Community Support Services

District Five
OF LEXINGTON & RICHLAND COUNTIES

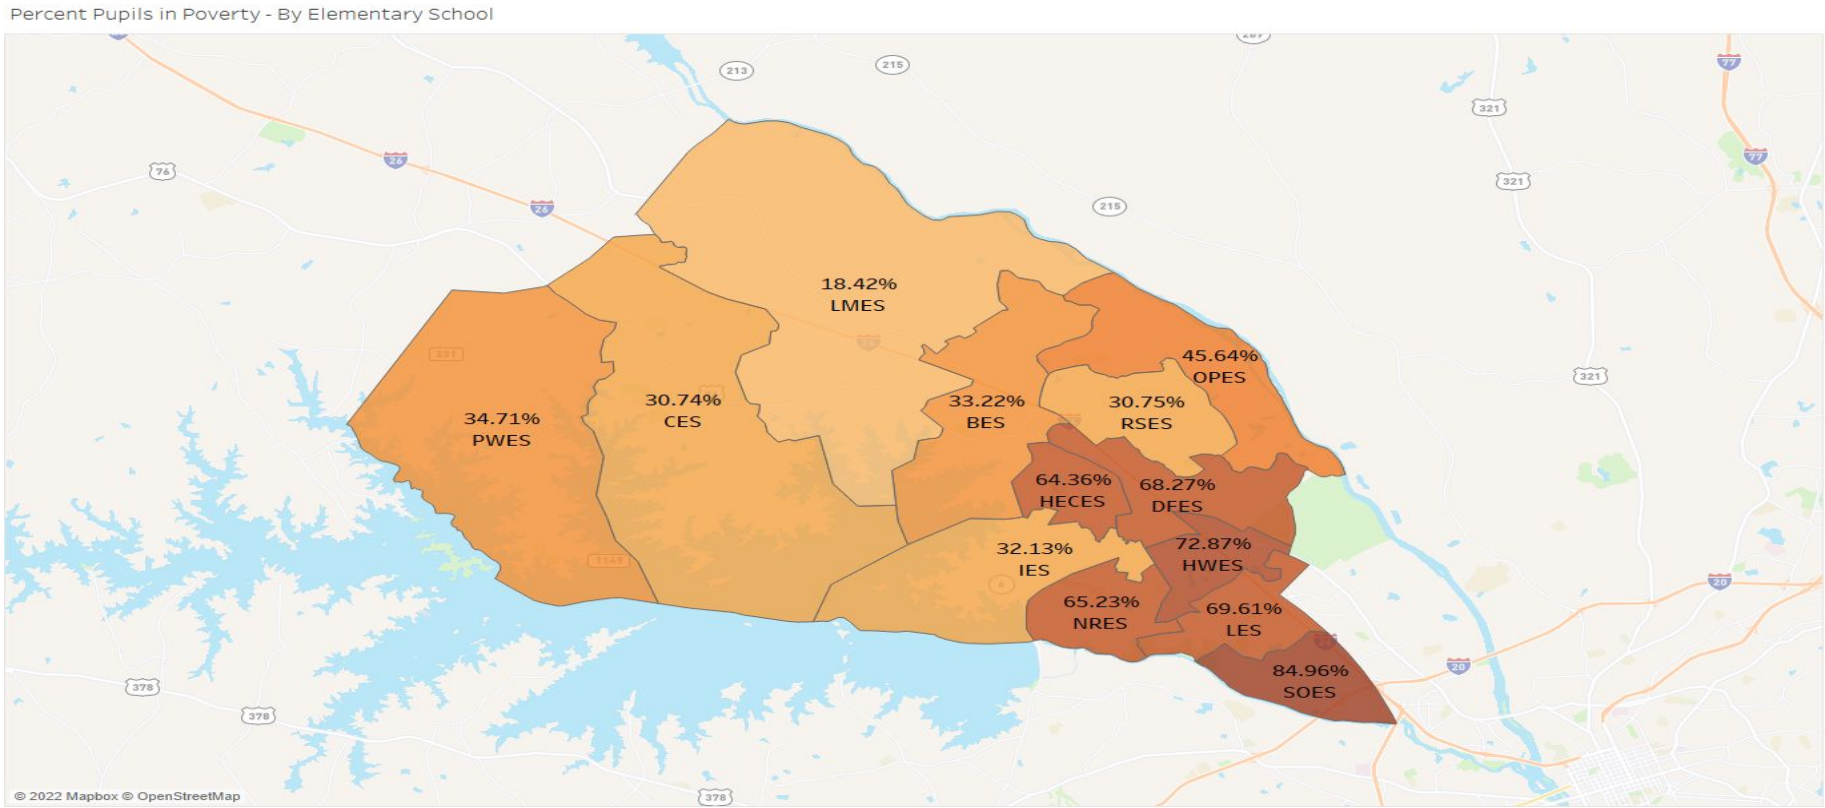

The relationship between poverty and academic achievement

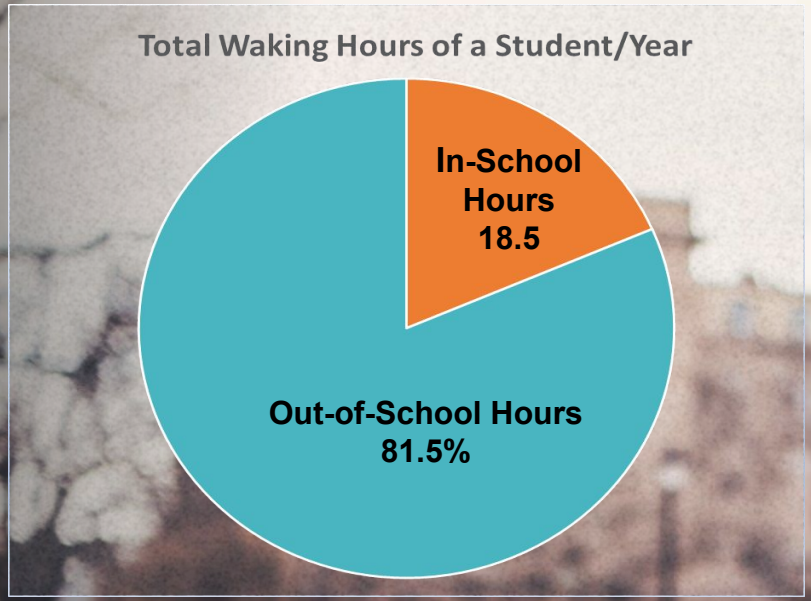

As a nation, only 3.2% of children living in persistent poverty finish college by age 25 (Urban Institute, 2015).

Percentage of Pupils in Poverty by Elementary Zones

Students spend 4x the hours out-of-school than in school.

