MEMORANDUM

TO: Board of School Trustees
School Board of Finance

FROM: Amanda Brackett, Chief Financial Officer/Treasurer

DATE: January 10, 2024

SUBJECT: Disposition of Outstanding Checks

The Business Office is requesting permission to dispose of outstanding checks that were written in calendar year 2021 and are unpaid as of December 31, 2023.

Periodically, the Deputy Treasurer reviews the list of outstanding checks and contacts employees or vendors to determine if the check was misplaced and if they would like the check replaced. Any checks written in 2021 and outstanding as of December 31, 2023, are void per Indiana Statute as explained below and must be removed from our financial records.

The School Corporation operated under the following statutory procedure for checks as found in IC 5-11-10.5:

1. Any check outstanding and unpaid for two years as of December 31st of each year is cancelled. Financial institutions may not honor any check presented for payment. Our corporation checks have this two-year limitation on them.
2. The Treasurer should notify the Board of Finance (School Board) of any outstanding checks that are more than two years old as of December 31st of the preceding year, by March 1st of each year.
3. Tippecanoe School Corporation will receipt the checks back into the fund from which they were drawn. If the fund no longer exists, we will deposit it into the Education Fund.
4. If, in the event a cancelled check is presented to the Treasurer within a reasonable amount of time, a new claim can be honored, without appropriation, if the claim is found to be in order. The statute is silent regarding approval of the School Board for a recovery claim. It is our intention to present any claim for payment to the School Board with notation about the circumstances.
5. All stale checks are submitted to the Indiana Attorney General's Office for payment through Indiana Unclaimed.

BOARD APPROVAL NECESSARY FOR DISPOSITION OF OUTSTANDING CHECKS.

Tippecanoe School Corporation Bylaws & Policies

6144 - INVESTMENT INCOME

The School Board authorizes the Treasurer or Deputy Treasurer to make investments of available monies from the several funds of the Corporation in:

- A. bonds, bills, or notes of the United States; obligations, the principal and interest of which are fully guaranteed by the United States; or obligations of the State;
- B. certificates of deposit issued by financial institutions organized and authorized to operate in this State.

The purpose of the investments is to maximize the returns on the Corporation's excess cash balances consistent with safety of those monies and with the desired liquidity of the investments.

Investments in US Treasury securities and those other securities completely guaranteed by the Treasury as to payment of principal and interest may be purchased in any dollar amount up to 100% of the available reserves.

The Treasurer is authorized to contract with a depository for the operation of a cash management system under the following conditions:

- A. the contract is in writing
- B. the contract provides for the investment of funds by the depository with the written approval of the Treasurer/Deputy Treasurer
- C. the depository keeps all records concerning investment cash management
- D. the investments are made in accordance with State law with maturities not to exceed two (2) years
- E. the contract, which cannot exceed two (2) years, is awarded using the Corporation's bidding procedure

The Treasurer shall include in the monthly report to the Board all cash in all accounts on deposit as well as the investment assets of the Board.

Money in the several funds of the School Corporation may be commingled for the purpose of making an investment. The Treasurer may also join with other school treasurers and/or the regional service region for the purpose of investing Corporation funds. S/He shall account for such investments separately.

The Board may authorize the Board's investing officer to invest in certificates of deposit from depositories that have been designated by the State Board of Finance as a depository for State funds under IC 5-13-9-5 but have not been designated by the Corporation's Board of Finance established by Board Bylaw 0151.1. This authorization shall be in the form of a resolution approved by the Board. Such resolution must provide that the authority to invest in these certificates of deposit granted by the resolution expires on a date that is not later than two (2) years after the date of the Board's vote adopting the resolution.

****NOTICE****

School fund structure was modified in 2019. The General Fund, Capital Projects Fund, Transportation Fund, Bus Replacement Fund and certain specialty operating funds were eliminated and replaced with an Education Fund and an Operations Fund. Additional updates also were made to the chart of accounts at that time.

It is important to note that many funds have specific purposes as required either by State statutes or State or Federal grant requirements. As such, a school corporation's ability to transfer between funds or utilize fund balances and revenue for uses other than the purposes directed for a particular fund may be restricted.

For description of funds included by fund classification, please refer to the Data Sources document - <https://www.in.gov/duab/files/School-Corporation-Fiscal-Indicators-Data-Sources.pdf>

***NOTE: Fund Balances do not include Investments Outstanding as of December 31 of the calendar year listed. To access this information, view the Summary of Investments on the Indiana Department of Education's Finance Dashboard (<https://eddata.doe.in.gov/PublicHome>).**

Average Daily Membership ("ADM")

ADM is the number of eligible students enrolled in a school corporation on a particular day ("count day") designated by the State Board of Education. ADM is utilized in the State funding formula to determine the amount of tuition support that the State of Indiana will provide to the school corporation. Increasing or decreasing ADM will impact the amount of funding available to the school corporation.

Since 2014, two count days have occurred - one in September and one in February. For all years displayed but 2018 and 2019, tuition support was adjusted based on each count. For years 2018 and 2019, the February count did not impact tuition support, but the counts are displayed on this indicator for informational purposes.

Beginning with the fall count date for the 2019-2020 school year, school corporations differentiated between students that receive instruction in-person and students that receive instruction virtually. The level of tuition support differs for those students attending virtually. For the 2020-2021 school year, students receiving instruction virtually due to COVID-19 are included in the in-person count for the purposes of this indicator, as tuition support funding for these students is the same as students attending in-person.

****NOTICE****

School fund structure was modified in 2019. The General Fund, Capital Projects Fund, Transportation Fund, Bus Replacement Fund and certain specialty operating funds were eliminated and replaced with an Education Fund and an Operations Fund. Additional updates also were made to the chart of accounts at that time.

It is important to note that many funds have specific purposes as required either by State statutes or State or Federal grant requirements. As such, a school corporation's ability to transfer between funds or utilize fund balances and revenue for uses other than the purposes directed for a particular fund may be restricted.

For description of funds included by fund classification, please refer to the Data Sources document - <https://www.in.gov/duab/files/School-Corporation-Fiscal-Indicators-Data-Sources.pdf>

***NOTE: Fund Balances do not include Investments Outstanding as of December 31 of the calendar year listed. To access this information, view the Summary of Investments on the Indiana Department of Education's Finance Dashboard (<https://eddata.doe.in.gov/PublicHome>).**

Average Daily Membership ("ADM")

ADM is the number of eligible students enrolled in a school corporation on a particular day ("count day") designated by the State Board of Education. ADM is utilized in the State funding formula to determine the amount of tuition support that the State of Indiana will provide to the school corporation. Increasing or decreasing ADM will impact the amount of funding available to the school corporation.

Since 2014, two count days have occurred - one in September and one in February. For all years displayed but 2018 and 2019, tuition support was adjusted based on each count. For years 2018 and 2019, the February count did not impact tuition support, but the counts are displayed on this indicator for informational purposes.

Beginning with the fall count date for the 2019-2020 school year, school corporations differentiated between students that receive instruction in-person and students that receive instruction virtually. The level of tuition support differs for those students attending virtually. For the 2020-2021 school year, students receiving instruction virtually due to COVID-19 are included in the in-person count for the purposes of this indicator, as tuition support funding for these students is the same as students attending in-person.
