A grievance shall be a claim by a teacher or group of teachers in the unit stating that there has been a violation of this Agreement. The decision as to the appointment of a probationary teacher to a permanent position shall not be a matter subject to grievance.

A grievant shall be a teacher or group of teachers filing a grievance.

A grievance committee comprised of one member from each school shall be appointed by the Congress to represent teacher grievances beyond Stage II.

The term day shall mean teacher's working school day.

- C. PROCEDURES – The existence of the Procedure hereby established shall not be deemed to require any teacher to pursue the remedies herein provided and shall not in any manner impair or limit the right of any teacher to pursue any other appropriate remedies available.

Nothing herein contained shall be construed as limiting the right of any teacher having a grievance to discuss the matter informally with any appropriate member of the Administration, and, as an outcome, having his grievance adjusted without the intervention of the Congress, provided the adjustment is consistent with the terms of this Agreement. The Congress shall have the opportunity to be present and to state its views through the Grievance Committee at any level in the grievance procedure beyond Stage II.

Failure of the responsible school officer at any step of this procedure to communicate the decision on the grievance within the specified time limits shall permit the aggrieved teacher to proceed to the next step. Failure of the grievant to bring the grievance to informal presentation within ten days of its occurrence or to appeal the grievance to the next step within the specified time limits shall be deemed a waiver of the grievance, and the grievance shall abate. In the event that an employee alleges that a grievance is based upon newly gained knowledge of facts or conditions which could have constituted the grievance within the ten day provision, the employee may bring a grievance subsequent to the expiration of this period, but in no event may any grievance be filed in excess of thirty days from the date upon which the act or conditions upon which the grievance is based occurred.

Stage I – Informal Appeal. Every grievance must be presented informally to the grievant's principal or immediate supervisor within ten days of the occurrence of the events underlying the grievance. If mutual agreement has not occurred after an informal oral presentation of a grievance to a grievant's immediate supervisor or principal, the formal steps set forth below shall be followed. The immediate supervisor or principal shall orally dispose of each grievance informally presented within five days following the informal presentation.

Stage II – Formal Appeal to the Supervisor or Principal. If the grievance is not settled satisfactorily at the informal stage, a grievant may file a written grievance on the appropriate form within five days of the decision handed down as a result of the informal presentation. The form used to start the formal grievance procedure is to be filed with the grievant's principal or immediate supervisor.

Within five days of the filing of the grievance, the principal or immediate supervisor shall

hold a hearing with the grievant in an attempt to resolve the grievance. The grievant may invite a Congress building representative to be present at the hearing. If the grievance is resolved, the resolution shall be stated in writing and signed by the teacher, the building representative, and the principal or immediate supervisor. If the grievance cannot be resolved, the principal or immediate supervisor hearing the grievance shall issue a written decision on the grievance within five days of the hearing.

Stage III – Formal Appeal to Superintendent of Schools. If the grievance is not resolved at the conference or the grievant is not satisfied with the written decision, the grievant may appeal the decision to the Superintendent of Schools. Such appeal must be filed with the Superintendent of Schools on the appropriate form within five days of receipt of the decision of Stage II. It shall be in writing, shall contain a copy of the written decision of Stage II, and shall state the reasons for the appeal. The grievant shall also file a copy of the appeal with the Grievance Committee at the time it is filed with the Superintendent of Schools. Within ten days of the receipt of the appeal, the Superintendent or designee shall hold a hearing with the Grievance Committee and the grievant in an attempt to resolve the grievance. If the grievance is resolved, the resolution shall be stated in writing and signed by the grievant, the Superintendent of Schools, and the chairman of the Grievance Committee. If no resolution is reached, the Superintendent shall issue a written decision on the grievance within five days of the hearing.

Stage IV – Binding Arbitration. If the Grievance Committee is not satisfied with the Superintendent's decision, it may submit the grievance to arbitration by filing a written notice with the office of the Superintendent of Schools on the appropriate form, within five days of receipt of the Superintendent's decision. Within ten days of the Grievance Committee's filing with the Superintendent of Schools, the designated arbitrator shall be jointly contacted by the parties. The arbitration shall be held before one of the following arbitrators, selected, to the extent practicable, on a rotating basis, and availability on a timely basis:

1. Howard Edelman
2. Bonnie Siber-Weinstock
3. Carol Wittenberg
4. Richard Adelman
5. Jeffrey Selchick

The arbitration shall be held pursuant to the Voluntary Labor Arbitration Rules of the American Arbitration Association, and it shall be the duties of the parties to mutually make arrangements with the Arbitrator to conduct the proceedings.

