

Title: Relations with Parent Organizations

The Board of Directors' encourages and supports the establishment and maintenance of a formal parent organization at each school building.

Administrators and employees of the District shall foster positive relationships with the parent organizations by seeking opportunities to work together to set and achieve common goals for the school. These relationships may be characterized by:

- joint planning and evaluation of programs
- the sharing of information and perspectives on the educational process and school operations
- the public promotion of school programs, activities and events
- the acquisition of funding for special purchases for the school
- the education of parents about the curriculum and teaching materials, child development and effective parenting and other mutual endeavors
