

Welcome! We're PlanConnect - Your Employer's 403(b) and 457(b) Plan Administrator

Your plan sponsor, Park Ridge Board of Education, selected PlanConnect® as the third-party administrator for its 403(b) and 457(b) Plans. We are excited to be working with Park Ridge Board of Education and are committed to providing you with information, tools, and resources you can use to help get the most out of the plan.

Your Employer's 403(b) and 457(b) Plans are a Valuable Benefit

Whether you are just starting out or have been working many years, the 403(b) and 457(b) Plans can be an excellent way to help you build up your retirement savings. Just log in to www.planconnect.com and select "Log Into Your Account". Or, you can contact PlanConnect at the phone number indicated in the last section of this notice. The change will take effect at the start of the payroll period following the date your Payroll Department processes your request.

Your user ID is your Social Security Number (without any spaces or dashes) and your password is your date of birth (mmddyyyy). You can change your user ID and password any time after your initial login.

Each year the IRS sets a limit on how much you can contribute

The current year elective deferral limits can be found at www.PlanConnect.com/limits. You may also make “catch-up” contributions if you will be age 50 or older by December 31st of this year. And, under certain conditions, additional catch-up contributions may be permitted. For more information, log in to www.planconnect.com and select “References > Plan Information > Your Plan Features”.

Not sure how much you can contribute? Use our contribution calculator. It's on www.planconnect.com under “Learning Center > Tools & Calculators” (no login needed).

Each year the IRS sets a limit on how much you and your employer combined can contribute

The maximum Defined Contribution Plan (including employee deferral and employer contributions) annual limit for all contribution types can be found at www.PlanConnect.com/limits. However, certain participants (such as those who are at least age 50) may have a higher limitation, if provided for under the Plan.

All of your contributions and your employer's contributions to the plan must be aggregated. In certain circumstances under a 403(b) Plan, they must also be aggregated with other “qualified retirement plans” to determine whether they are within the maximum annual contribution limits under the law. Therefore, if you meet all of the conditions below, the Internal Revenue Service requires that you contact the Plan Administrator (employer) or Third Party Administrator (TPA), PlanConnect, to determine whether or not you have or will exceed your maximum annual contribution limit. *Failure to provide the Plan Administrator or TPA with certain necessary and correct information may result in adverse tax consequences, including your inability to exclude the amounts contributed to this Plan from your taxable income.*

You must notify the Plan Administrator or TPA, PlanConnect, if you meet **all** the following conditions:

You make contributions to this Plan, you are “in control” of another company, and the other company maintains a “qualified retirement plan” and makes contributions to your account.

What does it mean to be “in control” of another company?

For you to be considered “in control” of another business, you generally must have a significant ownership interest in the other business. Determining whether you are “in control” of another business is complicated. Your tax advisor can assist you in making this determination.

Example: You are a doctor or professor that participates in this Plan and you also own more than 50% of a private practice or consulting business. You are considered to be “in control” of the outside business.

What types of retirement plans fall within the meaning of a “qualified retirement plan”?

For this purpose, a “qualified retirement plan” includes certain defined contribution plans that receive special tax benefits under the Internal Revenue Code. These include defined contribution plans that qualify under Code §401(a) (such as a profit sharing, 401(k) or money purchase plan), another 403(b) plan, or a simplified employee pension (SEP) plan.

What amounts are counted for purposes of determining whether you exceed the maximum annual contribution limit?

The following amounts are counted towards the maximum annual contribution limit:

- ☐ Employer contributions (including matching contributions and SEP contributions)
- ☐ Salary deferrals
- ☐ After-tax contributions
- ☐ Certain other amounts allocated to your account (this does not include earnings or rollover amounts)

The following applies to all participants in the Tax-Sheltered Annuity (TSA) and / or Custodial Account (CA) Program:

1. Federal Contribution Limits: Contributions are subject to annual limits determined under Internal Revenue Code (IRC) sec. 402(g) and 415(c). To learn more about this year's Federal Contribution Limits, go to <http://www.planconnect.com/limits>. These limits may be indexed annually based on the Consumer Price Index. The IRS publishes the limits in the last quarter of the year for the following year.

If you have 15 years of employment with your current employer, you may be eligible to contribute an additional \$3,000: contact PlanConnect to determine if you are eligible. Your contribution limit is **reduced** dollar for dollar by any voluntary contribution you make to another 403(b), 401(k), Federal Thrift Savings, salary reduction SEP, or SIMPLE plan. Contributions to a 457 (Deferred Compensation) plan or to a traditional or Roth IRA do **NOT** affect your contribution limit. To learn more about the different types of contributions go to <https://www.irs.gov/Retirement-Plans/Plan-Participant-Employee/Retirement-Topics-Contributions>.