The Arbitrator shall hold such hearings as deemed necessary and shall render a decision in writing. The Arbitrator shall not have the power to alter or amend, add to, or change the terms of this agreement or the conditions of employment of teachers in this District. The arbitrator shall, however, have the power to interpret and apply this contract and specify a remedy. The Arbitrator's decision shall be final and binding on both parties. The cost of

arbitration shall be borne equally by the District and the Congress.

- D. DISTRICT RIGHTS – The District, at any time, acting through the School Board or the Superintendent of Schools may, in its sole discretion, register a grievance against the Congress or one of the members of the negotiating unit for failure to comply with the terms and conditions of this agreement by filing a written complaint on the appropriate form with the Superintendent of Schools, who will transmit the complaint to the President of the Congress. Within ten days of the presentation of the complaint, there shall be a conference concerning the complaint by the District between representatives of the Congress and the District. If the complaint cannot be resolved at this level, the District may, in its sole discretion, and at its sole option, bring the complaint to arbitration, Stage IV of the grievance procedure. Use of this procedure shall in no way be construed as a waiver of the District's right to bring disciplinary proceedings.
- E. REPRISALS – The fact that a grievance is raised by a member of the unit, regardless of its ultimate disposition, shall in no way result in any reprisals by the District.

Teachers' Contract ARTICLE 7 – Legislative Authority

Selections shall follow consultation with those faculty members who have met with the candidate during his or her visit to the District.
- C. Recognizing the importance of teacher selection to the continued excellence of the school system, the Congress agrees to encourage its members to refer the names of possible candidates to their building principals.

- D. Newly appointed teachers shall be available for a three-day orientation session during the week of the pre-school meeting or the week prior to the week of the pre-school meeting without remuneration. Additionally, these teachers will be available for up to the equivalent of 5 days between September 1 and August 30 of their first year of employment for participation in special staff development and training sessions. Compensation will be at the per diem rate. Candidates shall be informed of these commitments during their placement interview.

Teachers' Contract ARTICLE 10 – School Year

- A. The determination of the school year and calendar and the days on which students shall be taught shall be the sole responsibility of the Board of Education upon the advice of the Superintendent of Schools who will consider the recommendations of the BOCES Calendar Committee. One hundred eighty-five (185) attendance days will normally be required from teachers. Four days - or their equivalent - shall be provided for:
 - 1. The pre-school meeting in September, or if necessary, and with the consent of the CCT and the District, in the last week of August.
 - 2. Three Superintendent's Conference Days for curriculum planning and work sessions or parent conferences.
- B. Professional Planning and Staff Development
 - 1. Six (6) hours of professional planning and staff development time for teachers will be scheduled and planned each year by the District on days when students are dismissed early from school.
 - 2. All teachers are required to devote an additional 6 hours per year of time outside the school day, but during the school year, toward collaboratively learning the technology skills and software applications necessary to meet the district's technology expectations. The timing, location and format of this collaborative learning are at the teachers' discretion.
 - 3. In addition, during the 2015-2016 and 2016-2017 school years, all teachers will schedule an additional 6 hours per year of professional learning time during the school day (but not during instructional time) when they will collaboratively learn how to use technology effectively both in the classroom and as a communication tool.
 - 4. Issues arising from implementation of this provision will be reviewed and resolved at Labor-Management Committee.
- C. An additional two (2) days may be required from any teacher for curriculum planning or special assignment, subject to the following conditions:

1. Teachers may not be involuntarily assigned more than four days in three years.
 2. Actual dates must be agreed to by both parties within a reasonable deadline of no fewer than 60 days, unless this deadline is waived by both parties.
 3. An assignment under subsection C of this article shall be paid at the per diem rate provided in this Agreement.
- D. The school year is subject to emergency closings of schools. Should the number of closings cause the District to fall below 180 "days of instruction," the minimum required by the New York State Education Department, adjustments in the calendar shall be made by the Superintendent of Schools.
- E. In the event of a serious emergency, meetings may be called at any time on short notice.
- F. The third Tuesday of each month shall be reserved for a Congress business meeting beginning after the last dismissal.
- G. The Faculty Advisory Council and individual staff members are encouraged to submit to the school principal topics for discussion at faculty meetings. When possible, meeting agendas will be available twenty-four hours in advance. Other items may be added when necessary.
- H. Apart from two fall elementary half days for parent-teacher conferencing and three elementary half days during the last five days of the teachers' work year, subject to meeting the hours requirements of S.E.D. for full State Aid for elementary school students, all teacher workdays shall be full workdays as described in Article 11(A). Unit members shall be required to attend one (1) Community Night or one (1) Open House when scheduled by the District.

Teachers' Contract ARTICLE 13 – Teacher Files

- A. No evaluative materials, excluding references and information obtained in the process of evaluating the teacher for employment, shall be placed in a teacher's file unless the teacher has an opportunity to read the material. The teacher shall acknowledge that he or she has read such material by affixing his or her signature on the actual copy to be filed with the understanding that such signature merely signifies that the teacher has read the material to be filed. Such signature does not necessarily indicate agreement with its content.
- B. The teacher shall have the right to answer any material filed, and the teacher's answer shall be reviewed by the building principal and the Superintendent and attached to the file copy.

- C. Upon reasonable notice, the teacher may review the contents of any of his or her files at the Education Center with the Assistant Superintendent for Human Resources or designee or at the building with the building principal or the principal's designee. Upon request, the teacher shall be given a copy of the current formal evaluation report. A representative of the Congress or another representative of the teacher's choice may accompany him or her.
- D. Correspondence received by the District relative to a teacher shall be treated with the utmost discretion. If, after investigation by administration, the contents are believed to be significant, the named teacher shall be promptly informed. If the correspondence is to be filed, the teacher shall have the right to make written response. Said response shall be attached to all file copies of the original letter. Any such letter must be filed within 12 months of its receipt by the district. The teacher shall have the right to grieve to the Superintendent of Schools whether such correspondence is inaccurate and/or unfair. The Superintendent's determination can be appealed to the Board of Education whose decision shall be final.
- E. Upon request, single photo copies of the contents and records of his or her file, except such confidential references given at the time of the teacher's employment, shall be made available to the teacher.
- F. Two personnel files shall be kept on a teacher, one at the teacher's school, the other at the Education Center. Copies of all evaluative material shall be maintained at the Education Center.

Teachers' Contract ARTICLE 14 – Vacancies and Promotions

- A. Whenever any vacancy in a Unit I position or other administrative positions occurs, it shall be published by the Superintendent of Schools by notice placed on a bulletin board in every school as far in advance of the appointment as possible. Qualifications for the position and its duties, specific period of appointment for the position, directions for applying and the first day for applying shall be set forth.
- B. Vacancies in Unit II shall be posted by title and, when appropriate, by school. Openings in co-curricular, coaching and other extra pay positions shall be posted.
- C. All teachers shall be given the opportunity to make application for any position for which they are qualified, and the district shall give weight to relevant factors. All such teachers in the District applying for such positions shall be given the opportunity for a personal interview with the appropriate personnel. When, in the opinion of the Superintendent and the Board, all other factors are substantially equal, preference shall be given to qualified teachers already employed by the District.
- D. All teachers shall be given the opportunity to register with the District office in June of each school year to be considered for vacancies that may arise when school is not in

session, but such registration shall not in itself constitute an application for any vacancy.

Teachers' Contract ARTICLE 20 – Short-term Grants

Independent of Educational Development Grants, short-term leaves or standard per diem payments may be awarded upon the recommendation of the building principal concerned and the Superintendent of Schools with the approval of the Board of Education. These grants may involve study, research, curriculum development, workshops, conferences, planning, visits, reports with recommendation for action, training other staff members, self-training, project development, State Department of Education or U.S.O.E programs and other activities that will bring educational improvement to the District. Teachers interested in such a grant should make application to their principal and to the Superintendent of Schools.

Teachers' Contract ARTICLE 22 – Teacher Transfers, Returns and Assignments

- A. Involuntary transfers will be made only when necessary and in the best interest of the District. The parties recognize the right of the Board to reassign staff in the best interest of students and the educational program and also, at the same time, recognize the right of the teachers to equitable treatment. These assignments will be made in accordance with Educational Law, Rules and Regulations of the Commissioner of Education and this Agreement.
- B. Should it become necessary to transfer a teacher, the following steps will be taken:
 - 1. Principals and CCT representative(s) will meet with the staff in the tenure area involved to discuss the issues and solicit volunteers. A specified period of time to volunteer will be established.
 - 2. If there is no acceptable volunteer, the district will select a staff member based upon the criteria of Article 22.B.
 - 3. In reviewing matters referred to in Article 22.D.1 and Article 22.D.2, the Superintendent's decision will be final.
- C. The District shall maintain and share with the CCT President an annual seniority and Preferred Eligible List for the District as a whole. This list shall be available for each school year by December 1 of such year. The Congress shall have 30 days to review and challenge the accuracy of such list.

Teachers' Contract ARTICLE 25 – Insurance

- A. Effective July 1, 2021 and during the life of this agreement, the District shall pay 82.0% of the premiums for employees and dependents in the Northern Westchester-Putnam Schools Consortium or other insurance carriers providing identical or better medical benefits if the District elects to designate another carrier. All participating teachers shall pay the remaining 18.0% of premiums. Retirees shall contribute toward health insurance costs at the percentage of their contribution immediately preceding retirement. Unit members hired

to commence work in the bargaining unit on or after July 1, 2018 shall be eligible for retiree health insurance if having served 15 years in the District in a benefits eligible position with a District premium share requirement.

The Chappaqua Central School District agrees to offer one or more comprehensive prepaid health plan(s) or health maintenance organization(s) (HMO) to its eligible employees. The employee will be solely responsible for any premium cost during the plan year which exceeds the premium cost for the Putnam/Northern Westchester Health Insurance Consortium. The cost to the school district will not exceed the district's cost for the Putnam/Northern Westchester Consortium, and the employee shall continue to be responsible for the percentage contribution to premium as set forth in the applicable collective bargaining agreement.

Notwithstanding the above, family health insurance premium contributions are subject to the application of the District's "Spousal and Eligible Dependent Rule."

All unit members who work less than 0.6 FTE may participate in the District's health insurance plan by contributing one hundred percent of the premium cost for individual or family coverage.

- B. Teachers married to another District teacher or administrator shall be entitled to either two single plans or one family plan. Whenever the District's health and Chappaqua Benefit Funds's dental and vision plans provide for coordination of benefits, such employees shall be provided with the same (i.e.: coordination of benefits is defined as providing the spouse with the same reimbursement as would be provided by a second family plan.) Likewise whenever the District's health and dental insurance plans provide for maintenance of benefits, such employees shall be provided with the same (i.e.: maintenance of benefits is defined as when the spouse's plan provides a lesser reimbursement than would be provided by a second district family plan, in which event the District will supplement the reimbursement up to the level of the District's plan.)
- C. In the event that there are five or more unit members who elect not to receive health insurance, effective July 1, 2008, the buy-out amount shall be set at \$2,750 for family buy-outs and individual buy-outs only for those receiving the buy-out during the 2007/2008 school year, as well as for those who have been paying health premium contributions during the 2007/2008 school year and would become entitled under the language of the 2007/2008 contractual agreement effective with the 2008/2009 school year. These amounts are per year and will be prorated if for less than a full year. No others shall become eligible for the buy-out.

A unit member who has elected the buy-out shall be allowed to re-enter the health insurance plan during the buy-out year as a result of a qualifying event.

The monies will be paid in equal biweekly paychecks over the one year buy-out period

commencing January 1st and ending on December 31st. The buy-out payments will be paid as additional salary or into the employee's section 403(b) Internal Revenue Code tax sheltered annuity as an elective employee payment, where it may accumulate without a tax consequence until the time of withdrawal.

The window period of opportunity for exercising the buy-out option is the same as for changing health insurance enrollment (November 8-12 during 2004 and a four day window period each following year).

To be eligible for this benefit, you must be otherwise health insured and able to produce evidence of the same when you submit your application for the buy-out.

