

Title: Non-School Team Participation

Participation in school activities is a privilege. School activities provide the benefits of promoting additional interests and abilities in the students during their school years and for their lifetime.

Any student (grades 7-12) in the Council Bluffs Community School District who participates in school-sponsored sport programs may participate in a non-school-sponsored sport program during the same season.

Students wanting to participate in District activities must meet the requirements set out by the District and program for participation in the activity.

A student who chooses to give non-school participation priority over the school-sponsored sport programs may jeopardize his or her status or standing as a member of the school-sponsored sport program. The events should not disrupt the education program.