2. Investment Responsibility: You are responsible for your investment decisions. This responsibility includes informing yourself of the nature and risk of the investments, monitoring your investments, and determining when a change in investments is appropriate. Your employer and PlanConnect are in no way liable for gains or losses you may incur in your account(s).

3. Authorized Investment Providers: As long as your current employer employs you, you may make contributions only to investment providers and products authorized under this 403(b) program. You may change your future contributions to a different authorized investment provider, or exchange all or a portion of your account balance to any other approved investment provider, if permitted by your plan and subject to approval and any contractual surrender charges or redemption fees.

4. Withdrawals and Loans: Generally, you cannot withdraw or roll over your account balances before you attain age 59 ½, terminate employment, die, or become disabled. Your account balances may be assigned to your alternate payee as ordered by a court under a Qualified Domestic Relations Order (QDRO). Loans and hardship withdrawals, as limited by IRS regulations, are subject to approval if permitted by your 403(b) Plan provisions. Other withdrawals, if permitted under the plan, may also be subject to approval. Tax penalties may apply to distributions before age 59 ½. You are entirely responsible for all loans and withdrawals and any resulting tax liabilities.

5. Salary Reduction Agreement (SRA) Termination: To stop your contributions, you must file a new copy of the SRA with your employer and PlanConnect. If you terminate employment, your SRA terminates automatically after your last check is paid. If you later return to work, you must file a new SRA to resume contributing. **Your employer reserves the right to suspend or terminate a participant's SRA** if it believes that the participant has **over contributed, terminated the account with the elected investment provider**, or is in violation of any applicable federal requirement or any term of this agreement.

6. Required Distributions: After you retire, you must take minimum distributions from your account(s), generally beginning no later than age 70 ½ or 72 for those who turned 70 of July 1, 2019 or later. You do not need to take Required Minimum Distributions from your account(s) as long as you are still working for your current employer and the plan permits it, even though you may be over age 70 ½ or 72, as applicable.

7. Effective Date: The effective date of this agreement is dependent upon your employer's full execution of this request. Generally, this occurs within 2 pay cycles following the employer's receipt of this form, unless a later date is designated on this form.

8. Corrections: It is your responsibility to verify that this agreement has been accurately processed by comparing it to your earnings statement. Contact your Payroll Administration Department immediately if you find any discrepancy. In volatile markets, the value of your contribution may decline over time.

9. Fees: PlanConnect provides services to the Plan for a fee. The Plan Sponsor may elect to collect the fees from the Investment Providers or Plan Participants.

10. Employer Contributions: You understand that you do not have the option to take employer contributions as cash or in any other form of payment and that you can only select investment providers for such contributions.

To learn more about the different types of contributions go to <https://www.irs.gov/Retirement-Plans/Plan-Participant-Employee/Retirement-Topics-Contributions>.

2. Investment Responsibility: You are responsible for your investment decisions. 4. How to Begin, Change or Stop Contributions

How to Begin, Change or Stop Contributions

Important Information — Read This First!

Why Should I Save for Retirement?

Retirement is life's biggest expense. It will cost more than your child's tuition or even your home.

Retirement can span up to a third of your lifetime. It is much like saving for a 25 to 35 year vacation.

It's easy to get caught up in the demands of today and forget about tomorrow. But to afford an expense of this magnitude, you need to start planning and saving right away. There is no better time than the present to save for your retirement.

