

Title: Practicum Students

The District will cooperate with institutions of higher education in the preparation of future teachers, nurses and paraeducators.

The Superintendent shall, in coordination with, accredited colleges and universities, provide opportunities for placement of eligible practicum students and student teachers in district classrooms. All student teachers and practicum students will be supervised by a licensed teacher. A report shall be made annually to the Board regarding each participating institution of higher education, the number of participating District staff, and the practicum students involved.
