Themes and Activities

We are finishing our STEM Unit on building structures in Fairytales this month. Our final activity for this theme will be to complete our gingerbread house (designed from a giant box) as we explore what it means to be an architect and practice our measuring, designing, and critical thinking/problem solving skills.

We will be working on the letters J, K, L, and M. In math we will continue to explore measuring and the numbers 9, 10, and 11. We are counting groups of items up to 10 accurately and while using ten frames.

Other themes we will explore in our learning are melting (states of matter), hibernation, penguins, and hot cocoa.

Dates to Remember

- Closed Dec. 25th-26th, January 1st-2nd.
- Dec. 27th-29th We are in the Berkshire Elementary Building.
- Closed January 15, 2024 (MLK Jr Day)

Reminders and Announcements

Next week we will be sending home a mid-year developmental screening called the Ages and Stages Questionnaire (ASQ-3). It involves filling out a questionnaire that we will send home via your child’s take-home folder.

Please look for more information via email and Dojo messaging. The results will be shared with families in a report and individually during spring conferences (April 15, 2024).