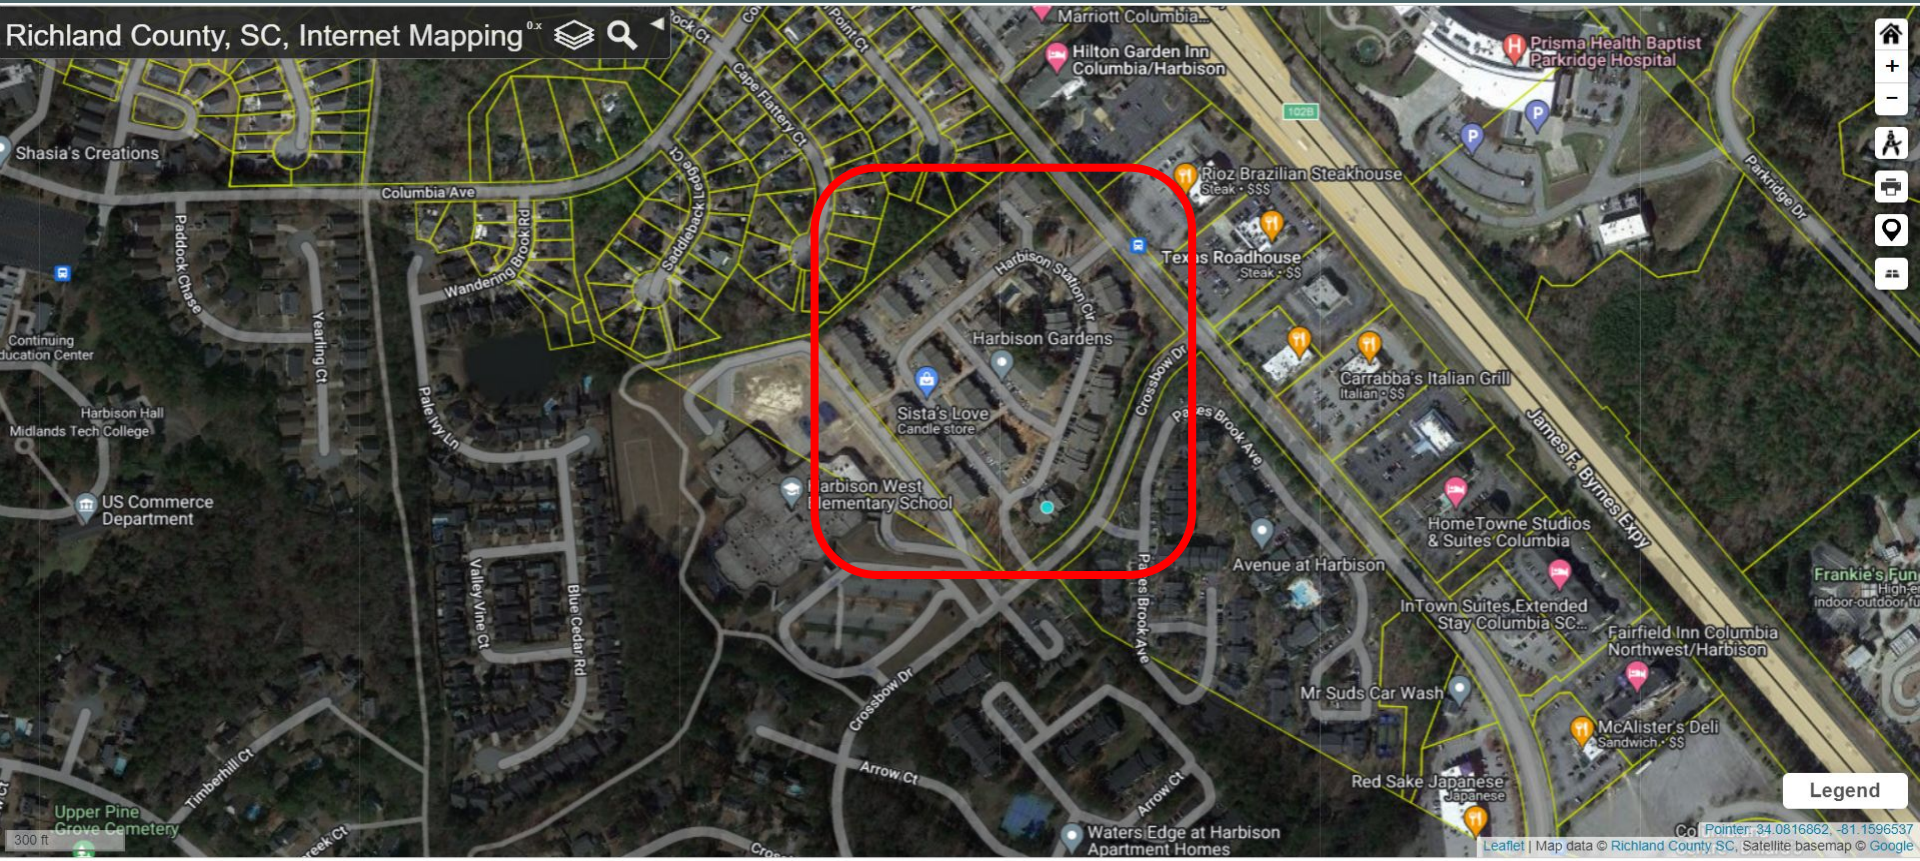

The environmental impacts of the 80% out of school time, determine the academic outcomes in the 20% in school time.

The goal of the Community Support Service is to provide access to key resources such as safety, recreation, academic and arts enrichment.

A 50% increase in after-school programs yields a 70% decrease in juvenile arrests

D5 partnered with Harbison Gardens Apartments as the site of the the District Five Community Support Services. We have a signed MOA with WISHROCK Housing Partners and NHE Management, Inc. to begin July 1, 2023.
