

Teaching & Learning

“The word "education" comes from the root *e* from *ex*, “out,” and *duco*, “I lead.” It means a leading out. To me education is a leading out of what is already there in the pupil's soul.”

— Muriel Spark

“I'm more interested in arousing enthusiasm in kids than in teaching the facts. The facts may change, but that enthusiasm for exploring the world will remain with them the rest of their lives.”

— Seymour Simon
