What do I do if my debit card declines or doesn't work?

Ensure you have activated the card and have logged into the online portal to accept your terms and conditions. Within your profile, confirm you have the correct and most recent card by verifying the last four digits. Check your balance and verify via your activity that there are no pending transactions you have not accounted for. If you are using the card at a retail pharmacy, ensure the item is coded as FSA eligible. Still unable to determine the cause? Once I request reimbursement, how long does it take for my funds to be available?

In general, if you have a bank account linked to your account this can take as little as 3 business days for the reimbursement to be posted. However, a check can take up to 7 business days to arrive. Reimbursement is dependent on if the claim documentation is approved for FSA and Commuter accounts.

How can I grant my spouse access to my account?

You may submit a Power of Attorney Form or an Authorized Representative Form. These forms can be found via the consumer portal or through your employer.

Can I use my FSA to pay for medical expenses for a spouse or dependent?

Yes, you may use your FSA funds without penalty to pay for qualified medical expenses for yourself, spouse, or dependent even if they are covered under another health plan. Please consult a qualified tax advisor for advice.

Flexible Spending Accounts (FSA)

What are the current IRS contribution limits for FSAs?

The IRS sets contribution limits annually. The 2024 maximum annual FSA contribution limits are as follows: Health FSA - \$3,200; Limited Purpose FSA - \$3,200; Dependent Care FSA - \$2,500 (married and filing separate) and \$5,000 (married or single parent). For Commuter Benefits, the IRS allows a monthly maximum of \$315 for transit and \$315 for parking in 2024.

How do I change my FSA payroll deduction amount?

FSA plans only allow changes to your election (that would in turn update your payroll amount) with a qualifying life event, such as the addition or loss of a qualifying dependent, or during your annual open enrollment period. Contact the Human Resources department at your employer for more information.

Will my FSA funds rollover at the end of the year?

Health FSAs are use-it-or-lose-it plans. Some FSAs offer a rollover feature that allows you to roll over up to \$610 of unused FSA funds into the following plan year. Check to see if your employer offers this option. It's important to plan accurately when selecting your contribution amount(s) and to ensure you know if your FSA plan allows a rollover.

Who qualifies as a dependent?

A person generally qualifies as your dependent for FSA purposes if you claim them as an exemption on your Federal tax return, even if they are covered under another health plan. Please see [IRS Publication 502](https://www.irs.gov/pub/irs-pdf/p502.pdf) (www.irs.gov/pub/irs-pdf/p502.pdf); for exceptions. Consult a qualified tax advisor for advice.
