

2022-2025 Sycamore Elementary School CIP

Sycamore School

Vision

At Sycamore Elementary School, we will have a growth mindset. We will foster a mindset in which student and teachers can be risk takers and collaborative thinkers.

Mission

I will do my best to be the best me I can be.

Beliefs

All of our students can learn when empowered with various instructional approaches. Students learn in different ways and deserve a challenging and supportive learning environment. As a school and community, it is important to meet students' unique physical, social, emotional and intellectual needs.

Innovative Environment

- #### Objectives
- Create a learning environment that empowers students and teachers to engage in rigorous meaningful instruction.

- #### Critical Initiatives
- Provide more active, personalized learning opportunities for teachers to support student readiness
 - Invest in technology and technological resources that will support all learners, increase engagement and enhance learning experiences
 - Provide students with a research-based learning environment that utilizes instructional strategies such as PBL, STEAM, and 21st century skills

Achievement

- #### Objectives
- Implement learning experiences in all subject areas that will support increased student achievement

- #### Critical Initiatives
- Build opportunities for differentiated instruction
 - Provide instructional coaching for all teachers to stay current on educational resources

Community Engagement

- #### Objectives
- Build a positive culture that welcomes the input of all community members

- #### Critical Initiatives
- Host community involvement events
 - Provide opportunities for stakeholders to share needs of the community that impact student success
