguarding files will need to be kept much longer, in accordance with specific legal requirements.

If you have any specific queries about how our retention policy is applied, or wish to request that personal data that you no longer believe to be relevant is considered for erasure, please contact infocompliance@malvernstjames.co.uk. Access To Sensitive Data

Particularly strict rules of access apply in the context of “special category” data, most notably:

- medical records; and
- pastoral or safeguarding files.

Medical data

The school needs to process such information to comply with statutory duties and to keep pupils and others safe, but the school will ensure only authorised staff can access information on a need-to-know basis. This may include wider dissemination if needed for school trips or for catering purposes. Express consent will be sought where appropriate.

However, a certain amount of any SEND pupil's relevant information will need to be provided to staff more widely in the context of providing the necessary care and education that the pupil requires.

Safeguarding data

Staff, pupils and parents are reminded that the school is under duties imposed by law and statutory guidance (including the latest version of **Keeping Children Safe in Education or KCSIE**) to record or report incidents and concerns that arise or are reported to it, in some cases regardless of whether they are proven, if they meet a certain threshold of seriousness in their nature or regularity.

KCSIE also requires that, whenever a child leaves the School to join another school or college, her child protection file is promptly provided to the new organisation. The School will retain a copy in accordance with its retention policy for material related to safeguarding matters.

For further information about this, please view the School's Safeguarding Policy.

National Pupil Database

We are required to provide information about pupils to the Department for Education as part of statutory data collections such as the school census and early years census.

All data is transferred securely and held by the Department for Education (DfE) under a combination of software and hardware controls, which meet the current government security policy framework.

For more information, please see 'How Government uses your data' section.

Transferring data internationally

Where we transfer personal data to a country or territory outside the UK , we will do so in accordance with data protection law.

Parents and pupils' rights regarding personal data

Individuals have a right to make a '**subject access request**' to gain access to personal information that the school holds about them.

Parents/carers can make a request with respect to their child's data where the child is not considered mature enough to understand their rights over their own data (usually under the age of 12), or where the child has provided consent.

If you make a subject access request, and if we do hold information about you or your child, we will, with one month, but without undue delay;

- Inform you if the request is complex and therefore will require additional time, an additional two months, up to a maximum of three months from the date of request.
- Give you a description of it
- Tell you why we are holding and processing it, and how long we will keep it for
- Explain where we got it from, if not from you or your child
- Tell you who it has been, or will be, shared with
- Let you know whether any automated decision-making is being applied to the data, and any consequences of this
- Give you a copy of the information in an intelligible form

Individuals also have the right for their personal information to be transmitted electronically to another organisation in certain circumstances.

If you would like to make a request, please contact our Information Compliance Officer.

Other rights

Under data protection law, individuals have certain rights regarding how their personal data is used and kept safe, including the right to:
