

DIABETIC CARE PLAN REQUIREMENTS

For us to care for your child while they are at school, we must have the following things in place. Please review the checklist for more detailed information.

- Physician's orders/Diabetic Medical Management Plan (DMMP)
- Medication Authorization Forms for emergency Glucagon (Glucagon injection, Baqsimi, or Gvoke)
- Authorization for the Release of Medical Information
- Diabetic supplies for the classroom and/or clinic

Please have your physician complete the necessary documentation and submit the listed items to your child's school before the start of the school year. All paperwork and medication must be in place before the start of the school year for your child's health and safety.

Thank you,

School Health Services - Lorain County Public Health
Erin Gornall, RN, District Nurse
