								On October 13, 2023, applicant homeowner opened permit #202300961 to complete the whole house restoration umbrella permit #202300961 opened by Daigle & Son as General Contractor that was closed as of October 2023 (Daigle & Son's services were terminated September 8, 2023).	
The remaining work under permit #202300961, including the HVAC, plumbing and electrical work under separate permits associated with this umbrella permit, is expected to be completed Spring 2024 for the entire house except for certain basement rooms. As advised by Fred Falcone during a progress inspection at the home on December 20, 2023, it is planned that at the time that work is finished, permit #202300961 will be closed out, together with the relevant HVAC, plumbing and electrical permits.									
The purpose of this new application is to cover the remaining fixture and finishes work that will be open for these specific basement rooms and is still in the planning stages. The rooms are shaded in the attached architect's plan. They are a planned cinema, cinema hall, speakeasy, gym spa and billiard room.									
At the time permit #202300961 is closed out, again planned for Spring 2024, new permits for electrical or plumbing work, if there is any remaining to be done, will be taken out in connection with this new permit for these basement rooms.
