Hawthorne Public School District: 3D Strategic Planning Visioning Session - Meeting #2

Hawthorne School District Mission Statement

The Hawthorne Public School District will provide a safe and challenging learning environment that develops the whole child academically, behaviorally, socially, and emotionally. In doing so, students are able to reach their maximum potential in a supportive and inclusive school community that welcomes all students, staff, and families to be their authentic selves. Hawthorne students are empowered to develop heightened communication skills, demonstrate knowledge of citizenship and economic responsibility, make meaningful connections and function successfully as active participants in a complex, changing global world community.

THINGS TO THINK ABOUT:

Time to DREAM!!

What are your aspirations & hopes for Hawthorne Public School students?

Think Ahead!

Five years from now:

What will be the characteristics, elements and opportunities of our ideal schools in Hawthorne, which will have resulted in such great success for our students and community?

What will our graduating students know, be able to do, and have become when they leave our school district?
