

Title: Student Organizations, Non-Curriculum Related – Regulation

The following statement shall be included in all student handbooks:

(NAME OF SCHOOL) offers a full array of curriculum related clubs and activities. The following are included:

(List all clubs and activities which are curriculum related.)

Equal access is also provided to non-curriculum related student initiated clubs and activities in accordance with applicable District policies and procedures. These organizations are neither approved nor endorsed by the school:

(List all non-curriculum related student groups, or state, “There are no non-curriculum related student organizations at the time of this printing.”)

Students who wish to start a non-curriculum related student organization should contact a building administrator for a formal application for facility use.

The School District application and facility access form shall be used by all schools to approve or disapprove all facility use applications for a student initiated non-curriculum related group which is neither endorsed nor approved by the Council Bluffs Community School District.
