

**Moore Public Schools
Device Protection Plan**

The Moore Public Schools *Device Protection Plan (DPP)* has been established to give parents the option to purchase protection covering the repair or replacement costs of a district issued device. Families are strongly encouraged but not required to participate in this voluntary program.

The cost for the protection plan, during the 2023-2024 school year will be \$50 per student. **Please note this cost will be adjusted for those who complete the application and qualify for free/reduced lunch.** The cost will not be more than \$50 per student and may be as low as \$10 per student. Additional discount consideration will be given to those families who have more than one student participating in the Device Protection Plan.

Payments for the Device Protection Plan can be made by going to WWW.MvPaymentsPlus.com.

This plan will be in effect until June 30th, 2024.

**This plan does not cover lost devices; only damaged or stolen devices.
STOLEN CLAIMS MUST BE SUBMITTED WITH A POLICE REPORT.**
