Iowa Department of Public Health Table of Reportable Communicable and Infectious Diseases

To report diseases immediately, use the 24/7 disease reporting telephone hotline: 1-800-362-2736

Reporting of the diseases below is required by Iowa Administrative Code (641) Chapter 1

OUTBREAK REPORTING IMMEDIATELY report to the department outbreaks of any kind, diseases that occur in unusual numbers or circumstances, unusual syndromes, or uncommon diseases.

Outbreaks may be infectious, environmental or occupational in origin and include food-borne outbreaks or illness secondary to chemical exposure (e.g., pesticides, anhydrous ammonia).

BIOTERRORISM REPORTING IMMEDIATELY report diseases, syndromes, poisonings, and conditions of any kind suspected or caused by a biological, chemical, or radiological agent or toxin when there is reasonable suspicion that the disease, syndrome, poisoning or condition may be the result of a deliberate act such as terrorism. Examples of these include (but are not limited to) anthrax, mustard gas, sarin gas, ricin, tularemia and small pox.

Report cases of the diseases listed in the following table to the department within the time frame specified in the When to Report column and by the reporting method in the How to Report column.

Diseases	When to	How to Report
A distance description description	Report	Normal American Article Bull and American Article
Acquired immune deficiency syndrome (AIDS) and AIDS-	7 days	Report by one of the following methods: Dense (F1E)242-5141 or (F1E)291-5619
defining conditions		Phone (515)242-5141 or (515)281-6918 Mail
		Health care providers: use the Pediatric or Adult Confidential Case Report form
		Laboratories: send copy of lab report or the Iowa Confidential Report of Sexually Transmitted
		Disease & HIV Infection. Mark envelope "Attention 03"
		For HIV/AIDS-related questions, call (515)242-5141
Anthrax (Bacilius anthracis)	Immediately	24/7 disease reporting telephone hotline: 1-800-362-2736
Botulism (including Infant Botulism) (Clostridium	Immediately	24/7 disease reporting telephone hotline: 1-800-362-2736
botulinum)		
Brucellosis (Brucella)	3 days	Phone, IDSS, fax or mail
Campylobacteriosis (Campylobacter)	3 days	Phone, IDSS, fax or mail
Chlamydia (Chlamydia trachomatis)	3 days	Report by one of the following methods: Secure electronic data system (as determined by the
		department)
		Fax (515)725-1278
		Phone (515)281-3031
		Mail
		Use the Iowa Confidential Report of Sexually Transmitted Disease
