

MERCER COUNTY SCHOOLS

"Great Kids Achieving Great Things"

Mercer County Staff,

We want to highlight an important health benefit available for staff and students at Mercer County Schools. Our district nurse practitioner is able to provide services for acute illnesses such as:

- Upper respiratory symptoms (allergies, colds, sinus symptoms, & ear infections)
- Pink eye
- FLU/COVID-19 symptoms
- Skin irritations/rash
- Sore throat/strep throat
- Urinary tract infection
- Minor injuries may also be treated at the discretion of the practitioner

Additional tips about this service:

- Visits are by appointment only and may not be offered every day (depending on district nurse coverage and student visits).
- ***There is no longer an option to book appointments on the district website for staff sick visits. Please email amanda.payton@mercer.kyschools.us for staff appointments and/or any medical questions. Due to privacy laws please only use email for communication, emails will be answered during school hours and staff appointments will only be available during days that school is in session.***
- Staff health insurance will be billed for the visit. Currently, we accept Anthem insurance and United HealthCare. There is a self-pay option if you don't have insurance we accept.
- Please bring a copy of your insurance card to the visit, if not provided within 5 days then it will be billed as self-pay. Balances following the visit will be emailed to your school email address and can be paid online.

CPT Code	CPT CODE DESCRIPTION	ANTHEM PAYS	CMS PAYS	SELF-PAY COST
99202	OFFICE VISIT: 15 MINS (NEW)	\$43.01	\$53.00	\$43.01