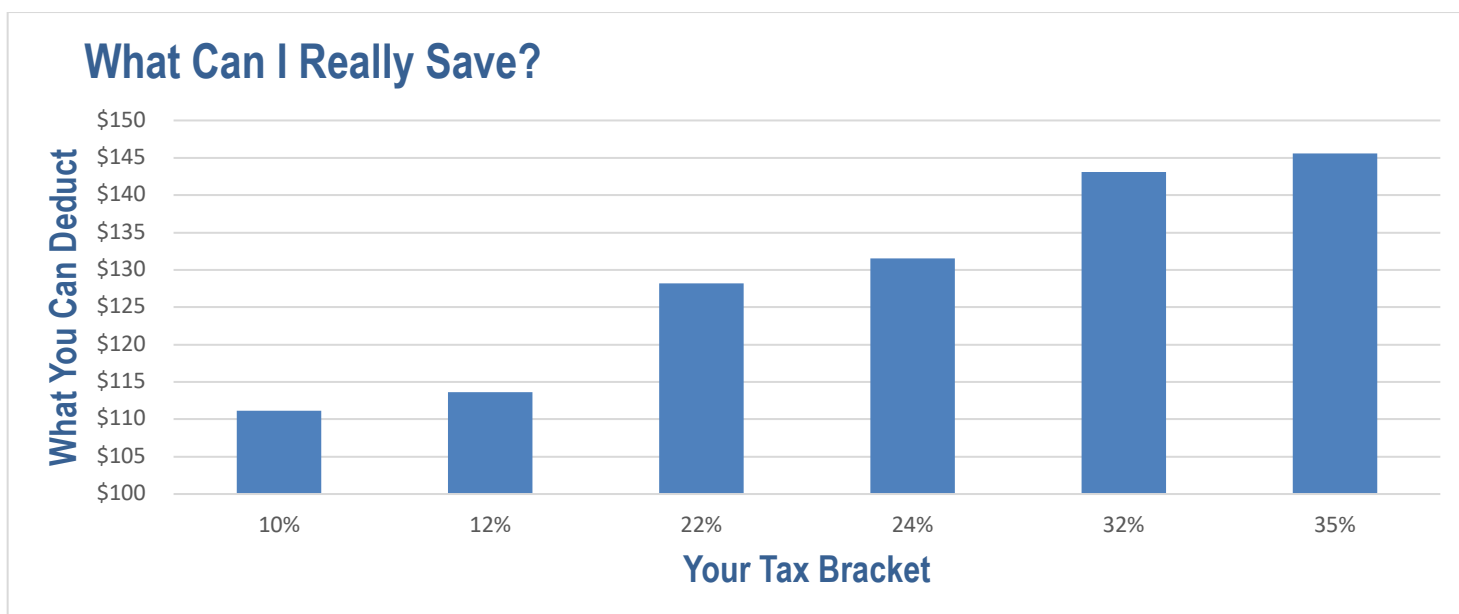

Enrolling in your retirement plan is a great step in shaping how you will live during your years to come.

Contributing to your plan can be done easily through payroll deductions — which are most often pre-tax, although some plans offer Roth deductions. Check with PlanConnect® or your plan administrator for more details.

What Is a Pre-tax Payroll Deduction?

A pre-tax payroll deduction is a deduction from your gross wages that reduces taxable income. In other words, you do not pay income tax on the pre-tax money that is deducted from your paycheck, which means you can save more with less impact to your take-home pay.

Let's say you want to reduce your take home pay by a \$100. Let the pre-tax deduction work in your favor and save more for your retirement.

How to Take a Loan

How to Take a Loan

Important Information — Read This First!

Can I Take a Loan from My Retirement Account?

You can take a loan from your account if your retirement plan has a loan feature and your investment provider permits loans. There are, however, restrictions about when and how much you can borrow. Please review your employer's retirement plan document and investment provider's contract for restriction details.

What Should I Consider Before Taking a Loan?

- If you borrow from your retirement plan account, the money you borrow is no longer invested; you are therefore missing a potential opportunity for your investments to grow.
- Interest is charged on the loan per the IRS guidelines.
- Your loan must be repaid within a five-year period. If the loan is used towards purchasing your principal residence, you may be allowed to exceed the five-year repayment period.
- Payments on loans are required no less frequently than quarterly, with both principal and interest amortized the repayment period.
- If a loan payment is not made, the entire outstanding loan balance is considered in default. Defaulted loan balances are reported as distributions. You will owe federal and state (if applicable) income taxes along with a 10% early distribution penalty if you are under 59½ years of age.
- Additional loans are not permitted if there's an outstanding defaulted loan, unless the employer permits loan payments to be deducted from payroll or you first repay the prior defaulted amount and accrued interest.

How to Take a Withdrawal

Taking a Withdrawal

Important Information — Read This First!

Can I Withdraw Funds from My Account?

You can take a withdrawal but restrictions and penalties may apply.

The taxable portion of your withdraw may be subject to a mandatory federal withholding; it could be as much 20%.

If you are under the age of 59½ or (depending on your plan provisions) 70½:

- Some or all of your funds may be restricted and only withdrawn for certain situations, such as:
 - Financial hardship
 - Unforeseen emergency
 - If you are disabled
- The IRS may impose a penalty on your withdraw. In most cases it is 10% of the withdrawal amount.

What Should I Consider Before Taking a Withdrawal?

Withdrawing from your account leaves you less money for retirement. As previously mentioned, if you are taking an early withdrawal there may be IRS penalties and withdrawal restrictions. In addition to the IRS penalties, there may be mandatory 20% federal income tax withholding requirement; when you file your incomes taxes you may owe more than 20% depending on your tax bracket.