Teachers' Contract ARTICLE 26 – CCT Benefit Fund

- A. The Trust formerly known as the Joint Benefit Fund in previous contracts shall be converted to a unitary CCT Trust providing participation rights for District administrators and non-represented personnel. All Fund Trustees must be eligible to receive the benefits provided by the Fund.
- B. The District shall increase its per capita per annum contribution to the CCT Benefit Fund by \$50 effective with the 2021-22 school year. Thereafter, the District shall contribute the same per capita per annum dollar amount for members of this bargaining unit as it contributes for members of the CCT Teachers' Bargaining Unit for the 2022-23 and 2023-24 school years

Teachers' Contract ARTICLE 27 – Tax-Sheltered Annuities and Credit Union

- A. The District agrees to enter into a written agreement with any teacher during the months of September and January to reduce the annual salary for the purpose of purchasing a tax-sheltered annuity for the teacher. The District reserves the right to limit the number of additional companies to be selected by employees.
- B. The District and the Congress assume no fiduciary responsibility for such tax-sheltered annuities, and they shall not be held liable for the performance or management of such funds. District expense and involvement shall be limited to clerical expense required for making payroll deductions and subsequent remittance to the appropriate insurance company.
- C. A teacher may direct the District to forward monies withheld through payroll deduction to the Hudson River Teachers Federal Credit Union or an alternative mutually agreed upon by the Congress and the District. Notice to initiate, change or cancel this action must be made in writing by the teacher during the months of September and/or January.
- D. Upon retirement, payment for accumulated sick days will be paid in the form of an employer non-elective direct contribution into a Section 403(b) Tax Sheltered Annuity.

Teachers' Contract ARTICLE 29 – Other Leaves

- A. A teacher shall be granted up to three personal leave days with pay during each school year in order that he or she may meet serious personal obligations which can only be accomplished on a work day, such as: Family obligations, non-family funerals, legal matters, personal business, etc. Except in unusual or extenuating circumstances, notification for such leave shall be given at least three days in advance to the building principal on the personal leave notification form. A teacher need not specify reasons for taking such leave unless it immediately precedes or follows a holiday or vacation period or falls on a Superintendent's Conference Day, in which case the leave would first need to be approved by the building principal. In the case of an emergency, the provision for three days' notice may be waived at the discretion of the building principal. Such leave, if not used, shall be cumulative as sick leave, but in no event shall it be in addition to the sick leave cumulative ceiling.
- B. Any teacher, absent on account of illness or death in the immediate family, shall be entitled to full salary for five (5) days during a school year. Immediate family encompasses an employee's spouse, children, parents, siblings, grandparents, grandchildren, nieces, nephews, aunts, uncles and in-laws. These days are separate and distinct from the 15-day personal illness and are not to be included in accumulated days.

The Superintendent may grant special bereavement leave upon request from a teacher.

- C. A teacher shall be granted leave for jury duty on full pay. The District shall be reimbursed by the teacher for per diem compensation paid for jury duty. In the event such reimbursement is not received by the District before the end of the school year, such money shall be deducted from the teacher's final checks. A teacher shall notify the district at least two (2) days in advance of such jury duty.
- D. Child Care Leave
1. A child care leave shall be granted without pay to regular, full-time teachers who are about to become, or have just become, a parent. In the event that both husband and wife are employed by the district, only one of them may be on child care leave at any given time.
 2. Application for such leave shall be made in writing to the building principal. A teacher starting in September will normally be expected to teach at least through the first semester (February). In this case the leave shall endure for the balance of the school year in which it began and may continue the following two school years.
 3. Should a teacher be granted a child care leave commencing before the end of the first semester, such teacher may only apply for one additional year of child care leave.

4. Each year a teacher on leave shall notify the building principal in writing no later than March 15 of his, or her, intention to return, or not to return, the following September. Failure to give appropriate notice by March 15 will cause the teacher to forfeit employment.
 5. A teacher must return to the District for at least one academic year prior to application for a subsequent child care leave.
- E. Special leaves may be granted, with or without pay, by the Board of Education upon the recommendation of the building principal and the Superintendent of Schools.
- F. Conditions affecting leaves under E and F above.
1. Teachers granted leaves that do not coincide with the school year must, upon their return, complete the number of unpaid leave days before moving onto the next salary step.
 2. Teachers granted leaves will be credited for the purposes of seniority with the number of months served prior to the inception of the leave.
 3. Additionally, teachers returning from leave are not guaranteed the specific position or building assignment they left.
- G. Emergency Leave Bank
- An emergency leave bank shall be created with 40 days contributed by the District per year. Withdrawals from the emergency leave bank shall be limited to teachers who have exhausted family and personal leave, are not eligible for sick leave, and who have a catastrophic circumstance that is recognized by the Superintendent of Schools. The award of emergency leave day(s) shall be at the sole discretion of the Superintendent of Schools and will be limited to a maximum of 8 days per individual.
- H. The status of all 'banks' shall be reported to the District and the CCT on a yearly basis.
