

Title I Newsletter

Hannah Pamplico Elementary/Middle School

A Title I Schoolwide School

2023 - 2024

Date of Distribution: September 1, 2023

Our school is a schoolwide Title I, Part A campus, and as a parent, you have the right to be involved in the planning, review, and improvement of the Title I program.

Purpose of Title I

Title I of the federal *Every Student Succeeds Act (ESSA)* legislation is a federal program that provides opportunities for the children served to acquire the knowledge and skills necessary to meet challenging state content standards.

Title I resources are distributed to schools where needs are the greatest, in amounts sufficient to make a difference in the improvement of instruction.

Title I coordinates services with other educational services and to the degree possible, with health and social services programs.

Title I provides great decision-making authority and flexibility within the school and for teachers. However, greater responsibility for student performance is the exchange made for this flexibility.

Components of a Title I Schoolwide Program

- A comprehensive needs assessment of the entire school is conducted annually.
- Schoolwide reform strategies provide opportunities for all children to meet the State's performance standards.
- Instruction is conducted by certified staff.
- Professional development is conducted on a continual basis throughout the year.
- Activities are conducted to increase parent and family engagement.
- Plans are included to provide transitional assistance from pre-school to elementary, from elementary to middle school, and from middle school to high school.
- Measures are taken to include teachers in decisions about assessment.
- Activities are conducted to ensure that students with learning difficulties receive assistance.

Parent and Family Engagement

Parent and family engagement is an integral part of the Title I program. Parents are encouraged to become partners in helping their children achieve and become actively involved in all aspects of the process of the Title I program, from the writing of the plan to its implementation and evaluation.

A strong connection between the home and the school is a key element in student success. Materials, strategies, and help from teachers are available to all parents within a Title I school. Opportunities for active parent participation should include, but not be limited to virtual open house, parent workshops, school-parent compacts, home visitation, parent-teacher organizations, conferences, monthly newsletters, and more.

The *Every Student Succeeds Act* legislation requires schools to utilize a portion of their Title I funds to support parent and family engagement. Parents should contact the school principal with any comments or suggestions regarding the school's parent and family engagement expenditures.

Parent and Family Engagement Policy and Home-School Compact

Title I schools are required to ask for input from parents regarding the development of a parent and family engagement policy and a home-school compact.

The parent and family engagement policy (PFEP) explains how the school plans to work with parents to review and improve parent programs and describes how parents can participate in planning these programs. A final copy of our PFEP is available for review in our front office.

The home-school compact outlines how parents, the entire school staff, and students will share the responsibility for improved student academic achievement and the way in which the school and parents will build and develop a partnership to help children achieve the State's high standards.

Title I Participation and Feedback

Hannah-Pamplico Elementary/Middle School continually monitors the implementation of the Title I plan and welcomes input from parents, school staff, and community members regarding its current and future Title I plans. If you would like to participate on the school's Title I planning team or make comments on the plan, please contact Legrande Richardson at 843-493-2502 or Kawanna McKenzie at 843-493-2061. Thank you!

Description & Explanation of Curriculum, Forms of Academic Assessment, and Proficiency Levels Students Are Expected to Meet

Our school provides a high-quality curriculum based upon the South Carolina Curriculum Standards. This curriculum has been approved by the South Carolina Board of Education and adopted by the FCSD2 Board of Trustees. Textbooks used in the classrooms have been reviewed by a committee of teachers and adopted and endorsed by the State Department of Education. Specific educational programs in each school are targeted to meet the identified needs of the children in the school.

Our school administers a variety of standardized assessments to its students. The SC Ready, and SC PASS are part of the state assessment program given to students in grades three through eight and measures student performance on the state standards. Children in prekindergarten take myIGDIs and DIAL 4 assessments and kindergarten take the Kindergarten Readiness Assessment (KRA) assessment to determine their readiness for school. To monitor student progress throughout the year, students in kindergarten through eighth grades are given the iReady Diagnostic and other teacher-prepared and textbook-provided assessments.

Based upon requirements of *Every Student Succeeds Act (ESSA)*, all students in grades three through eighth are expected to meet proficiency on all assessments. To assist parents in monitoring their child’s progress, reports are sent home at the end of each nine-week period to all students, grades PreK-8. A progress report is sent home approximately four weeks into the quarter to notify parents of how their student’s academics are moving along. If, at any time, you would like to speak to your child’s teacher about their progress and/or grades, please schedule an appointment to speak with the teacher by calling the school at 843-493-2061.

Parent’s Right to Know

As a parent of a student enrolled at Hannah-Pamplico Elementary/Middle School, you have the right to know the professional qualifications of the classroom teachers and instructional assistants who instruct your child. Federal law allows you to ask for the following information about your child’s classroom teachers and requires the District to give you this information in a timely manner:

- whether the teacher/assistant is certified to teach the subjects and/or grade levels they are teaching,
- whether the teacher’s certificate is a waiver or substandard certificate,
- the teacher’s/assistant’s academic major, graduate degrees, if any, and
- the teacher’s/assistant’s certification area.

If you would like to receive this information, please call Angela Tanner at 843-493-2061.

South Carolina Department of Education Complaint Resolution Procedures

The State Department of Education (SDE) has the authority to hear complaints and appeals regarding certain federal programs and requires school districts to distribute the following information concerning the South Carolina Department of Education’s complaint resolution procedures:

- Organizations or individuals may file a complaint that applies to Title I within thirty days of receiving the decision by the school district or group of districts.
- Complaints and appeals must be made in writing and they must contain a statement indicating the violation, the facts on which the statement is based, and the specific requirement of law or regulation allegedly violated. Complaints and appeals must be filed with the State Superintendent of Education at the S.C. Department of Education, 1429 Senate Street, Columbia, South Carolina 29201.
- The SDE will confirm receipt of the complaint within ten business days and will conduct an investigation to determine the merits of the complaint. The Deputy Superintendent will issue a final decision regarding the complaint within 60 days, except under exceptional circumstances that warrant an extension.
- The final decision of the SDE may be appealed to the Secretary of the U. S. Department of Education.

Title I Expenditures for 2023-2024

The *ESSA* legislation includes provisions for all children to meet proficiency on all assessments for the 2023-2024 school year. To aid in reaching this goal, activities were included in the school’s Title I plan. This plan was jointly developed by the members of the school’s Title I planning team at the end of the 2023-2024 school year.
